Mopio Blake 4-Piece Entertainment Center Instruction Manual

MODEL: MP-PB-BLK3001

1. Product Overview

The Mopio Blake 4-Piece Entertainment Center is a modular furniture system designed for living spaces. It features a modern farmhouse aesthetic with a two-tone color contrast, arch designs, and brass handles. This unit includes two tall display cabinets and two 3-drawer dressers, offering versatile storage and display options for various items, including televisions up to 65 inches.

Image 1.1: Fully assembled Mopio Blake 4-Piece Entertainment Center in Black Oak, featuring a central TV stand flanked by two tall display cabinets and two 3-drawer dressers.

2. Key Features

- **Classic Modern Farmhouse Design:** Enhances visual appeal with two-tone color contrast, trendy arch design, and chamfered edges. Elevated details like accent brass handles, recessed panel frames, and natural wood grains create a timeless and inviting space.
- **Modular Design:** A combination of two tall acrylic cabinets and two 3-drawer dressers forms a large entertainment center. This design adapts to changing needs and can be expanded with other pieces from the Blake Collection.
- **Versatile Configuration:** Can be taken apart and used as a sideboard, bookcase, nightstand, or tall bar cabinet. Includes cable management holes to keep wires tidy.
- **Ample Storage:** Features six deep, smooth-closing drawers and 20 compartments with adjustable shelves for effortless organization.

- **Display Features:** Heavy-duty, scratch-resistant acrylic doors with a trendy arched design and open shelving allow for stylish display of possessions.

3. Dimensions and Load Capacity

The Mopio Blake Entertainment Center is designed with specific dimensions and load limits to ensure stability and functionality. Please adhere to these guidelines for safe use.

- **Overall Product Dimensions:** 15.6"D x 126"W x 77.5"H
- **Maximum Top Load:** 100 lbs
- **Maximum Drawer Load (each):** 30 lbs
- **Maximum Shelf Load (each):** 15 lbs

Dimensions and Load

Max. Load

Top 40lbs | Each Shelf 15lbs

Please be aware that measurements stated may vary up to 0.5 inches due to mass production and allocate for 0.5 inches difference when measuring before purchase.

4. Safety Information

Your safety is a priority. This product complies with ASTM F2057-23 standards and includes features to prevent tipping.

- **ASTM F2057-23 Compliant:** This unit meets safety standards for stability.
- **Anti-Tipping Kit:** An anti-tipping kit is included to securely anchor the unit to the wall, preventing accidental falls. Installation of this kit is mandatory for safety.
- **Drawer Interlocking Mechanism:** Drawers are equipped with an interlocking mechanism that allows only one drawer to be extended at a time. This design prevents the unit from becoming top-heavy and tipping over when multiple drawers are open.
- **Grounded Heavy Base:** The unit features a robust, grounded heavy base for enhanced stability.

Your Safety, Our Priority

ASTM F2057-23 [STURDY] compliant

Interlocking mechanism for 1 drawer to be extended at a time to prevent tipping

Grounded Heavy Base

Image 4.1: Detail of the drawer's interlocking mechanism, which ensures only one drawer can be opened at a time for safety.

Image 4.2: Illustration of the anti-tipping kit, showing the wall anchor and securing bracket for enhanced stability.

5. Setup and Assembly

The Mopio Blake Entertainment Center is delivered flat-packed and requires assembly. Detailed instructions are provided in the included printed guide. For visual assistance, a product video is available.

- **Unboxing:** Carefully unbox all components and verify against the parts list in the manual. Packages may arrive at different times due to logistics.
- **Assembly:** Follow the step-by-step instructions in the printed guide. Some steps may require an extra set of hands.
- **Anti-Tipping Kit:** Ensure the anti-tipping kit is installed as per instructions to secure the unit to the wall.
- **Cable Management:** Utilize the integrated cable management holes to organize wires for a clean setup.

Video 5.1: An official product video from MopioInc showcasing the Blake Collection, including various configurations and features, which can assist with assembly and understanding the modularity.

6. Operating Instructions

The modular design of the Mopio Blake Entertainment Center allows for flexible arrangement and use of its components.

- **Modular Arrangement:** The two tall angular cabinets and two 3-drawer dressers can be positioned in various configurations to suit your space and functional needs. They can be arranged together as a large entertainment unit or separated for use in different areas.
- **Drawer Use:** To open a drawer, gently pull on the brass handle. Due to the safety interlocking mechanism, only one drawer can be opened at a time. To open another drawer, ensure the first one is fully closed.
- **Cabinet Use:** The tall cabinets feature acrylic doors with brass handles. Open the doors to access the internal compartments. The shelves within the cabinets are adjustable, allowing you to customize storage space for items of different heights.

Modular Storage For Your Every Need

Versatile and customizable to create your perfect space

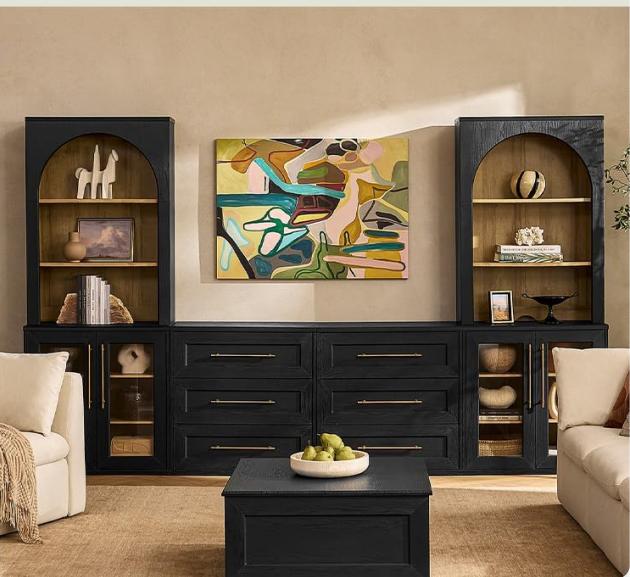

Image 6.1: Various modular configurations of the Blake collection, demonstrating its versatility for different room layouts and storage needs.

Organized storage, clutter-free space

Adjustable shelves, customized storage

Level footing, stable foundation

Grounded heavy base for enhanced stability

Image 6.2: A composite image showing the organized storage capabilities, adjustable shelves for customized storage, level footing for a stable foundation, and a grounded heavy base for enhanced stability.

7. Maintenance

Proper care will help maintain the appearance and longevity of your Mopio Blake Entertainment Center.

- **Cleaning:** Regularly wipe surfaces with a soft, dry, or slightly damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the laminated finish.
- **Spills:** Promptly clean any spills to prevent staining or damage to the wood finish.
- **Hardware:** Periodically check and tighten all screws and hardware to ensure the unit remains stable and secure.
- **Acrylic Doors:** Clean acrylic doors with a soft cloth and a non-abrasive cleaner specifically designed for acrylic to avoid scratches.

8. Troubleshooting

- **Issue: Drawers do not pull out completely.**

Solution: The drawers are designed with an interlocking mechanism for safety, preventing more than one drawer from opening at a time. This limits the pull-out distance to maintain stability and prevent accidental tipping.

- **Issue: Unit appears unstable or wobbly.**

Solution: Ensure the anti-tipping kit is correctly installed and securely anchored to the wall. Verify that all assembly hardware (screws, bolts) is tightened. The unit features a grounded heavy base for inherent stability, but proper assembly and anchoring are crucial.

- **Issue: Minor surface scratches or nicks.**

Solution: Small imperfections on the laminated finish may be touched up using a matching furniture marker or touch-up paint. Test on an inconspicuous area first.

9. Specifications

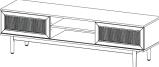

Attribute	Detail
Brand	mopio
Model Name	Blake
Model Number	MP-PB-BLK3001
Color	Black Oak
Product Dimensions	15.6"D x 126"W x 77.5"H
