T4TREAM Fluted Makeup Vanity Desk Instruction Manual

Model: FPSC48CVD-SWT

Brand: T4TREAM

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your T4TREAM Fluted Makeup Vanity Desk. Designed for modern elegance and functional utility, this vanity desk features a 3-way mirror with adjustable lighting, a built-in charging station, and ample storage solutions. Please read this manual thoroughly before assembly and use to ensure proper setup and longevity of your product.

SAFETY INFORMATION

Please adhere to the following safety guidelines to prevent injury or damage to the product:

- Ensure all components are securely fastened during assembly. Loose parts can cause instability.
- Do not overload drawers or shelves beyond their stated weight capacity. The tempered glass tabletop can bear up to 30 lbs.
- Keep electrical components (charging station) away from water or damp environments.
- Use only the provided power cord and avoid using damaged cords or adapters.
- Keep small parts away from children during assembly to prevent choking hazards.
- Always lift the vanity with assistance when moving to prevent injury and damage.
- Regularly inspect the vanity for any signs of wear or damage, especially to the electrical components and mirror.

Your package is protected with Styrofoam sheets and protective boards. Even if the shipping box shows signs of damage, the internal packaging is designed to safeguard your vanity.

SETUP AND ASSEMBLY

Assembly is required for this vanity desk. While the process is streamlined with user-friendly instructions, it can be time-consuming. It is recommended to allocate sufficient time for assembly, potentially a full day, and to have assistance if possible.

1. **Unpack and Organize:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided labels.
2. **Assemble Base Frame:** Follow the step-by-step diagrams in the instruction booklet to assemble the main frame of the vanity desk. Ensure all screws are tightened securely.
3. **Install Drawers and Cabinets:** Attach the drawer slides and assemble the drawers. Insert them into their designated slots. Install the side cabinets, ensuring the adjustable shelves are placed as desired.
4. **Attach Mirror and Charging Station:** Secure the 3-way mirror to the vanity top. Connect the charging station module according to the electrical diagrams.
5. **Place Glass Tabletop:** Carefully position the tempered glass tabletop onto the designated area.
6. **Final Inspection:** Double-check all connections and ensure the vanity is stable and level.

MAINTENANCE

Proper care will ensure the longevity and appearance of your vanity desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For the tempered glass tabletop, use a glass cleaner. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Spills:** Promptly clean up any spills to prevent staining, especially on the faux marble top.
- **Mirror Care:** Clean the mirror with a non-ammonia glass cleaner and a soft, lint-free cloth.
- **Hardware:** Periodically check and tighten any loose screws or hardware to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lights not turning on/off or adjusting.	Power connection issue; faulty touch sensor.	Ensure the vanity is properly plugged into a working outlet. Check the power cord for damage. If the issue persists, contact customer support.
Vanity feels wobbly or unstable.	Loose assembly screws; uneven floor.	Re-tighten all assembly screws. Use furniture levelers or shims under the legs if the floor is uneven.
Drawers are difficult to open or close.	Misaligned slides; obstruction; loose hardware.	Check if the drawer slides are correctly aligned and free of debris. Ensure all hardware on the drawers and slides is securely fastened.
Stickers/labels peeling off.	Adhesive weakening.	Re-press the stickers firmly. For a more permanent solution, consider using a small amount of clear adhesive, ensuring it is safe for the surface.
