2. SAFETY INFORMATION

- For ease and safety during assembly, it is recommended that two people work together.
- Always assemble the desk according to the instructions provided.
- Ensure the desk is properly anchored to the wall or floor to prevent tipping, especially when using the L-shaped configuration.
- Exercise caution when using the built-in power outlets and USB ports to prevent electrical hazards.
- Keep the desk and power cords away from heat sources and liquids.
- Always unplug the desk when not in use or when leaving the room.
- Verify all parts are included and in good condition before starting assembly.

3. PACKAGE CONTENTS

Before assembly, unpack all components and verify against the parts list in the assembly video or included diagram. Ensure all hardware and panels are present and undamaged.

4.1. Desk Frame Assembly

Begin by assembling the main desk frames. Ensure all adjustable foot pads are installed correctly to provide stability on uneven surfaces. Connect the frame sections using the provided screws, paying close attention to the orientation of screw holes for proper alignment. The desk is designed to be reversible, allowing the L-shelf to be installed on either the left or right side as needed.

4.2. Installing CPU Stand and Storage

Attach the CPU stand to the designated area on the desk frame. Ensure it is securely fastened. The fabric storage bag can be attached to the side of the desk using the provided screws, offering convenient access to items.

5. OPERATING INSTRUCTIONS

5.1. LED Lights

The LED light strip features 10 static colors, 8 brightness grades, and 10 dynamic modes. Use the inline controller to cycle through colors, adjust brightness, and select dynamic lighting effects. The memory function will recall your last setting when powered on.

5.2. Power Outlets

The built-in charging station includes 3 AC outlets (125V/12A) and 2 USB ports (5V/2A). Connect your devices directly to these outlets for convenient power access. The 5ft power cord allows for flexible placement of the desk. Always ensure devices are compatible with the provided power specifications.

6. MAINTENANCE

- Regularly wipe the desk surfaces with a soft, damp cloth to remove dust and spills. Avoid abrasive cleaners.
- Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- Inspect power cords and outlets for any signs of damage. Discontinue use and replace if damage is found.
- Keep liquids away from electrical components.

7. TROUBLESHOOTING

7.1. Desk Wobbles

Check that all screws are securely tightened. Adjust the foot pads at the bottom of the desk legs to compensate for uneven flooring. Ensure the desk is placed on a flat, stable surface.

7.2. LED Lights Not Working

Ensure the power cord for the LED strip is securely plugged into a working outlet. Check all connections between the LED strip and the controller. If issues persist, contact customer support.

7.3. Power Outlets Not Functioning

Verify the desk's main power cord is fully plugged into a functional wall outlet. Check if the circuit breaker on the power strip (if applicable) has tripped. Test with another device to confirm the outlet is working. If the issue continues, contact customer support.
