MAINTENANCE

1. Battery Care

To maximize the lifespan of your 2000mAh battery:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Use the provided Type-C cable for charging.

2. Screen Protection

A screen protector is included in the package to help prevent scratches and damage to the 3.88-inch HD display. Apply it carefully following the instructions provided with the protector.

3. Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials that could damage the device.

TROUBLESHOOTING

If you encounter any issues with your Soyes Mini Phone, please refer to the following common solutions:

- Phone not turning on:** Ensure the battery is charged. Connect to a charger for at least 30 minutes before attempting to power on again.
- Network connectivity issues:** Verify your SIM card is correctly inserted and compatible with the phone's frequency bands. Restart the phone. Check network settings.
- Apps crashing or slow performance:** Close background applications. Clear app cache (*Settings > Apps > [App Name] > Storage > Clear Cache*). Restart the device.
- Face ID not working:** Ensure your face is well-lit and clear of obstructions. Re-register your face if necessary.
