Briloner 8040045

BRILONER Luxtrail Tracklight System - Instruction Manual

Model: 8040045

1. INTRODUCTION

Thank you for choosing the BRILONER Luxtrail Tracklight System. This complete kit provides a versatile and modern lighting solution for your home. Designed for easy installation and flexible illumination, this system allows you to direct light precisely where needed. Please read this manual carefully before installation and use to ensure safe and optimal performance.

Image: The BRILONER Luxtrail Tracklight System offers flexible lighting options, combinable with all Luxtrail components.

2. SAFETY INFORMATION

Always follow basic safety precautions when installing and operating electrical equipment. Failure to do so may result in fire, electric shock, or serious injury.

- **Disconnect Power:** Always ensure the main power supply is switched off at the circuit breaker before beginning any installation or maintenance work.
- **Qualified Electrician:** If you are unsure about the installation process, consult a qualified electrician.
- **Indoor Use Only:** This product is designed for indoor use only.
- **Proper Mounting:** Ensure the track system is securely mounted to a suitable ceiling surface capable of supporting its weight.
- **Avoid Overloading:** Do not exceed the maximum wattage or number of tracklights specified for the system.
- **Handle with Care:** Avoid touching the light sources directly when they are hot.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- 1 x Power Supply (Model: 8027005)
- 2 x Track Rails (2 meters total length, Model: 8028005)
- 4 x LED Tracklights (Adjustable, Model: 8030015)
- Mounting Accessories (screws, anchors, connectors)

The system components are finished in an elegant black color.

4. SETUP AND INSTALLATION

Installation of the BRILONER Luxtrail Tracklight System requires basic electrical knowledge and tools. Please follow these steps carefully.

1. **Plan Layout:** Determine the desired layout for your 2-meter track system. The system is ideal for straight installations but can be extended with additional Luxtrail 48V components for more complex designs.
2. **Mount Power Supply:** Securely mount the power supply unit to the ceiling at the desired starting point of your track. Ensure it is connected to the main electrical supply according to local wiring regulations.
3. **Install Track Rails:** Attach the track rails to the ceiling using the provided mounting accessories. Ensure the rails are aligned and securely fastened.
4. **Attach Tracklights (Push'n Click):** The tracklights feature a convenient 'Push'n Click' mechanism for easy attachment. Simply align the tracklight connector with the track, push it in, and click it into place. Ensure a secure connection.

Image: The 'Push'n Click' mechanism allows for easy and secure attachment of tracklights to the rail.

Image: An example of the tracklight system installed in a dining area, providing clear and defined lighting.

5. OPERATING INSTRUCTIONS

Once installed and powered, the BRILONER Luxtrail Tracklight System is ready for use.

- **Power On/Off:** Operate the system using your standard wall switch connected to the power supply.
- **Adjusting Tracklights:** The four included tracklights are orientable and inclinable. This allows you to manually adjust their direction to provide targeted and flexible illumination for different areas of your room. Simply pivot and tilt the tracklight heads to achieve the desired lighting angle.

Image: The tracklights can be precisely adjusted to illuminate specific areas.

6. MAINTENANCE

To ensure the longevity and appearance of your tracklight system, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Wipe the track and tracklights with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** This product contains a light source of energy efficiency class E. Refer to the specific tracklight model (8030015) for details on bulb replacement, if applicable. Always ensure power is off before attempting to replace any light source.
- **Regular Checks:** Periodically check all connections and mounting points to ensure they remain secure.

7. TROUBLESHOOTING

If you encounter issues with your BRILONER Luxtrail Tracklight System, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lights do not turn on	No power supply Loose connection Faulty light source	Check circuit breaker and wall switch Ensure tracklights are securely clicked into place Replace light source if applicable (ensure power is off)
Lights flicker	Loose connection Incompatible dimmer (if used)	Check all connections Ensure dimmer is compatible with LED lighting
Tracklights do not adjust smoothly	Dust or debris in mechanism	Gently clean the pivot points with a dry cloth

If the problem persists after attempting these solutions, please contact customer support.

8. SPECIFICATIONS

Detailed technical information for the BRILONER Luxtrail Tracklight System (Model: 8040045).

- **Model Number:** 8040045
- **Brand:** Briloner
- **Style:** Set 8 Tracklight
- **Color:** Black (Nero)
- **Material:** Modern, Metal
- **Product Dimensions:** 2 meters (track length)
- **Weight:** Approximately 1 Kilogram
- **Power Source:** Electric Cable
- **Assembly Required:** Yes
- **Indoor/Outdoor Use:** Indoor
- **Specific Uses:** Home, bedroom, children's room, living room, home office
- **Energy Efficiency Class:** E (for included light source)
