4. Operating Instructions (How to Play)

Game Overview

The goal of Disney Villainous: Treacherous Tides is to be the first player to achieve your unique villain's objective. Players take turns performing actions on their Realm Board, playing cards, and using their villain's special abilities, while also dealing with Fate cards played by opponents.

Player Turn Sequence

1. **Move Your Villain:** Move your Villain Mover to any location on your Realm Board that does not currently contain your Villain Mover.
2. **Perform Actions:** Perform any or all of the actions available at your current location. Actions may include gaining Power, playing cards, activating abilities, or moving items/allies.
3. **Draw Cards:** Draw cards from your Villain Deck until you have four cards in your hand. If your Villain Deck runs out, shuffle your discard pile to form a new deck.

Villain Objectives

Each villain has a distinct objective that must be met to win the game:

- **Davy Jones' Objective:** Collect all 5 Treasure tokens.
- **Tamatoa's Objective:** Have the Heart of Te Fiti and Maui's Hook at Tamatoa's Lair.

Fate Actions

When an opponent performs a Fate action on their turn, they draw two cards from your Fate Deck, choose one, and play it to your Realm. Fate cards typically introduce Heroes or other obstacles that hinder your progress towards your objective.
