This video provides a detailed, step-by-step guide on how to assemble the Serenity Bassinet.

1. **Assemble the Base:** Firmly plug the left and right feet into their respective leg tubes until you hear a "click." Then, connect the left and right tubes into the top tube until you hear a "click."
2. **Attach Crossbars:** Insert the horizontal crossbar with buttons facing downward into each leg until you hear a "click." Repeat this process for the front support frame.
3. **Install Bedrail Tube:** Insert the bedrail tube into the front support frame until it clicks into place.
4. **Attach Fabric Cover:** Carefully place the fabric cover over the assembled frame, ensuring it covers the top securely.
5. **Insert Top Tube:** Insert the top tube through the opening on the front of the fabric cover on both left and right sides.
6. **Lock Bedrail Tube:** Lock the bedrail tube into the grooves on the top bar. You will hear it click into place.
7. **Secure Fabric Cover:** Secure the fabric cover to the front support tube using the 3 hook and loop fasteners.
8. **Place Mattress:** Carefully place the mattress inside the frame with the curved edge facing the curved edge of the frame. Press the mattress down until the plastic clips on the bottom of the mattress snap onto the middle support frame.
9. **Adjust Height:** Ensure both legs are adjusted to the same height. Secure with 4 screws.
10. **Secure to Adult Bed (Bedside Sleeper Mode):** Slide the anchor straps between the top mattress and the base across the opposite side of the bed. Tighten the loop by pulling the anchor straps firmly. Adjust the anchor straps separately until the bedside sleeper is comfortably in contact with the parent's mattress.

Operating Instructions

Using as a Bedside Sleeper

To use the bassinet as a bedside sleeper, ensure it is securely anchored to your adult bed as described in the setup section. Simply unzip the panel closest to your bed to lower the side, allowing for easy access to your baby. This feature is ideal for nursing, comforting, or checking on your baby during the night without fully getting out of bed.

Troubleshooting

If you encounter any issues with your Baby Delight Beside Me Serenity Bassinet, please review the following common solutions:

- **Bassinet feels unstable:** Ensure all frame components are securely clicked into place during assembly. Double-check that the height adjustment screws are tightened.
- **Difficulty with height adjustment:** Make sure the adjustment buttons are fully depressed before attempting to slide the legs. Ensure no fabric is obstructing the mechanism.
- **Side panel not lowering/raising smoothly:** Check for any fabric obstructions in the zipper or along the lowering mechanism. Ensure the bedrail tube is properly locked.
- **Bassinet not flush with adult bed:** Re-adjust the 7-position height settings to match your bed's height. Ensure anchor straps are pulled firmly and correctly positioned under the adult mattress.

If problems persist, please contact Baby Delight customer support.
