## SAFETY GUIDELINES

### **WARNING: Tip-Over Hazard**

Always secure the desk to the wall when using it with heavy items or in homes with children or pets to prevent tip-over hazards. Use appropriate wall anchors and fasteners for your wall type. Failure to do so can result in serious injury or death.

- Do not overload the desk. Refer to the "Specifications" section for weight capacities.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts and packaging materials away from children and pets during assembly.
- Assemble the desk on a soft, clean surface to prevent scratches.
- Do not stand or sit on the desk.
- Use only the provided components and hardware. Do not substitute parts.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Computer Desk with Charging Station (Main Desk Frame, Desktop, Drawer Panels, Side Panels, Back Panels, Drawer Slides, etc.)
- 1 x Instruction Manual
- Hardware Pack (Screws, dowels, cam locks, cam bolts, handles, foot pads, power cord, etc.)

*Note: Specific quantities of each hardware item will be detailed in the assembly diagrams within the included instruction manual.*

## ASSEMBLY INSTRUCTIONS

---

Assembly typically requires two adults. Please follow the steps carefully. A Phillips head screwdriver and a hammer (not included) may be required.

1. **Unpack and Identify Parts:** Carefully unpack all components and hardware. Lay them out on a clean, soft surface to prevent scratching. Refer to the parts list in the included paper manual to identify each piece.
2. **Assemble the Side Panels:** Attach the drawer slides to the designated side panels using the provided screws. Ensure they are oriented correctly.
3. **Construct the Drawer Boxes:** Assemble the drawer panels to form the drawer boxes. Secure with screws and dowels. Attach the remaining drawer slides to the drawer boxes.
4. **Attach the Desktop:** Secure the desktop to the assembled side and back panels using cam locks and cam bolts. Ensure a snug fit.
5. **Install the Drawers:** Carefully slide the assembled drawers into their respective compartments, aligning the drawer slides.
6. **Attach Handles and Foot Pads:** Secure the drawer handles to the drawer fronts. Attach the non-slip foot pads to the bottom of the desk legs to protect your floor.
7. **Connect Charging Station:** Ensure the integrated charging station is securely fitted into its designated slot on the desktop. The power cord should extend from the back of the desk.
8. **Final Check:** Verify that all connections are secure and the desk is stable.

## CARE AND MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood finish.
- **Heat and Moisture:** Avoid placing hot items directly on the desk surface. Use coasters for drinks to prevent water rings.
- **Sunlight Exposure:** Prolonged exposure to direct sunlight may cause fading or discoloration.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as needed to maintain stability.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Desk is wobbly/unstable.	Screws are loose; uneven floor.	Tighten all assembly screws. Adjust foot pads if applicable, or place shims under legs on uneven surfaces. Ensure desk is secured to the wall.
Drawers do not slide smoothly.	Drawer slides misaligned; debris in slides.	Check alignment of drawer slides during assembly. Clear any debris from the slide tracks. Ensure drawers are not overloaded.
Charging station not working.	Not plugged in; power outage; faulty device.	Ensure the desk's power cord is securely plugged into a working wall outlet. Check if the wall outlet has power. Test with a different device. If issues persist, contact customer support.
Missing parts or damaged components.	Shipping damage; packaging error.	Do not proceed with assembly. Contact Giantex customer support immediately with your purchase details.
