3. **Attach Your Phone:**

- **For MagSafe Compatible Phones/Cases:** Simply align your phone or MagSafe-compatible case with the magnetic side of the holder. The magnets will snap it into place.
- **For Non-Magnetic Phones/Cases:** If your phone or case is not magnetic, use the included magnetic ring. Peel off the adhesive backing from the magnetic ring and firmly attach it to the back of your phone or phone case. Once the ring is securely attached, you can then magnetically connect your phone to the holder.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your KBOD Magnetic Stick It Mobile Phone Holder, follow these maintenance tips:

- **Clean the Suction Cups:** If the suction cups lose their grip, gently wipe them with a damp, lint-free cloth to remove any dust or debris. Allow them to air dry completely before re-attaching.

- **Clean the Holder:** Wipe the entire holder with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the silicone material.
- **Storage:** When not in use, store the holder in a clean, dry place away from direct sunlight and extreme temperatures.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Holder not sticking to surface.	Surface is dirty, wet, textured, or porous. Suction cups are dirty.	Ensure the surface is clean, dry, and smooth. Clean the suction cups with a damp cloth and let them air dry. Avoid textured walls.
Phone not attaching magnetically.	Phone/case is not MagSafe compatible or magnetic ring is not used/attached correctly.	Ensure your phone or case is MagSafe compatible. If not, attach the provided magnetic ring securely to your phone or case.
Phone feels unstable.	Incomplete suction cup contact or phone not centered on magnet.	Press the holder firmly against the surface to ensure all suction cups are engaged. Re-center your phone on the magnetic area.
