## 4. SETUP AND CONNECTION

### 4.1 Charging the Headphones

1. Connect the provided USB-C charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status. A full charge provides up to 90 hours of playtime with lights off, or approximately 24 hours with lights on. A 10-minute charge provides about 8 hours of playtime.

## 4.2 Powering On/Off

- **Power On:** Press and hold the Power button for 2 seconds until the LED indicator lights up.
- **Power Off:** Press and hold the Power button for 3 seconds until the LED indicator turns off.

## 4.3 Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for 5 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop, etc.), enable Bluetooth and search for available devices.
4. Select "EarFun K4" from the list of devices.
5. Once connected, the LED indicator will flash blue slowly.

## 4.4 Wired Mode

To use the headphones in wired mode, connect the provided 3.5mm audio cable to the headphone's audio jack and the other end to your device's audio output. This mode does not require battery power.

## 5. OPERATING INSTRUCTIONS

### 5.1 Volume Control

The EarFun K4 headphones feature three volume limit settings to protect hearing:

- **Normal Mode:** 74dBA
- **Study Mode:** 85dBA
- **Travel Mode:** 94dBA

To switch between volume limit modes, simultaneously press the "+" and "-" buttons once after pairing.

## 6. MAINTENANCE

### 6.1 Cleaning

- Wipe the headphones with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Avoid getting moisture into any openings.

### 6.2 Storage

- Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- The foldable design allows for compact storage.

# Upgraded Comfort All Day

**Adjustable  
from 1 to 8**

**Foldable  
Structure**

**Memory Foam**

**Durable & Flexible  
Material**

## 7. TROUBLESHOOTING

- **Headphones not powering on:** Ensure the headphones are fully charged.
- **Cannot pair with device:** Make sure the headphones are in pairing mode (LED flashing blue/red). Turn off and on your device's Bluetooth, then try pairing again.
- **No sound:** Check the volume level on both the headphones and your connected device. Ensure the headphones are properly connected via Bluetooth or the 3.5mm audio cable.
- **LED lights not working:** Check if the LED light function is enabled and cycle through the modes using the dedicated button.
- **Poor sound quality:** Ensure the headphones are within the Bluetooth range (up to 20 meters). Try disconnecting and reconnecting.
