JVC KW-M695BW

JVC KW-M695BW Car Stereo User Manual

Model: KW-M695BW

Introduction

Thank you for choosing the JVC KW-M695BW 6.8" Capacitive Touchscreen Car Stereo. This manual provides essential information for the proper installation, operation, and maintenance of your new car audio system. Please read this manual thoroughly before using the product to ensure safe and optimal performance.

Key Features

- **Wireless Apple CarPlay & Android Auto:** Seamlessly integrate your smartphone for navigation, music, and communication.
- **6.8" Capacitive Touchscreen:** Provides a responsive and intuitive user interface.
- **13-Band Graphic Equalizer:** Allows for precise audio customization.
- **USB Mirroring:** Display your Android smartphone's screen directly on the receiver.
- **Short Chassis Design:** Facilitates versatile installation in various vehicle types.
- **Bluetooth Connectivity:** For audio streaming and hands-free calling.
- **SiriusXM Ready:** Compatible with SiriusXM satellite radio (tuner sold separately).

Setup and Installation

Proper installation is crucial for the performance and longevity of your JVC KW-M695BW car stereo. It is recommended that installation be performed by a qualified professional.

Installation Considerations

- **Short Chassis Design:** The compact depth of the unit (3-3/8" or 86mm) allows for easier installation in vehicles with limited dash space.
- **Mounting:** Ensure secure mounting using the provided hardware. Refer to the vehicle-specific installation kit for proper fitment.
- **Wiring:** Connect all power, ground, speaker, and accessory wires according to the wiring diagram provided in the separate installation guide. Incorrect wiring can cause damage to the unit or vehicle.
- **iDatalink Maestro Compatibility:** This unit supports iDatalink Maestro for retaining factory features like steering wheel controls, climate control, and vehicle information displays. A compatible iDatalink Maestro module (sold separately) is required for this functionality.

The iDatalink Maestro module (sold separately) integrates with the car stereo to retain factory features.

Operating Instructions

This section details the primary functions and operations of your JVC KW-M695BW car stereo.

Touchscreen Interface

The 6.8" capacitive touchscreen provides a highly responsive and intuitive control experience. Navigate menus, select sources, and adjust settings with simple taps and swipes.

The capacitive touch panel offers smooth and responsive interaction with the stereo's interface.

Wireless Smartphone Integration (Apple CarPlay & Android Auto)

Connect your compatible iPhone or Android smartphone wirelessly to access navigation, make calls, send messages, and listen to music directly from the stereo's display.

- **Apple CarPlay:** For iPhone users, connect wirelessly to use Apple Maps, Apple Music, Siri, and other compatible apps.
- **Android Auto:** For Android users, connect wirelessly to utilize Google Maps, Spotify, Google Assistant, and other compatible apps.

Wireless Android Auto connectivity, showing a smartphone interacting with the stereo display.

Bluetooth Audio Streaming & Hands-Free Calling

Pair your Bluetooth-enabled device to stream audio wirelessly and make or receive calls hands-free through the car stereo.

Bluetooth audio streaming allows wireless playback of music from your smartphone.

Audio Customization

- **13-Band Graphic Equalizer:** Adjust the audio frequencies to fine-tune the sound output to your preference and vehicle acoustics.
- **Time Alignment:** Optimize the sound stage by digitally delaying the audio output from individual speakers, ensuring sound reaches the listener at the same time.

The 13-band equalizer provides detailed control over audio frequencies for personalized sound.

Time Alignment feature ensures precise sound delivery to the listening position.

Other Features

- **USB Mirroring for Android:** Connect your Android phone via USB to mirror its display on the stereo screen, allowing access to apps and content.
- **SiriusXM Ready:** Connect an optional SiriusXM Connect Vehicle Tuner (sold separately) to enjoy satellite radio programming.

The stereo is SiriusXM Ready, requiring a separate tuner for satellite radio access.

Wireless mirroring allows compatible smartphone content to be displayed on the stereo screen.

Maintenance

Regular maintenance helps ensure the longevity and optimal performance of your car stereo.

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the touchscreen. For stubborn smudges, slightly dampen the

cloth with water or a screen-safe cleaner. Avoid abrasive materials or harsh chemicals.

- **Software Updates:** Periodically check the JVC official website for any available firmware or software updates for your model. Updates can improve performance, add features, or fix bugs. Follow the instructions provided with the update carefully.
- **Environmental Care:** Avoid exposing the unit to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.

Troubleshooting

If you encounter issues with your JVC KW-M695BW, refer to the following common troubleshooting tips. For more complex problems, consult a professional or contact JVC customer support.

- **No Power:** Check the vehicle's fuse box and the stereo's inline fuse. Ensure all power and ground connections are secure.
- **No Sound:** Verify speaker connections. Check the audio settings (volume, mute, source selection). Ensure the amplifier (if external) is powered on.
- **Touchscreen Unresponsive:** Try resetting the unit (refer to the full manual for reset procedure, usually a small reset button). Ensure the screen is clean and free of debris.
- **Bluetooth Connectivity Issues:** Ensure Bluetooth is enabled on both the stereo and your smartphone. Delete previous pairings and re-pair the devices. Move closer to the unit if range is an issue.
- **CarPlay/Android Auto Not Connecting:** Ensure your phone's operating system is up to date. Check the USB cable if using a wired connection (use a high-quality, data-capable cable). For wireless, ensure Wi-Fi and Bluetooth are enabled on your phone.

Specifications

Feature	Specification
Model Number	KW-M695BW
