## DUNHOO UL153

# DUNHOO 15.6 Inch Laptop User Manual

MODEL: UL153

Your comprehensive guide to setup, operation, and maintenance.

### Introduction

Welcome to the user manual for your new DUNHOO 15.6 Inch Laptop, Model UL153. This laptop is designed for versatile use, from daily productivity to entertainment, offering a balance of performance and portability. It features a vibrant 15.6-inch Full HD IPS display, powered by an N5095 processor, complemented by 16GB of RAM and a 512GB SSD for efficient multitasking and ample storage.

This manual provides detailed instructions to help you get started, understand its features, and maintain your device for optimal performance. Please read through this guide carefully to ensure proper usage and to take full advantage of your laptop's capabilities.

## Setup Guide

Follow these steps to set up your new laptop for the first time:

1. **Unboxing:** Carefully remove all components from the packaging. The box should contain the 15.6 Inch Laptop, an AC Adapter, Instructions, and a Service Card.
2. **Power Connection:** Connect the AC Adapter to the DC-in port on the side of the laptop and plug it into a power outlet. It is recommended to fully charge the battery before initial use.
3. **Initial Boot-up:** Open the laptop lid. The laptop may power on automatically, or you may need to press the power button. Follow the on-screen prompts to complete the Windows 11 Pro setup, including language, region, network connection, and user account creation.
4. **Fingerprint Setup:** During the initial setup or later via Windows settings, configure the fingerprint unlocking function for convenient and secure access.

# Stay Connection, More Convenient

Built-in HD camera , digital microphone and stereo speakers ,  
easy to meet friends online

 **2.4G/5G**

Microphone

Figure 2: Laptop Ports (USB 3.0, DC Interface, Mini HDMI, SD Card, 3.5mm Earphone)

The laptop is equipped with multiple ports for connectivity:

- 2 x USB 3.0 Ports
- 1 x Mini HDMI Port
- 1 x 3.5mm Earphone Jack
- 1 x DC Interface (for charging)
- 1 x TF Card Slot (for expanded storage)

## Operating Instructions

Your DUNHOO laptop is designed for intuitive operation. Here are some key features and how to use them:

### Keyboard and Touchpad

The laptop features a full-size backlit keyboard with a numeric keypad for comfortable and efficient typing, even in

low-light conditions. To activate or deactivate the backlight, press **FN + F9**.

The responsive touchpad supports multi-touch gestures. Its sensitivity can be adjusted in the Windows settings under 'Bluetooth & devices' > 'Touchpad'.

## Maintenance

Proper maintenance ensures the longevity and optimal performance of your laptop:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and exterior. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals.
- **Battery Care:** The laptop is equipped with a 5,000 mAh lithium-ion battery. To prolong battery life, avoid extreme

temperatures and do not let the battery completely drain frequently. For long-term storage, charge the battery to about 50%.

- **Storage Management:** Regularly clear unnecessary files and applications to maintain optimal performance of the 512GB SSD. Utilize the TF card slot for additional storage if needed.
- **Software Updates:** Keep your Windows 11 Pro operating system and drivers updated to ensure security and performance.

## Troubleshooting

If you encounter issues with your laptop, refer to the following common troubleshooting steps:

- **Laptop Does Not Power On:**
  - Ensure the AC adapter is securely connected to both the laptop and a working power outlet.
  - Verify the power outlet is functional by plugging in another device.
  - Allow the laptop to charge for at least 30 minutes before attempting to power it on again.
- **No Display:**
  - Check if the laptop is powered on (power indicator light).
  - Try connecting an external monitor via the Mini HDMI port to check if the issue is with the laptop's internal display.
  - Ensure the brightness is not set to minimum (use function keys).
- **Wi-Fi/Bluetooth Connectivity Issues:**
  - Ensure Wi-Fi and Bluetooth are enabled in Windows settings.
  - Restart your router/modem.

- Update wireless drivers through Windows Update or the manufacturer's website.

- **Keyboard Backlight Not Working:**

- Press **FN + F9** to toggle the backlight on/off.
- Check power settings, as some power-saving modes may disable the backlight.

- **Slow Performance:**

- Close unnecessary applications running in the background.
- Ensure sufficient free space on the SSD.
- Run a virus scan.
- Check for and install any pending Windows updates.

For issues not covered here, please refer to the Warranty and Support section for assistance.
