3. PRODUCT OVERVIEW

The BNCF Bpad 10 features a sleek design with strategically placed components for ease of use.

Figure 3.1: BNCF Bpad 10 Tablet Front and Rear View

3.1 Physical Components

- **MicroSD Slot:** For expandable storage.
- **Type-C Port:** For charging and data transfer.
- **Volume Buttons:** Adjust audio volume.
- **Power Button:** Turn the device on/off or lock/unlock the screen.
- **Speakers:** Dual stereo speakers for audio output.
- **Microphone:** For voice input.
- **Rear Camera:** Main camera for photos and videos.
- **Front Camera:** For video calls and selfies.

4. SETUP

4.1 Initial Charging

Before first use, fully charge your BNCF Bpad 10 tablet using the provided Type-C cable and charging adapter. Connect the Type-C cable to the tablet's charging port and the adapter to a power outlet. The charging indicator will show the charging status.

4.2 Powering On/Off

- **To Power On:** Press and hold the Power Button until the BNCF logo appears on the screen.
- **To Power Off:** Press and hold the Power Button until the power options menu appears, then select 'Power

Off'.

- **To Restart:** Press and hold the Power Button until the power options menu appears, then select 'Restart'.

4.3 Initial Configuration

Upon first power-on, the tablet will guide you through the initial setup process. This includes selecting your language, connecting to a Wi-Fi network, setting up your Google account, and configuring security options like facial recognition.

5. OPERATING INSTRUCTIONS

5.1 Android 14 Features

Your Bpad 10 runs on Android 14, offering enhanced multitasking, security, and user-friendly features:

- **Facial Recognition:** Securely unlock your device using your face.
- **Split-Screen:** Use two applications simultaneously by dividing the screen.
- **Smart Projection:** Cast your tablet's screen to compatible external displays.
- **Three-Finger Screenshot:** Capture screenshots quickly by swiping down with three fingers.
- **Parental Controls:** Manage and monitor device usage for children.

5.4 Cameras

The tablet is equipped with 5MP front and 5MP rear cameras, suitable for capturing photos, 4K videos, and conducting HD video calls.

5.5 Connectivity

Stay connected with the following features:

- **Wi-Fi:** Supports 2.4G/5G dual-band Wi-Fi for stable internet access.
- **Bluetooth 5.0:** For connecting wireless accessories.
- **GPS:** For navigation and location services.
- **Hall Sensor:** Enables smart on/off functionality with compatible covers.

5.6 Storage and Battery

The Bpad 10 offers ample storage and long-lasting power:

- **RAM:** 12GB (4GB physical + 8GB virtual) for smooth multitasking.
- **ROM:** 128GB UFS storage, expandable up to 1TB via MicroSD card.
- **Battery:** 6500mAh battery supporting 18W PD fast charging for extended use.

6. MAINTENANCE

To ensure the longevity and optimal performance of your BNCF Bpad 10 tablet, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- **Temperature:** Operate the tablet within recommended temperature ranges. Avoid extreme heat or cold.
- **Water Exposure:** Keep the tablet away from water and high humidity. It is not waterproof.
- **Storage:** Store the tablet in a dry, cool place when not in use.
- **Software Updates:** Regularly check for and install system updates to ensure security and performance

improvements.

7. TROUBLESHOOTING

If you encounter issues with your BNCF Bpad 10, refer to the following common troubleshooting steps:

Problem	Possible Solution
Tablet does not power on	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, perform a forced restart by holding the power button for 10-15 seconds.
Slow performance	Close unnecessary background applications. Clear cache for frequently used apps. Restart the tablet. Ensure sufficient storage space is available.
Wi-Fi connectivity issues	Restart your Wi-Fi router. Forget the network on your tablet and reconnect. Ensure the tablet is within range of the Wi-Fi signal.
Screen unresponsive	Restart the tablet. Ensure the screen is clean and free from moisture or debris.
Battery drains quickly	Reduce screen brightness. Close background apps. Disable unused features like Bluetooth or GPS. Check for apps consuming excessive power in battery settings.
