Display Settings

The 15.6-inch FHD (1920x1080) display can be configured through Windows display settings. You can adjust resolution, refresh rate, and multiple display options.

Maintenance

Cleaning the Laptop

Use a soft, lint-free cloth slightly dampened with water or a specialized screen cleaner to clean the display. For the chassis and keyboard, use a dry, soft cloth. Avoid harsh chemicals.

Battery Care

To prolong battery life, avoid extreme temperatures and do not leave the laptop fully charged or fully discharged for extended periods. Calibrate the battery periodically if recommended by MSI.

Software Updates

Regularly update your operating system, drivers, and applications to ensure optimal performance, security, and compatibility. Check the official MSI website for the latest driver updates for your model.
