Reobrix Royal Claymore 99015 Building Set Instruction Manual

Brand: Reobrix | Model: 99015

1. INTRODUCTION

Welcome to the assembly guide for your Reobrix Royal Claymore 99015 building set. This collectible model, comprising 981 pieces, allows you to construct a detailed replica of a fantasy-inspired sword. Designed for display, this set offers an engaging building experience.

2. SAFETY INFORMATION

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Recommended Age:** This building set is recommended for individuals aged 14 years and up.
- **Intended Use:** This model is intended for display and light handling only. It is not designed for combat, rough play, or any activity that may cause physical impact.
- **Heat and Sunlight:** Keep the assembled model and unbuilt pieces away from direct sunlight and extreme heat sources to prevent warping or damage.

3. PACKAGE CONTENTS

Your Reobrix Royal Claymore 99015 building set includes the following items:

- 981 high-quality building block pieces.
- One detailed, step-by-step instruction manual.

- Components for assembling a dedicated display stand.

4. ASSEMBLY INSTRUCTIONS

Please follow the comprehensive, illustrated instructions provided in the included manual. It is recommended to sort the building blocks by color and shape before beginning assembly to streamline the process.

4.1. Step 1: Prepare Your Workspace

Ensure you have a clean, well-lit, and spacious area for assembly. Open all numbered bags containing the building blocks and organize them for easy access.

4.2. Step 2: Construct the Blade

Begin by assembling the core structure of the sword's blade. Pay close attention to the interlocking mechanisms and ensure each piece is firmly connected as per the manual's diagrams.

Figure 3: The assembled Reobrix Royal Claymore 99015, highlighting the blade's construction.

4.3. Step 3: Assemble the Hilt and Guard

Proceed to attach the intricate guard and hilt components to the completed blade. Verify that all connections are secure to ensure the structural integrity of the sword.

Figure 4: Detailed view of the hilt and guard assembly.

4.4. Step 4: Final Details and Display Stand

Add any remaining decorative pieces to the sword. Subsequently, assemble the dedicated display stand following its specific instructions. Once complete, carefully place your Royal Claymore on the stand.

5. HANDLING AND DISPLAY

This model is primarily designed for static display. When handling, always grasp the hilt firmly. Avoid applying excessive force, twisting, or impacting the assembled structure, as this may cause pieces to detach or the model to break. Place the display stand on a flat, stable surface to prevent accidental falls.

6. MAINTENANCE

To preserve the appearance and integrity of your Reobrix Royal Claymore model, follow these maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry, lint-free cloth. Avoid using abrasive cleaners, chemical solvents, or excessive moisture, as these can damage the plastic.
- **Storage:** Store the model in a cool, dry place away from direct sunlight, which can cause colors to fade and plastic to become brittle over time.
- **Repairs:** If any pieces become loose or detached, reattach them carefully according to the instruction manual.

7. TROUBLESHOOTING

7.1. Missing Pieces

If you discover any missing pieces during assembly, please contact Reobrix customer support. Provide your product model number (99015) and a clear description or part number of the missing components. Retain your proof of purchase.

7.2. Difficulty Connecting Pieces

Ensure that the pieces are correctly oriented and aligned before attempting to connect them. Apply gentle, even pressure. If a

piece is particularly difficult to connect, double-check the instruction manual to confirm you are using the correct parts and placement.

7.3. Model Instability

If the assembled model or its display stand appears unstable, carefully review the assembly steps for the affected sections. Ensure all connections are secure and that the display stand is placed on a flat, level, and stable surface.

8. SPECIFICATIONS
