3. SETUP

The ESR Pencil is designed for immediate use without complex pairing procedures.

1. **Activation:** Simply double-tap the top of the Digital Pencil to turn it on or off.
2. **No Bluetooth Pairing Required:** The pencil does not need to be paired with your iPad via Bluetooth for basic functionality.

No Need to Pair
Just double-tap to start creating

Image: A hand demonstrating the simple double-tap action on the top of the ESR Pencil to power it on, highlighting that no pairing is required.

4. OPERATING INSTRUCTIONS

4.1 Smooth and Precise Writing

Experience fluid and accurate lines with the ESR Pencil. Its advanced design ensures no lag, providing a seamless writing and drawing experience.

Smooth and Precise

Image: A visual representation of the ESR Pencil in use, demonstrating its smooth and precise performance with a close-up of the 1.5mm tip on the iPad screen.

4.2 Palm Rejection

Rest your hand comfortably on the iPad screen while writing or drawing. The palm rejection feature ensures that only the pencil's input is registered, preventing accidental marks from your hand.

4.3 Tilt Sensitivity

The built-in sensor allows you to vary the thickness of your lines by adjusting the angle at which you hold the pencil. This feature enables realistic shading and detailed artistic work.

Palm Rejection and Tilt Sensitivity

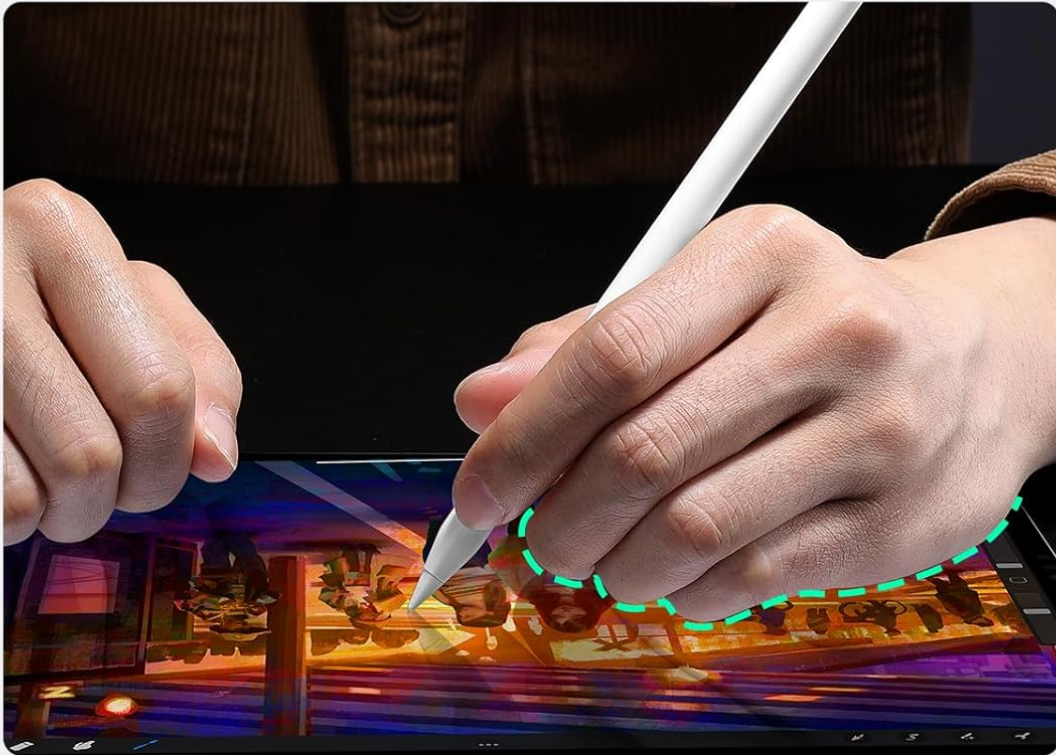

Image: A composite image demonstrating both palm rejection, allowing comfortable hand placement on the screen, and tilt sensitivity, showing how different angles produce varied line thicknesses.

4.4 Secure Magnetic Attachment

For convenient storage and transport, the ESR Pencil can magnetically attach to compatible iPad models. This keeps your pencil secure and readily accessible.

Note: This feature only supports magnetic attachment and does not provide wireless charging.

Secure Magnetic Attachment

Does not support wireless charging

Image: A visual showing the ESR Pencil magnetically attached to the side of an iPad for secure storage, clarifying that this attachment does not support wireless charging.

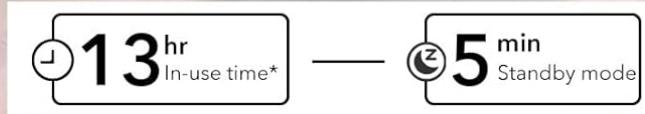

5. CHARGING AND BATTERY

The ESR Pencil features efficient charging via USB-C, providing extended use on a single charge.

- **Charging Time:** A full charge takes approximately 30 minutes using a USB-C cable.
- **In-Use Time:** Enjoy up to 13 hours of continuous use on a full charge.
- **Standby Mode:** The pencil enters standby mode after 5 minutes of inactivity to conserve battery life, offering up to 5 minutes of standby time before powering off.

Fully Charge in 30 Minutes

30-min USB-C charging

*Based on Pencil that starts fully charged and is used continuously to draw

6. MAINTENANCE

To ensure optimal performance and longevity of your ESR Pencil, regular maintenance of the nib is recommended.

6.1 Nib Replacement

The ESR Pencil comes with durable and replaceable nibs. If the nib shows signs of wear or damage, it

can be easily replaced.

- The nib supports everyday use for approximately 1 year.
- The package includes 3 replacement nibs.

To replace the nib, gently twist the old nib counter-clockwise to remove it, then twist a new nib clockwise until it is secure.

Durable and Replaceable Nib

Nib supports everyday use for 1 year

Includes 3 replacement nibs

Image: A close-up view of the ESR Pencil's nib, demonstrating its durability and the simple process of replacing it with one of the three included spare nibs.

7. TROUBLESHOOTING

If you encounter issues with your ESR Pencil, please refer to the following common solutions:

- **Pencil Not Responding:** Ensure the pencil is charged. Double-tap the top of the pencil to confirm it is powered on.
- **Inaccurate or Lagging Input:** Check if your iPad is compatible with the ESR Pencil (refer to Section 2). Ensure your iPad's screen is clean.
- **Accidental Palm Touches:** The palm rejection feature should prevent this. Ensure your iPad's software is up to date.
- **Magnetic Attachment Issues:** Verify your iPad model supports magnetic attachment for the pencil. Note that magnetic attachment does not provide charging.

For further assistance, please consult the detailed setup videos and FAQs available on the ESR support website.
