JEKCA ST19ASC02-M01B

JEKCA American Shorthair Cat 02S-M01B Building Block Set

Model: ST19ASC02-M01B | Brand: JEKCA

INTRODUCTION

JEKCA building block sets offer a unique construction experience for enthusiasts aged 14 and above. This manual provides comprehensive instructions for assembling your American Shorthair Cat 02S-M01B model. JEKCA's patented interlocking technology ensures a sturdy, glue-free construction, resulting in a durable and detailed sculpture.

SAFETY INFORMATION

This product contains small parts and is not suitable for children under 3 years of age due to choking hazards. Recommended for ages 14 and above. Adult supervision is advised for younger builders within the recommended age range. Keep all packaging materials away from children.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present. Your JEKCA American Shorthair Cat 02S-M01B set includes:

- Approximately 1690 plastic building pieces.
- Detailed step-by-step assembly manual.
- Specialized interlocking tool (screwdriver).

If any parts are missing or damaged, please contact JEKCA customer support.

SETUP AND ASSEMBLY INSTRUCTIONS

The JEKCA assembly process utilizes a unique patented interlocking brick-through system, ensuring a robust and stable final model without the need for adhesive. Follow the included detailed step-by-step manual for precise construction.

General Assembly Steps:

1. Unpack all components and organize them by color and shape as suggested in the included printed manual.

2. Refer to the printed manual for specific layer-by-layer instructions.
3. For each layer, place the blocks according to the diagram.
4. Utilize the specialized interlocking tool (screwdriver) to insert the provided pins through the designated holes in the blocks. This secures the layers together.
5. Ensure pins are fully inserted and turned 90 degrees if indicated, to lock the blocks firmly.
6. Proceed to the next layer only after the current layer is securely interlocked.

This image demonstrates the core of the JEKCA interlocking system. A specialized screw is inserted through the top of a block and turned 90 degrees to firmly connect it to the block below, creating a strong, stable structure. This system ensures the model is simple to build, aesthetic, sturdy, and fun.

This image displays the assembled JEKCA American Shorthair Cat 02S-M01B model alongside a tablet showing its model number (ST19ASC02-M01B), piece count (1690 pcs), and approximate dimensions: Length 40.6 cm, Width 8.1 cm, Height 29.2 cm. The model is shown at 1:1 scale next to a 13-inch iPad Pro.

OPERATING INSTRUCTIONS (DISPLAY AND HANDLING)

Your JEKCA American Shorthair Cat model is designed as a decorative display piece. Once fully assembled, it forms a sturdy sculpture. To maintain its integrity and appearance:

- Place the model on a stable, flat surface.
- Avoid dropping or subjecting the model to strong impacts.
- While the interlocking system is robust, excessive force can cause individual blocks to detach.
- Keep away from direct sunlight or extreme temperatures to prevent material degradation or color fading.

A front-side perspective of the assembled JEKCA American Shorthair Cat 02S-M01B model, highlighting its facial features and overall posture.

MAINTENANCE

To keep your JEKCA model looking its best, follow these maintenance guidelines:

- Dust regularly with a soft, dry cloth or a soft-bristled brush.
- For more thorough cleaning, gently wipe with a damp cloth using only water. Avoid harsh chemicals or abrasive cleaners.
- Ensure the model is completely dry before returning it to display.

TROUBLESHOOTING

Should you encounter any issues during assembly or with your finished model, refer to the following common solutions:

Missing Pieces:

Carefully re-check all packaging and sorting trays. If pieces are genuinely missing, contact JEKCA customer support with details of the missing parts (as per the printed manual's part list).

Difficulty Interlocking Blocks:

Ensure the specialized tool is used correctly. Pins should be inserted straight and turned as instructed. Do not force pins; if resistance is met, check alignment of blocks and pins.

Model Instability:

Review previous assembly steps to ensure all pins are correctly inserted and secured. A loose pin can affect the stability of an entire section.

SPECIFICATIONS

The following specifications apply to the JEKCA American Shorthair Cat 02S-M01B building block set:

Specification	Detail
Model Number	ST19ASC02-M01B
Material	Plastic
Approximate Dimensions (L x W x H)	40.6 cm x 8.1 cm x 29.2 cm (15.98 in x 3.19 in x 11.5 in)
Number of Pieces	1690
Recommended Age	14+ years
Assembly Required	Yes
Color	American Shorthair Cat 02S-M01B
