Sealy Heated Throw Blanket

Sealy Heated Throw Blanket Wearable Battery Operated Instruction Manual

Model: Heated Throw Blanket (50"x60" Grey)

1. Introduction

Thank you for choosing the Sealy Heated Throw Blanket. This wearable, battery-operated blanket is designed to provide warmth and comfort both indoors and outdoors. Please read this manual thoroughly before use to ensure proper operation, safety, and maintenance.

2. Safety Information

WARNING: To reduce the risk of burns, electric shock, fire, or injury, this product must be used in accordance with the following instructions.

- This heated blanket is ETL and FCC certified and includes overheating protection.
- Do not use with infants, children, incapacitated individuals, or persons insensitive to heat.
- Do not use if the blanket is wet.
- Do not use with pointed objects.
- Do not use if the power bank or USB-C cable is damaged.
- Always remove the battery pack before washing. Ensure the blanket is completely dry before reconnecting the power bank.
- Avoid folding or bunching the blanket tightly during operation to prevent localized overheating.
- Keep out of reach of pets.

3. Package Contents

Verify that all items are present in your package:

- Heated Blanket (1)
- Battery Pack (1)
- USB-C Cable (1)
- User Manual (1)

4. Product Overview

The Sealy Heated Throw Blanket is designed for versatility and comfort. It features multiple heating zones, a hood, and convenient pockets for the power bank.

Image: Detailed diagram illustrating key features such as the oversized hood, snaps, advanced heating wire placement, deep pockets, and the soft flannel fleece and fluffy sherpa materials.

Key Features:

- **Wearable Design:** Poncho-style with buttons for secure fit.
- **Integrated Hood:** Provides additional warmth for the head and neck.
- **6 Heating Zones:** Targeted warmth for the body.
- **Power Bank Pockets:** Two pockets designed to hold the 20,000mAh power bank.
- **Soft Materials:** Made from extra-soft flannel fleece and fluffy sherpa.

5. Setup

Follow these steps to prepare your heated blanket for first use:

1. **Charge the Power Bank:** Before initial use, fully charge the included 20,000mAh power bank. This typically takes approximately 7.5 hours. Use a compatible USB-C charger (not included).

2. **Locate the USB-C Cable:** Open the pocket on the blanket. The USB-C cable is fixed inside this pocket.
3. **Connect the Power Bank:** Insert the USB-C cable from the blanket's pocket into the fully charged power bank. Place the power bank securely into the pocket.

6. Operation

The heated blanket features a built-in button controller for easy temperature adjustment.

1. **Activate Power Bank:** Press the power button on the power bank to ensure it is active (blue LED lights should turn on).
2. **Turn On Blanket:** Long press the waterproof silicone button on the blanket for approximately 4 seconds until it illuminates.
3. **Select Heating Level:** Press the button repeatedly to cycle through the three heating levels:
    - **Low (Green Light):** Approximately 98.6℉ (37℃). Provides up to 11.5 hours of warmth.
    - **Middle (Blue Light):** Approximately 109℉ (43℃). Provides up to 6.5 hours of warmth.
    - **High (Red Light):** Approximately 122℉ (50℃). Provides up to 5.5 hours of warmth.

Image: Illustration of the three heating levels and their corresponding temperatures and durations.

To Turn Off: Long press the control button until the light turns off.

7. Care and Maintenance

Proper care ensures the longevity and performance of your heated blanket.

Washing Instructions:

1. **Disconnect Power:** Always remove the battery pack from the blanket's pocket before washing. The fixed USB-C cable does not need to be removed.
2. **Machine Wash:** The blanket is machine washable. Use a gentle cycle with cold water.
3. **Drying:** Air-dry the blanket or tumble dry on a low-temperature setting.
4. **Reconnect Power:** Ensure the blanket is completely dry before reconnecting the power bank.

Image: The heated blanket being prepared for machine washing, emphasizing the removal of the power bank.

Important Notes:

- Do not iron.
- Do not dry-clean.
- Hand washing is optional but machine washing is recommended for thorough cleaning.

8. Troubleshooting

If you encounter issues with your Sealy Heated Throw Blanket, please refer to the following common solutions:

- **Blanket Not Heating:**
  - Ensure the power bank is fully charged.
  - Verify the USB-C cable is securely connected to both the blanket and the power bank.
  - Confirm the power bank is turned on (blue LED lights).
  - Long press the blanket's control button for 4 seconds to activate it.

- Cycle through the heat settings to ensure a level is selected.

- **Inconsistent Heating:**
  - Ensure the blanket is not folded or bunched up, which can restrict heat distribution.
  - Check for any visible damage to the heating elements or wiring. Discontinue use if damage is found.

- **Power Bank Not Charging:**
  - Use a different USB-C charging cable and adapter to rule out faulty accessories.
  - Ensure the charging port on the power bank is clean and free of debris.

If these steps do not resolve the issue, please contact customer service.
