Reobrix 66023

Reobrix St. Andrew's Church Architecture Building Kit 66023 Instruction Manual

Model: 66023

Introduction

This instruction manual provides detailed guidance for assembling and operating your Reobrix St. Andrew's Church Architecture Building Kit 66023. This intricate model features 3087 pieces, a modular design, and integrated LED lighting to recreate the Gothic spire, colored windows, and street view of the Polish St. Andrew's Church. Please read all instructions carefully before beginning assembly.

Safety Information

- **Age Recommendation:** This building kit is recommended for individuals aged 14 years and up. It contains small parts that may pose a choking hazard for younger children.
- **Small Parts:** Keep all small building blocks and accessories out of reach of children under 3 years old.
- **Assembly Environment:** Assemble the model on a clean, flat, and well-lit surface to prevent loss of parts.
- **LED Components:** Handle LED components with care. Do not bend or pull wires excessively. Ensure proper battery installation if applicable (batteries not included).

Parts List

Your Reobrix St. Andrew's Church kit contains 3087 building blocks and specialized components, including LED lighting elements. A detailed, step-by-step instruction booklet with a complete parts list and diagrams is included in the product packaging. Please verify all parts are present before starting assembly. If any parts are missing, please contact customer support.

Assembly Instructions

Follow the comprehensive, illustrated step-by-step instructions provided in the physical manual. The assembly process is designed to be intuitive, guiding you through each layer and module of the church structure.

1. **Sorting Parts:** Organize the building blocks by color and type to facilitate easier assembly.
2. **Base Construction:** Begin by constructing the base of the church, ensuring all foundation pieces are securely connected.
3. **Modular Layers:** The church is designed with modular layers. Assemble each section as indicated in the manual, paying close attention to the placement of interior details.
4. **Wall and Roof Assembly:** Construct the walls and roof sections. The modular design allows for detachment of the roof and walls to view interior details.
5. **Detailed Features:** Integrate the Gothic spire, colored windows, and pad-printed stickers for stone patterns as you progress. The church doors are designed to open and close.

Operating LED Lighting System

The Reobrix St. Andrew's Church model includes a built-in warm LED system to illuminate the structure, especially the stained glass windows.

1. **Installation:** Follow the specific instructions in your manual for installing the LED light strips and connecting them to the power source (typically a battery box, not always included).
2. **Power On/Off:** Locate the designated switch for the LED system. Turn the switch to the 'ON' position to illuminate the church and to 'OFF' to turn off the lights.
3. **Effect:** When lit, the stained glass windows transmit colorful light and shadow, enhancing the architectural details and creating a medieval liturgy scene effect.

Maintenance

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust from the model. Avoid using water or chemical cleaners, as these may damage the plastic blocks or electrical components.
- **Storage:** Store the assembled model in a stable location away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or warping of the plastic.
- **Battery Replacement:** If the LED lights dim or stop working, replace the batteries in the battery box. Refer to the original manual for battery type and replacement instructions.

Troubleshooting

- **Missing Parts:** If you discover any missing parts after receiving the product, please contact Reobrix customer support with details of the missing components.
- **LED Lights Not Working:**
  - Check if the batteries are correctly installed and not depleted.
  - Ensure all connections in the LED circuit are secure.
  - Verify the power switch is in the 'ON' position.
- **Loose Connections:** If any parts feel loose, gently press them together until they are firmly connected.

Specifications

Feature	Detail
Model Number	66023
Number of Pieces	3087
Finished Dimensions	11.1 x 10.94 x 15.16 inches
Item Weight	7.19 pounds
