Bburago 18-28511

Bburago 1:24 2024 Race McLaren MCL38 Model Kit Instruction Manual

Model: 18-28511

INTRODUCTION

This manual provides detailed instructions for the assembly, care, and maintenance of your Bburago 1:24 2024 Race McLaren MCL38 Model Kit. This authentic die-cast metal model kit, featuring Lando Norris's #4 car and helmet, is designed for enthusiasts aged 14 and above. Please read all instructions carefully before beginning assembly.

SAFETY INFORMATION

Warning: This product is intended for external use only. Keep small parts away from young children to prevent choking hazards. Adult supervision is recommended for users under the age of 14.

WHAT'S IN THE BOX

Your Bburago McLaren MCL38 Model Kit package should contain the following components:

- Diecast Vehicle components (car body, wheels, etc.)
- Driver figure with helmet
- Assembly instructions

Image: Contents of the Bburago McLaren MCL38 Model Kit as seen in its packaging. Includes the car body, wheels, and a driver figure.

SETUP AND ASSEMBLY

This model kit requires assembly. Follow the included assembly instructions carefully. No glue or paint is needed for this model, as parts are designed to snap together or be secured with screws (if applicable, check specific instructions).

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the "What's in the Box" section are present.
2. **Review Instructions:** Read the specific assembly instructions provided in your kit thoroughly before starting.
3. **Assemble Chassis:** Begin by assembling the main chassis components as directed.
4. **Attach Wheels:** Secure the wheels to the axles. Ensure they rotate freely.
5. **Install Driver:** Place the driver figure with the helmet into the cockpit.
6. **Final Details:** Attach any remaining smaller details or aerodynamic elements.

Ensure all connections are secure before handling the assembled model.

OPERATING (DISPLAY AND HANDLING)

This Bburago model is a static display item with manual operation for its wheels. It is not designed for high-impact play.

- **Display:** Place the model on a stable, flat surface away from direct sunlight, extreme temperatures, and high

humidity to preserve its finish and material integrity.

- **Handling:** Always handle the model by its main body. Avoid gripping delicate parts like wings, mirrors, or antennas, as these can be fragile.
- **Movement:** The wheels are designed to roll manually. Do not force movement or apply excessive pressure.

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your model kit.

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and gently wipe.
- **Avoid Chemicals:** Do not use abrasive cleaners, solvents, or alcohol-based products, as these can damage the paint finish and plastic components.
- **Storage:** If storing the model, keep it in a cool, dry place, preferably in its original packaging or a protective display case to prevent dust accumulation and accidental damage.

TROUBLESHOOTING

If you encounter any issues during assembly or with the model, consider the following:

- **Missing Parts:** Double-check the packaging and all components. If parts are genuinely missing, contact Bburago customer support.
- **Parts Not Fitting:** Ensure you are using the correct parts for each step as per the assembly instructions. Some parts may require gentle but firm pressure to snap into place. Do not force parts excessively.
- **Damaged Parts:** If any part is damaged upon arrival, do not attempt to assemble it. Contact customer support for a replacement.

SPECIFICATIONS
