

Reobrix 66006

Reobrix Medieval Castle Building Set 66006 Instruction Manual

Model: 66006

INTRODUCTION

Thank you for choosing the Reobrix Medieval Castle Building Set 66006. This comprehensive instruction manual provides detailed guidance for assembling and understanding the features of your new medieval castle model. This set is designed for enthusiasts aged 14 and above, offering a rewarding and immersive construction experience. Please read through this manual carefully before beginning assembly to ensure a smooth and enjoyable building process.

SAFETY INFORMATION

- **Small Parts Warning:** This building set contains small parts which may pose a choking hazard for children under 3 years old. Keep all components out of reach of young children.
- **Age Recommendation:** This product is intended for individuals aged 14 years and older.
- **Handling:** Handle all building blocks with care to prevent damage or loss.
- **Electrical Components:** The set includes lighting components. Ensure proper installation as per instructions to avoid damage. Do not expose electrical components to water.

PACKAGE CONTENTS

Your Reobrix Medieval Castle Building Set 66006 package should contain the following items:

- 2,599 premium-quality building blocks (plastic)
- Detailed Assembly Instruction Manual
- Lighting components for illumination

Please verify all components are present before starting assembly. If any parts are missing or damaged, refer to the 'Troubleshooting' section for assistance.

ASSEMBLY INSTRUCTIONS

The assembly of the Reobrix Medieval Castle is a detailed process. Follow the included printed instruction manual step-by-step for

optimal results. Organize your building blocks by color and shape before you begin to streamline the construction.

Key Assembly Tips:

- **Sorting:** Sort pieces by type and color into separate containers to easily locate them during construction.
- **Step-by-Step:** Adhere strictly to the sequence provided in the manual. Do not skip steps.
- **Firm Connections:** Ensure all blocks are firmly connected to prevent the model from becoming unstable.
- **Lighting Installation:** Integrate the lighting components as instructed in the manual. Test connections periodically during installation.

OPERATING FEATURES

The Reobrix Medieval Castle 66006 features several interactive and aesthetic elements:

- **Charming Lighting Design:** The castle is equipped with internal lighting. Activate the lights using the rotating mechanism as shown in the assembly manual.
- **Openable Doors and Windows:** The castle features functional doors and windows that can be opened and closed,

revealing interior details.

- **Adjustable Drawbridge:** The main entrance includes an adjustable drawbridge, which can be raised or lowered.
- **Simulated Tower Cannons and Flags:** Decorative cannons are positioned on the towers, and various flags adorn the castle, enhancing its medieval aesthetic.
- **Expandable Design:** The castle structure is designed to be expandable, allowing for different display configurations.

MAINTENANCE

To maintain the appearance and integrity of your Reobrix Medieval Castle model:

- **Cleaning:** Use a soft, dry cloth or a soft brush to gently remove dust from the model. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic components.
- **Handling:** When moving the model, support it from the base to prevent parts from detaching.

TROUBLESHOOTING

Missing or Damaged Pieces:

If you discover any missing or damaged building blocks during assembly:

- Carefully review the parts list in your instruction manual to confirm the missing component.
- Contact Reobrix customer support with details of the missing or damaged part, including the part number (if available) and a description.

Lighting Not Functioning:

If the internal lighting does not activate:

- Check all connections of the lighting components to ensure they are securely attached as per the manual.
- Verify that the rotating mechanism for activation is correctly installed and operated.
