1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your IRONCK Shoe Storage Cabinet, Model HK-AZXG-01. This freestanding cabinet features two flip drawers, a barn door design, and additional storage options, making it suitable for entryways and other living spaces.

Please read this manual thoroughly before assembly and use to ensure proper installation and to maximize the lifespan of your product.

2. SAFETY INFORMATION

Important Safety Instructions:

- Always secure the cabinet to the wall using the provided anti-tipping kit to prevent tipping. This is crucial for household safety, especially in homes with children or pets.
- Do not overload the cabinet. While designed for strong load-bearing capacity, exceeding its limits can compromise stability and structural integrity.
- Follow all assembly instructions carefully. Incorrect assembly can lead to instability and potential hazards.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- Ensure all screws and fasteners are tightened securely before use and periodically check for any loosening.

**Prevent Tip-over Incidents
Ensuring Your Family's Safety**

The anti-tipping kit is an essential safety component. Install it as directed in the assembly instructions to anchor the cabinet securely to the wall.

3. SETUP AND ASSEMBLY

Your IRONCK Shoe Storage Cabinet requires assembly. All necessary parts and clear installation instructions are included in the package. Each component is labeled to facilitate the assembly process.

3.1 Package Contents

Before beginning assembly, verify that all components listed in the parts diagram are present and undamaged. If any parts are missing or damaged, please contact customer support.

3.2 Assembly Steps

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Follow the step-by-step instructions provided in the separate assembly guide. Pay close attention to diagrams and part labels.
3. Ensure all screws and fasteners are hand-tightened initially, then fully tightened once the structure is stable. Avoid over-tightening.

4. Install the anti-tipping kit as instructed to secure the cabinet to a wall stud or appropriate anchor point.

4. OPERATION

The IRONCK Shoe Storage Cabinet is designed for efficient and organized storage of various footwear and accessories.

4.1 Flip Drawers for Shoe Storage

The cabinet features two flip-down drawers, each containing two layers of storage space. These layers are equipped with adjustable and removable partitions.

- **Adjustable Partitions:** The middle wooden board in each layer has three adjustable height settings. This allows you to customize the space to accommodate different shoe sizes and styles, from flats to heels.
- **Removable Partitions:** For larger items or boots, the partitions can be completely removed to create a single, larger compartment within the flip drawer.

4.2 Additional Storage Features

- **Side Shelves and Hooks:** The cabinet includes integrated shelves and hooks on the side, ideal for storing items such as umbrellas, shopping bags, keys, or other small accessories.
- **Top Surface:** The flat top surface provides additional space for decorative items, keys, or other entryway essentials.
- **Top Drawer:** A dedicated top drawer offers concealed storage for smaller personal items.

ADDITIONAL SHELVES

5. MAINTENANCE

To keep your IRONCK Shoe Storage Cabinet in optimal condition, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or warping of the wood finish.

6. TROUBLESHOOTING

If you encounter any issues with your shoe cabinet, refer to the following common solutions:

- **Assembly Difficulty:** If assembly seems challenging, double-check the instruction manual diagrams

and ensure all parts are correctly oriented. Sometimes, a small detail can make a significant difference. Ensure you have all necessary tools.

- **Cabinet Instability:** Ensure all fasteners are securely tightened. Verify that the anti-tipping kit is properly installed and anchored to a solid surface. Uneven floors can also cause instability; consider using furniture levelers if needed.
- **Drawers Not Opening/Closing Smoothly:** Check for any obstructions within the drawer mechanism or if shoes are preventing full closure. Ensure the drawer slides are correctly installed and lubricated if necessary. If the wood appears to warp over time, ensure the cabinet is not exposed to excessive humidity or temperature fluctuations.
- **Missing or Damaged Parts:** If you find any parts missing or damaged upon unboxing, do not proceed with assembly. Contact customer support immediately for replacement parts.

7. SPECIFICATIONS

Feature	Detail
Brand	IRONCK
Model Number	HK-AZXG-01
Product Dimensions (D x W x H)	9.3"D x 34.8"W x 40"H
