Briloner 8008015

BRILONER LED Pendant Light for Track System (Model 8008015) User Manual

1. PRODUCT OVERVIEW

The BRILONER LED Pendant Light (Model 8008015) is designed for use with track systems, offering versatile and efficient lighting. This light features a modern, compact design and is fully dimmable to suit various moods and needs. It is an ideal component for expanding existing BRILONER track light setups.

Key Features:

- **Efficient LED Technology:** Equipped with a 4.5W LED board, providing 450 lumens of warm 3000K light.
- **Infinitely Dimmable:** Adjust light intensity seamlessly to match your preference.
- **Flexible Cable:** Features a 1.3-meter cable for adjustable suspension height.
- **Modular System:** Designed to integrate with existing BRILONER track systems (e.g., starter sets 8000045 and 8000046).
- **Compact and Modern Design:** Measures Ø40x100 mm (DxH) with a matte black finish.
- **Energy Efficiency:** Contains a light source of energy efficiency class F.

2. SAFETY INSTRUCTIONS

Please read these safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- **Electrical Safety:** Installation must be performed by a qualified electrician or in accordance with local electrical codes. Always disconnect power at the main circuit breaker before installation, maintenance, or bulb replacement.
- **Product Integrity:** Do not modify the product in any way. Use only original replacement parts if necessary.
- **Environment:** This product is designed for indoor use in dry locations. Do not expose to moisture or extreme temperatures.
- **Handling:** Handle the light fixture with care to avoid damage.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- 1x BRILONER LED Pendant Light (Model 8008015)
- Mounting accessories (screws, anchors, bracket)
- User Manual

4. SETUP AND INSTALLATION

Follow these steps for safe and proper installation of your BRILONER LED Pendant Light.

1. **Prepare for Installation:** Ensure the power supply to the installation area is turned off at the main circuit breaker.
2. **Mount the Bracket:** Secure the mounting bracket to the ceiling or track system using the provided screws and anchors. Ensure it is firmly attached.
3. **Connect Wiring:** Connect the electrical wires from the ceiling/track system to the terminal block inside the pendant light's canopy. Ensure correct polarity (Live, Neutral, Earth).
4. **Attach Canopy:** Secure the pendant light's canopy to the mounting bracket, ensuring all wires are tucked safely inside.
5. **Adjust Height:** The cable length can be adjusted to achieve the desired suspension height.
6. **Install Bulb (if applicable):** This model features an integrated LED board. No separate bulb installation is required.
7. **Restore Power:** Once installation is complete and secure, restore power at the main circuit breaker.

5. OPERATING INSTRUCTIONS

Dimming Function:

The BRILONER LED Pendant Light is infinitely dimmable. If connected to a compatible dimmer switch (not included), you can adjust the light output from 0% to 100% to create the desired ambiance. Ensure your dimmer switch is suitable for LED lighting.

System Compatibility:

This pendant light is designed as a modular component for BRILONER track systems. It can be easily added to expand existing setups, such as starter sets 8000045 and 8000046, allowing for flexible lighting configurations.

Image 5.2: The modular design allows combination with other BRILONER track components.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your pendant light.

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth to wipe the surface of the fixture. Do not use abrasive cleaners, solvents, or liquids that could damage the finish or electrical components.
- **LED Board:** The LED light source is integrated and not user-replaceable. If the LED board fails, the entire fixture may need to be replaced.

7. TROUBLESHOOTING

If you encounter issues with your BRILONER LED Pendant Light, refer to the following table for common problems and solutions.

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Loose wiring; Faulty switch	Check circuit breaker; Verify wiring connections; Test switch functionality.
Light flickers	Incompatible dimmer; Loose connection; Voltage fluctuations	Ensure dimmer is LED compatible; Check wiring; Consult an electrician for voltage issues.
Light is too dim/bright	Dimmer setting; Incorrect dimmer type	Adjust dimmer; Ensure dimmer is compatible with LED and supports the desired range.

8. TECHNICAL SPECIFICATIONS

Detailed specifications for the BRILONER LED Pendant Light (Model 8008015).

Feature	Detail
Model Number	8008015
Brand	Briloner
Dimensions (DxH)	Ø40 x 100 mm (Pendant body)
Total Length (with cable)	Approx. 1450 mm (adjustable)
Power Consumption	4.5W
Lumen Output	450 lumens
Color Temperature	3000K (Warm White)
Dimmable	Yes, infinitely dimmable
Material	Modern, Polycarbonate
Color	Matte Black
Energy Efficiency Class	F
Components Included	Mounting accessories
Assembly Required	Yes

9. WARRANTY AND SUPPORT

This product is covered by a return policy of 14 days, as per Amazon's standard return policy. For specific warranty details beyond this period, please refer to the manufacturer's official website or contact their customer service.

For technical support, troubleshooting assistance, or inquiries regarding replacement parts, please contact BRILONER customer service through their official channels. Always provide your product model number (8008015) when seeking support.
