

JOYDEEM JD-J09

JOYDEEM JD-J09 Soymilk Maker Machine User Manual

Model: JD-J09

1. INTRODUCTION

Thank you for choosing the JOYDEEM JD-J09 Soymilk Maker Machine. This versatile appliance is designed to prepare a variety of hot and cold beverages and foods, including soymilk, juices, milkshakes, and soups. It features a soundproof shield for reduced noise, a dedicated cold cup for ice crushing, and an automatic cleaning function for convenience. Please read this manual thoroughly before use to ensure safe and optimal operation.

2. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock,

and/or injury to persons, including the following:

- Read all instructions before operating the appliance.
- Do not immerse the motor base in water or other liquids.
- Always ensure the lid is properly secured before operating the blender.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- This appliance is not intended for use by children. Close supervision is necessary when any appliance is used near children.
- Use only attachments recommended or sold by the manufacturer.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.

3. PRODUCT COMPONENTS

The JOYDEEM JD-J09 includes the following main components:

- Motor Base with Control Panel
- Blender Cup (for hot and cold drinks)
- Dedicated Cold Cup (for ice crushing)
- Soundproof Cover
- Lid with Noise-Reducing Vent Valve
- Power Cord

5 Noise-Reducing Features

- ① Noise-reducing vent valve
- ② Soundproof cover
- ③ Silicone shock-absorbing pad
- ④ Semi-enclosed base
- ⑤ Stable suction cup feet

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Clean:** Before first use, wash the blender cup, cold cup, and lids with warm, soapy water. Rinse thoroughly and dry. Wipe the motor base with a damp cloth.
3. **Assemble:** Place the motor base on a stable, flat surface. Ensure the power cord is not obstructed.
4. **Attach Cup:** Place either the blender cup or the dedicated cold cup onto the motor base, ensuring it is securely seated.
5. **Secure Lid:** Place the lid onto the chosen cup and rotate it clockwise until it locks into place. For hot preparations, ensure the noise-reducing vent valve is properly positioned.
6. **Soundproof Cover:** For reduced noise, place the soundproof cover over the assembled blender cup and motor base.

5. OPERATING INSTRUCTIONS

The JD-J09 offers eight versatile functions for various preparations. Always ensure the lid is securely closed before starting any

Effortlessly Create Delicious Drinks

5.1 General Operation

1. Add ingredients to the appropriate blending cup (blender cup for hot/cold drinks, dedicated cold cup for ice).
2. Secure the lid and soundproof cover.
3. Plug the appliance into a power outlet. The display will illuminate.
4. Select your desired function (e.g., Soymilk, Juice, Soup) using the function buttons.
5. Press the 'Start/Stop' button to begin the program.
6. The machine will automatically complete the cycle and beep when finished.
7. Unplug the appliance and carefully remove the soundproof cover and lid before pouring.

5.2 Specific Functions

- **Soymilk:** Add soaked soybeans and water to the blender cup. Select 'Soymilk'. The machine will heat and blend to produce smooth, filter-free soymilk.
- **Multigrain Congee / Congee / Soup:** Add grains/ingredients and water to the blender cup. Select the corresponding function. The machine will cook and blend.
- **Corn Juice / Juice / Milkshake:** Add ingredients and liquid to the blender cup. Select the desired function.
- **Ice:** Use the dedicated cold cup. Add small ice cubes (recommended size: 2x2x2 cm). Select 'Ice'.

5.3 12-Hour Preset Function

The 12-hour preset function allows you to delay the start of a program. This is ideal for preparing ingredients the night before and waking up to freshly made soymilk or congee.

1. Add ingredients to the blender cup.
2. Secure the lid and soundproof cover.
3. Press the 'Preset' button.
4. Use the '+' and '-' buttons to set the desired delay time (up to 12 hours).
5. Select your desired function (e.g., Soymilk).
6. Press 'Start/Stop' to confirm the preset. The machine will start automatically after the set delay.

6. CLEANING AND MAINTENANCE

Regular cleaning ensures the longevity and hygiene of your appliance.

6.1 Automatic Cleaning

The JD-J09 features a 'Clean' button for assisted cleaning:

1. After use, rinse the blender cup to remove large food particles.
2. Add a small amount of water and a drop of dish soap to the blender cup.
3. Secure the lid and soundproof cover.
4. Press the 'Clean' button. The machine will activate heating and stirring to clean the interior.
5. Once the cycle is complete, discard the water and rinse the cup thoroughly.

Assist Self-Cleaning

Built-in heating Clean button and non-stick coated base for easier cleaning

Image: Activating the 'Clean' function for hassle-free maintenance.

6.2 Manual Cleaning

- **Blender Cups:** The glass cup base is coated with a non-stick layer, reducing residue buildup. Hand wash with warm, soapy water and a non-abrasive sponge. Do not use abrasive cleaners or scouring pads.
- **Motor Base:** Wipe the exterior of the motor base with a damp cloth. Never immerse the motor base in water.
- **Lids and Soundproof Cover:** Wash with warm, soapy water and rinse thoroughly.
- **Dishwasher Safety:** The appliance is NOT dishwasher safe.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Appliance does not start.	Power cord not plugged in; Lid not properly secured.	Ensure power cord is securely plugged in; Close the lid firmly until it clicks into place.
Excessive noise during operation.	Soundproof cover not in place; Ingredients too hard or too much.	Ensure soundproof cover is correctly positioned; Reduce ingredient quantity or add more liquid.
Soymilk/Soup is not smooth.	Insufficient blending time; Too many ingredients.	Ensure the correct program is selected and allowed to complete; Reduce ingredient quantity.
Leakage from the cup.	Lid not sealed correctly; Overfilling the cup.	Ensure the lid is tightly sealed; Do not exceed the maximum fill line.
