Relaxdays Set of 3 Hanging Shower Baskets Instruction Manual

Model: 10045974_49

1. INTRODUCTION

This manual provides instructions for the proper setup, operation, and maintenance of your Relaxdays Set of 3 Hanging Shower Baskets. These versatile plastic caddies are designed to help organize your bathroom, kitchen, or workshop without the need for drilling.

2. PRODUCT FEATURES

- Set of 3 hanging baskets for ample storage.
- No-drilling installation: simply hang on a shower rail or tap.
- Space-saving design: baskets can be hung inside each other.
- Made from durable, easy-care plastic.
- Versatile use in bathrooms, kitchens, or workshops.

3. SETUP INSTRUCTIONS

The Relaxdays hanging shower baskets are designed for quick and easy installation without tools or drilling.

1. **Unpack:** Carefully remove all three shower baskets from their packaging.
2. **Identify Hanging Hook:** Each basket features an integrated hook at the top.
3. **Position:** Choose a suitable location in your shower, such as over a shower rail, shower head pipe, or a sturdy tap.
4. **Hang:** Simply place the hook over the chosen fixture. Ensure the basket hangs securely and is stable before placing items inside.
5. **Nesting Feature:** For compact storage or to create a multi-tiered system, one basket can be hung from the hook of another, utilizing the opening at the back of each basket.

4. OPERATING INSTRUCTIONS

Once installed, the shower baskets provide convenient storage for various items.

- **Bathroom Use:** Place shower gel, shampoo bottles, razors, sponges, and other toiletries in the baskets for easy access during showering.
- **Kitchen Use:** The baskets can also be used in the kitchen to store dish soap, sponges, brushes, or other small cleaning supplies.

- **Load Capacity:** Each basket has a maximum load capacity of approximately 2 kg (4.4 lbs). Do not exceed this weight to ensure stability and prevent damage.

5. MAINTENANCE

To ensure the longevity and hygiene of your shower baskets, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the baskets regularly with a damp cloth and mild soap. Rinse thoroughly with water.
- **Drying:** Allow the baskets to air dry completely after cleaning to prevent mildew or water stains.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong solvents, or scouring pads, as these can damage the plastic surface.
- **Inspection:** Periodically check the hooks and basket structure for any signs of wear or damage.

6. TROUBLESHOOTING

If you encounter any issues with your shower baskets, consider the following:

- **Basket not hanging securely:** Ensure the hook is fully engaged with the shower rail or tap. The fixture should be robust enough to support the basket's weight.
- **Basket appears unstable:** Check if the weight distribution of items inside the basket is even. Avoid placing excessively heavy items on one side. Ensure the total weight does not exceed 2 kg.
- **Water accumulation:** The baskets are designed with drainage. If water accumulates, ensure the drainage holes are not blocked by debris.
