Farmhouse Electric Fireplace TV Stand

USER MANUAL - JXQTLINGMU

Introduction

Thank you for purchasing the JXQTLINGMU Farmhouse Electric Fireplace TV Stand. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new entertainment center. Please read all instructions carefully before use and retain this manual for future reference.

This versatile furniture piece combines a spacious TV stand, accommodating TVs up to 80 inches, with an integrated 36-inch 3-sided glass electric fireplace. It features ample storage solutions including drawers, open shelves, and closed cabinets with adjustable shelves, designed to enhance your living space with both functionality and aesthetic appeal.

Safety Information

Your safety is paramount. Please adhere to the following safety guidelines:

- **Electrical Safety:** Ensure the fireplace is connected to a grounded outlet. Do not overload electrical circuits. Keep power cords away from heated surfaces.
- **Overheat Protection:** The electric fireplace is equipped with an overheat protection system that automatically shuts off the unit if it reaches an unsafe temperature. Do not block the air vents.
- **Placement:** Place the TV stand on a flat, stable surface. Ensure adequate clearance around the unit for proper ventilation.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 300 lbs for the TV stand top. Distribute weight evenly.
- **Glass Safety:** The fireplace features high-strength tempered glass. While durable, avoid striking the glass.
- **Children and Pets:** Keep children and pets away from the fireplace when it is operating, especially the heating

element.

- **Certifications:** This product is ETL/FCC certified, ensuring compliance with safety standards.

Package Contents

Before assembly, verify that all components are present. The item is shipped in two separate packages, which may arrive on different days.

- 70-inch TV Stand components (wood panels, hardware, adjustable shelves, drawers, cabinet doors)
- 36-inch Electric Fireplace insert
- Remote Control for fireplace
- Assembly Instructions Manual

Setup and Assembly

Assembly of the TV stand and integration of the electric fireplace requires careful attention to the included assembly instructions. It is recommended to have two people for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** All parts are labeled for easy identification. Refer to the parts list in the separate assembly manual.
3. **Assemble TV Stand:** Follow the step-by-step instructions provided in the assembly manual to construct the TV stand frame, drawers, and cabinets.
4. **Install Fireplace Insert:** Once the TV stand frame is assembled, carefully slide the 36-inch electric fireplace insert into its designated opening. Ensure it is securely seated.
5. **Cable Management:** Utilize the cable management hole at the back of the unit to organize and conceal power cords for your TV and other media devices.
6. **Adjust Shelves:** The storage cabinets feature adjustable shelves. Modify their height and positioning to suit your storage needs.

Transform Your Living Room with Versatile Storage Solutions

Operating Instructions

The electric fireplace can be controlled via the touch screen panel on the unit or the included remote control.

Electric Fireplace Operation

- **Power On/Off:** Press the power button on the control panel or remote to turn the fireplace on or off.
- **Flame Effect:** The 3D flame effect offers 3 elegant colors and 5-speed adjustments. Use the flame button on the remote or control panel to cycle through options.
- **Heating Function:** The fireplace provides 5118 BTUs of heat, suitable for spaces up to 400 sq. ft. Adjust the temperature between 64°F to 82°F using the temperature controls. Flame and heat can be controlled separately.
- **Timer Function:** Set the 1-9 hour timer to automatically shut off the fireplace, reducing energy consumption.
- **Remote Control:** The remote control has an effective range of up to 19 feet. Ensure a clear line of sight to the fireplace sensor.

TV Stand Storage

- **Drawers:** Two widened drawers provide concealed storage for smaller items like remote controls, DVDs, or accessories. They feature high-quality mute slide rails for smooth operation.
- **Open Highboys:** Two open compartments are ideal for media devices, soundbars, or decorative items.
- **Closed Storage Cabinets:** Two large closed cabinets with adjustable shelves offer versatile storage for game consoles, books, or other larger items. The tempered glass doors provide a clear view of contents while protecting them.

Concealed Drawers

The outside is the traditional farmhouse style barn door, and the inside is the simple and stylish drawer, which ensures the appearance of the outside as well as the practicality.

Adjustable Shelves

Modify the height and positioning of each shelf, it ensures that you make the most of every cubic inch of your cabinet.

Maintenance

Regular maintenance will ensure the longevity and optimal performance of your TV stand and electric fireplace.

- **Cleaning the Wood Surface:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Dry immediately.
- **Cleaning the Glass:** Use a glass cleaner and a soft, lint-free cloth to clean the tempered glass panels of the fireplace and cabinet doors.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Electrical Components:** Ensure the power cord is not pinched or damaged. Do not attempt to service the electrical components yourself.

Troubleshooting

If you encounter issues with your product, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fireplace does not turn on.	No power, power cord loose, overheat protection activated.	Check power outlet and cord connection. Allow unit to cool down if it was recently operating.
No heat output.	Heat function not activated, temperature set too low.	Ensure heat function is turned on. Increase desired temperature setting.
Remote control not working.	Dead batteries, obstruction, out of range.	Replace batteries. Remove any obstructions between remote and fireplace. Ensure you are within 19 feet range.
Flame effect not visible.	Flame effect turned off, brightness set too low.	Activate flame effect. Increase flame brightness setting.

If the problem persists after attempting these solutions, please contact customer support.
