

AYJOIR w1875-spa chair

AYJOIR 2026 Full Body Zero Gravity SL-Track Shiatsu Massage Recliner Chair Instruction Manual

Model: w1875-spa chair

1. INTRODUCTION

Thank you for choosing the AYJOIR 2026 Full Body Zero Gravity SL-Track Shiatsu Massage Recliner Chair. This manual provides essential information for the safe and effective use, setup, operation, and maintenance of your massage chair. Please read this manual thoroughly before use and retain it for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of electric shock, burns, fire, or injury, always follow these basic precautions:

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Never use pins or other metallic fasteners with this appliance.
- Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
- Keep the cord away from heated surfaces.
- Never use while sleeping or drowsy.
- Never drop or insert any object into any opening.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.

- Do not use on bare skin.
- Do not use on infants, invalids, or sleeping or unconscious persons.
- Do not use on insensitive skin or on a person with poor blood circulation.
- Do not crush. Avoid sharp folds.
- Do not use this massager in close proximity to loose clothing or jewelry.
- Keep long hair away from massager while in use.

3. SETUP AND ASSEMBLY

Your AYJOIR massage chair arrives in two boxes and requires minimal assembly. Follow the included instructions for connecting the main components. Ensure all connections are secure before use.

3.1 Unpacking and Placement

Carefully remove all components from the packaging. The chair is equipped with rollers at the bottom for easy movement. Position the chair in your desired location, ensuring sufficient space for full recline and leg extension.

Figure 3.1: Massage Chair Dimensions. The chair measures approximately 51.58 inches deep, 28.47 inches wide, and 39.37 inches high. The packaging box is approximately 30 inches wide.

Figure 3.2: Door Width Requirement. The massage chair has dimensions of 28.47 inches width and 39.37 inches height. A minimum door width of 28 inches is required for the boxes during delivery.

3.2 Power Connection

Locate the power switch at the base of the chair. Plug the power cord into a suitable electrical outlet. Turn the red power switch to the 'ON' position to activate the chair.

Figure 3.3: Mobility Rollers. The chair features small rollers at its base, indicated by blue arrows, allowing for easy repositioning within a room.

4. OPERATING INSTRUCTIONS

The massage chair offers a variety of massage modes and customizable settings controlled via the remote. Familiarize yourself with the remote's functions for an optimal experience.

4.1 Remote Control Overview

The remote control features a display screen and various buttons for selecting massage programs, adjusting intensity, and controlling specific functions. The screen displays the active massage area, time remaining, and other settings.

Your browser does not support the video tag.

Video 4.1: Closer Look at the Remote Control. This video demonstrates the remote control's interface, showing various preset auto courses like Full, Relief, Therapy, Stretch, Flex, Yoga, Air, Quick, and Night. It also highlights the zero-gravity button and customizable options for PSI and massage speed, as well as the heat function.

4.2 Automatic Massage Modes

Choose from 5 preset automatic modes designed for different needs:

- **Full:** Comprehensive full-body massage.
- **Relief:** Targets areas for muscle soreness and tension relief.
- **Therapy:** Therapeutic massage focusing on specific points.
- **Stretch (Yoga):** Gentle stretching and flexibility enhancement.
- **Flex:** Promotes muscle flexibility and relaxation.
- **Air:** Airbag compression massage.
- **Quick:** Short, invigorating massage.
- **Night:** Relaxing massage for bedtime.

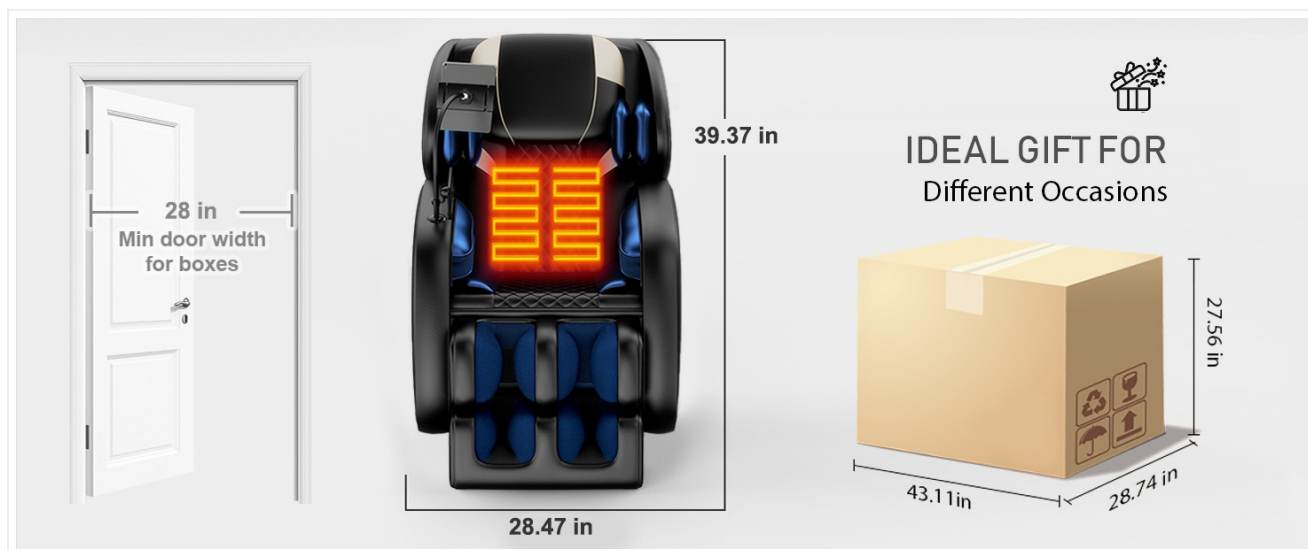

Figure 4.1: Automatic Massage Modes. The chair offers 6 automatic massage modes including Kneading, Strong, Leisure, Recliner, Sleep, and preset times from 15 to 30 minutes.

4.3 Full-Body Massage Features

The chair incorporates 6 fixed rollers on the back to target the neck, back, and waist. Multiple airbags provide compression massage for shoulders, arms, and calves with three adjustable intensity levels.

Figure 4.5: Deep Tissue Massage. Choose between local or full-body airbag massage with 3 levels of intensity. Massage areas include shoulders, arms, calves, and thighs, with integrated heating.

4.4 Zero Gravity Mode

Activate the "zero gravity" button on the remote to recline the chair, positioning your feet above your heart. This reduces strain on the heart and promotes blood circulation. The armrests tilt in sync, maintaining massage contact.

Figure 4.6: Zero Gravity Mode. The chair offers Initial, Comfort, and Deep zero gravity positions for optimal relaxation and reduced body pressure.

Figure 4.7: Zero Gravity Benefits. This mode reduces pressure on the spine and heart, offering a burden-free rest. It includes Deep, Comfort, and Initial zero gravity settings.

4.5 Foot and Leg Massage

The retractable footstool adjusts for different heights. It features a roller massage system that kneads the base of the feet, stimulating acupuncture points. Integrated heating for the legs promotes blood circulation and relieves muscle tension.

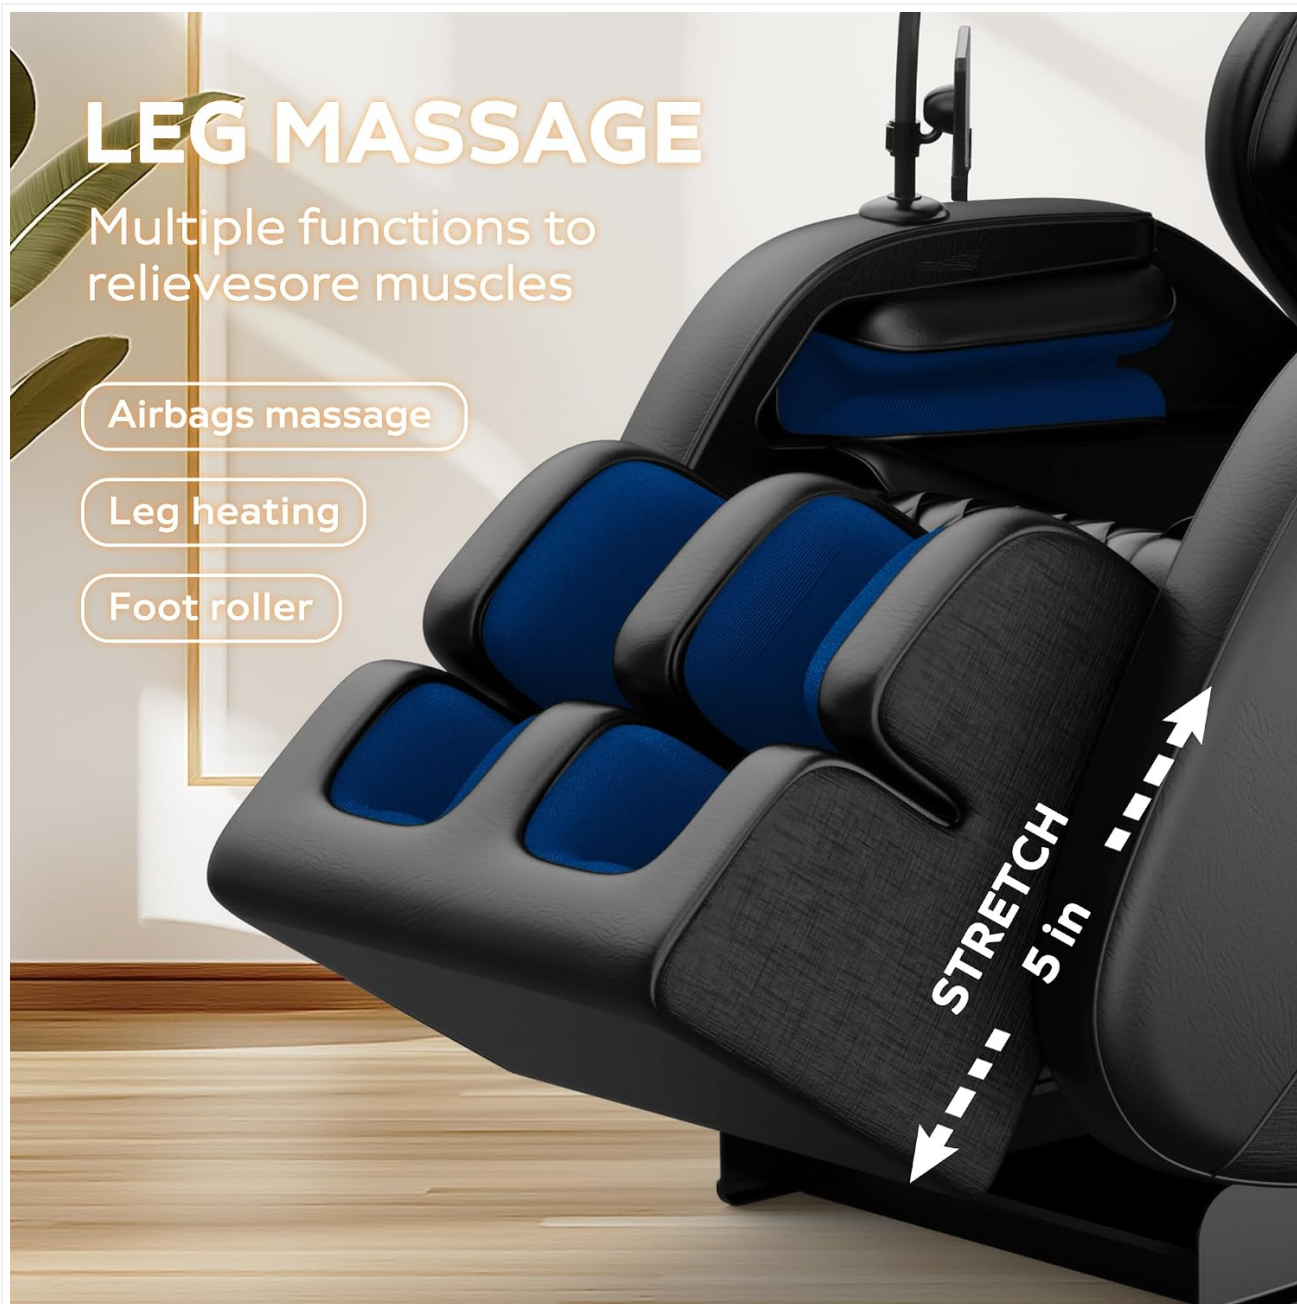

Figure 4.8: Leg Massage. Multiple functions relieve sore muscles, including airbag massage, leg heating, and foot rollers. The leg extension can stretch up to 5 inches.

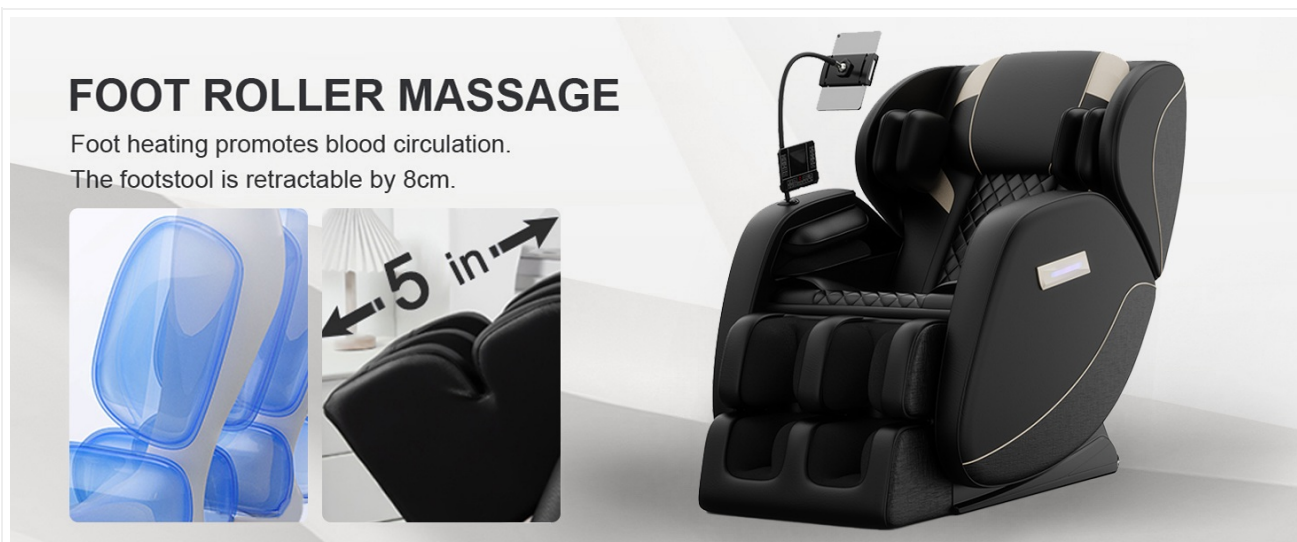

Figure 4.9: Foot Roller Massage. Foot heating promotes blood circulation. The footstool is retractable by 5 inches (8cm).

4.6 Heating Function

The chair includes heating functions for both the waist and legs to improve blood circulation and relieve muscle soreness. This can be activated or deactivated via the remote control.

Figure 4.10: Heating Function. The chair provides targeted heating for the back and legs, enhancing relaxation and muscle relief.

4.7 Bluetooth Audio and Ambient Lighting

Connect your device via Bluetooth to enjoy music during your massage. The chair also features soothing blue ambient lights on both sides, creating a calm atmosphere.

Figure 4.11: Media Integration. Enjoy music via Bluetooth audio and relax with soothing blue ambient lights.

ZERO GRAVITY AND HEATING MASSAGE CHAIR

Thoughtful gift for friends, health gift for parents

Figure 4.12: Portable Stand and Bluetooth. The chair includes a portable stand for devices, offering 360-degree rotation. Bluetooth connectivity allows for music playback.

Figure 4.13: Bluetooth Music. The chair features integrated Bluetooth for playing music, enhancing the relaxation experience.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your massage chair.

5.1 Cleaning

- Wipe the chair's surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- For faux leather surfaces, use a cleaner specifically designed for synthetic leather.
- Ensure the chair is unplugged before cleaning.

5.2 Storage

When not in use for extended periods, store the chair in a cool, dry place away from direct sunlight and extreme temperatures. Cover the chair to protect it from dust.

6. TROUBLESHOOTING

If you encounter any issues with your massage chair, refer to the following common troubleshooting steps:

- **Chair not powering on:** Ensure the power cord is securely plugged into the outlet and the red power switch at the base of the chair is in the 'ON' position.
- **Massage functions not working:** Check the remote control for active programs. Ensure the chair is not in a paused state.
- **Unusual noises:** Discontinue use and contact customer support if you hear persistent unusual noises.
- **Remote control unresponsive:** Check if the remote's cable is securely connected.

For further assistance, please contact AYJOIR customer support.
