# nutribullet PRO 900W Nutrient Extractor Instruction Manual

Model: RNB9-0401AW

## INTRODUCTION

---

This manual provides essential instructions for the safe and efficient operation, maintenance, and care of your nutribullet PRO 900W Nutrient Extractor. Please read all instructions thoroughly before first use and retain this manual for future reference.

Image: The nutribullet PRO 900W Nutrient Extractor, assembled with a cup filled with fruits, nuts, and leafy greens, ready for blending. A lip ring is placed next to the base.

## IMPORTANT SAFETY INFORMATION

---

### **WARNING: To avoid risk of serious injury, carefully read all instructions before operating your nutribullet PRO.**

- Always ensure the Extractor Blade is securely twisted onto the cup before placing it on the motor base.
- Do not immerse the motor base in water or other liquids. Clean with a damp cloth only.
- Avoid blending hot liquids, as pressure buildup can cause the cup to burst and result in injury.
- Never operate the nutribullet PRO when empty.
- Do not overfill the cup. Ensure ingredients and liquid do not exceed the MAX line.
- Keep hands and utensils out of the cup while blending to prevent injury.
- Unplug the appliance from the outlet when not in use, before assembling or disassembling parts, and before cleaning.
- This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities, or

lack of experience and knowledge, unless they have been given supervision or instruction.

## INCLUDED COMPONENTS

---

Your nutribullet PRO 900W Nutrient Extractor package includes the following items:

- **900W Motor Base:** The power unit for blending.
- **Extractor Blade:** Stainless steel blade assembly for pulverizing ingredients.
- **24 oz (700ml) Cup:** High-performance plastic cup for blending and serving.
- **Lip Ring:** Attaches to the cup for comfortable drinking.

**nutribullet**®

## SETUP INSTRUCTIONS

---

1. **Unpack:** Carefully remove all components from the packaging.
2. **Clean:** Wash the 24 oz cup and Extractor Blade with warm, soapy water before first use. Rinse thoroughly and dry. The motor base should only be wiped with a damp cloth.
3. **Placement:** Place the motor base on a clean, dry, and level surface. Ensure there is adequate ventilation around the unit.
4. **Power:** Plug the power cord into a standard electrical outlet.

## OPERATING YOUR NUTRIBULLET PRO

---

1. **Load Ingredients:** Add your desired ingredients to the 24 oz cup. Fill with liquid (water, milk, etc.) up to the MAX line. Do not exceed the MAX line.

2. **Attach Blade:** Twist the Extractor Blade onto the cup until it is securely tightened. Ensure there are no leaks.
3. **Blend:** Invert the cup and place it onto the motor base. Press down firmly and twist clockwise until the tabs lock into place. The blending will begin automatically.
4. **Stop Blending:** To stop blending, simply press down on the cup and twist counter-clockwise to unlock it from the motor base.
5. **Serve:** Remove the Extractor Blade and attach the lip ring for comfortable drinking, if desired.

#### Blending Tips:

- For best results, blend for no more than 60 seconds at a time. If more blending is needed, allow the motor to rest for a few seconds before continuing.
- Use a 2:1 ratio of liquid to solid ingredients for optimal consistency.
- Harder ingredients like nuts and seeds may require slightly longer blending times.

## CARE AND MAINTENANCE

---

Proper cleaning and maintenance will ensure the longevity of your nutribullet PRO.

- **Motor Base:** Always unplug the unit before cleaning. Wipe the motor base with a damp cloth. Do not immerse it in water or any other liquid.
- **Extractor Blade:** Twist off the blade from the cup. Rinse the blade under running water immediately after use. For thorough cleaning, use warm, soapy water and a brush to remove any residue.
- **Cups and Lip Rings:** The 24 oz cup and lip ring are dishwasher safe (top rack only). Alternatively, wash them with warm, soapy water and rinse thoroughly.
- **Storage:** Store the nutribullet PRO in a clean, dry place when not in use.

**Cleans like a dream.**  
Dishwasher-safe cups and easy-to-rinse blades make cleanup a breeze.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; cup not properly engaged; motor overload.	Ensure unit is plugged into a working outlet. Twist cup firmly onto the motor base until locked. Unplug, let cool for 15 minutes, then try again.
Leaking during blending.	Extractor Blade not tightened; cup overfilled.	Ensure Extractor Blade is securely twisted onto the cup. Do not fill ingredients past the MAX line.
Motor smells or makes unusual noise.	Motor overload; prolonged use.	Unplug the unit immediately. Allow the motor to cool down for at least 15 minutes. Reduce blending time and ensure proper liquid-to-solid ratio.

## SPECIFICATIONS

- Model:** RNB9-0401AW
- Power:** 900 Watts
- Capacity:** 24 oz (700ml) Cup
- Product Dimensions:** 5.5"D x 5.5"W x 7.9"H
- Material:** High-performance Plastic (cup), Stainless Steel (blade)
- Control Type:** Basic (Press and Twist)
- Special Feature:** Dishwasher Safe (cup and lip ring, top rack)
- UPC:** 850018286862
