Key Components:

- **Display:** 2.4-inch screen for clear visuals.
- **Keypad:** Physical alphanumeric keypad for input, designed to be dirt-resistant.
- **Navigation Key:** Central key for menu navigation and selection.
- **Call/End Keys:** Dedicated keys for initiating and ending calls.
- **Camera:** Rear-mounted digital camera for capturing photos.
- **Speaker:** For audio output during calls and multimedia playback.
- **Charging Port:** For connecting the power adapter.
- **3.5mm Audio Jack:** For connecting headphones or earphones.

SETUP

1. Inserting the SIM Card(s) and Battery:

1. Carefully remove the back cover of the phone.
2. Insert your SIM card(s) into the designated SIM slots. The Lava A5 (2025) supports Dual SIM functionality.

3. Insert the 1200mAh Lithium Ion battery into its compartment, ensuring the contacts align correctly.
4. Replace the back cover until it clicks securely into place.

2. Charging the Device:

1. Connect the power adapter to the charging port on your phone.
2. Plug the power adapter into a standard electrical outlet.
3. Allow the phone to charge completely before initial use. The battery indicator on the screen will show charging status.

3. Powering On/Off:

- To power on, press and hold the End Call key until the screen illuminates.
- To power off, press and hold the End Call key until the power-off options appear, then select 'Power off'.

OPERATING INSTRUCTIONS

Basic Navigation:

- Use the navigation key (up, down, left, right) to move through menus and options.
- Press the center key of the navigation pad to select an option.
- The left and right soft keys (located directly below the display) perform functions indicated on the screen.

DIGITAL CAMERA

Picture it, the smart way

Image: Close-up of the Lava A5 (2025) keypad, highlighting its dust-resistant design and large keys for easy operation.

Making and Receiving Calls:

- **To make a call:** Enter the phone number using the keypad and press the Call key.
- **To answer a call:** Press the Call key when the phone rings.
- **To end a call:** Press the End Call key.
- **Auto Call Recording:** This feature automatically records your phone conversations. Refer to the phone's settings menu to manage this function.

Messaging:

- Navigate to the 'Messages' menu.
- Select 'Write message' to compose a new SMS.
- Enter the recipient's number and your message, then send.

PHONE YOU'LL LOVE

Compact, stylish, & always ready to perform

Image: The Lava A5 (2025) display showing larger, clearer menu icons for improved readability and ease of use.

Camera Functionality:

- Access the camera from the main menu.
- Frame your shot using the display.
- Press the center navigation key or a designated camera button to capture a photo.

UPI Support:

The Lava A5 (2025) includes built-in UPI support, allowing for easy sending and receiving of money. Access this feature through the dedicated UPI application on your phone's menu.

2.4" LARGE DISPLAY

Big Screen, Big Possibilities

Image: The Lava A5 (2025) displaying the UPI application on its screen, indicating support for digital payments.

BOL Feature (Voice Activated):

The BOL feature provides voice assistance for various phone functions. It can speak when you press any key and read messages aloud, enhancing accessibility and ease of interaction.

- **Keypad Bol:** Announces the number or character pressed on the keypad.
- **Message Bol:** Reads incoming messages aloud.
- **Menu Bol:** Announces menu options as you navigate.
- **Time Bol:** Announces the current time.
- **Call Bol:** Announces incoming caller ID.

SMART PHOTO ICONS

Easy to verify and make the call

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the phone's display and body. Avoid using liquid cleaners or abrasive materials.
- **Battery Care:** To prolong battery life, avoid extreme temperatures. Charge the phone regularly and avoid letting the battery drain completely too often.
- **Storage:** Store the phone in a cool, dry place away from direct sunlight and moisture.
- **Handling:** Handle the phone with care to prevent physical damage. The keypad is designed to be dirt-resistant, but excessive exposure to dust or debris should be avoided.

BIGGER MENU ICONS

Clearer visuals and improved readability

TROUBLESHOOTING

If you encounter issues with your Lava A5 (2025), refer to the following common problems and solutions:

Problem	Possible Solution
Phone does not power on	Ensure the battery is correctly inserted and fully charged. Connect to the power adapter and try again.
Low calling sound/volume	Check the volume settings during a call. Ensure the speaker is not obstructed. If using headphones, check their connection and volume.
Phone switches off automatically	This could indicate a low battery. Charge the phone fully. If the issue persists, contact customer support.
Memory card not read	Ensure the memory card is inserted correctly. Try reinserting it or using a different compatible memory card.

Problem	Possible Solution
Difficulty with BOL feature	Ensure the BOL feature is enabled in the phone's settings. Check the language settings for voice output.
Network signal issues	Check if your SIM card is properly inserted. Move to an area with better network coverage. Restart the phone.
