

## AIYAPLAY 370-371V90RD

# AIYAPLAY Toyota Land Cruiser 12V Electric Ride-On Car User Manual

Brand: AIYAPLAY | Model: 370-371V90RD

For ages 37-72 months

## 1. INTRODUCTION

Thank you for choosing the AIYAPLAY Toyota Land Cruiser 12V Electric Ride-On Car. This manual provides essential information for the safe assembly, operation, and maintenance of your new electric vehicle. Please read this manual thoroughly before use and retain it for future reference. This officially licensed Toyota Land Cruiser offers a realistic driving experience for children, featuring multimedia functions, headlights, a horn, and parental remote control capabilities.

## 2. SAFETY INFORMATION

- **Adult Supervision Required:** Always supervise children while they are operating the ride-on car.
- **Age Recommendation:** This product is suitable for children aged 37 to 72 months.
- **Weight Limit:** Do not exceed the maximum load capacity of 30 kg (66 lbs).
- **Battery Safety:**
  - Do not charge the battery for more than 20 hours.
  - Only use the provided charger.
  - Ensure the battery is fully charged before first use.
- **Remote Control Batteries:** The remote control requires 2 AAA batteries (not included).
- **Assembly:** Adult assembly is required. Ensure all parts are correctly installed and secured before use.
- **Operating Environment:** Use the vehicle on smooth, flat surfaces. Avoid slopes, uneven terrain, water, or public roads.
- **Protective Gear:** Children should wear appropriate safety gear, such as a helmet, when operating the vehicle.
- **Compliance:** This product conforms to EN71-1-2-3 and EN62115 safety standards.

### 3. WHAT'S IN THE BOX

Please check the contents of the package against the list below:

- 1 x AIYAPLAY Toyota Land Cruiser Electric Car
  - 1 x Remote Control
  - 1 x 12V Battery (pre-installed)
  - 1 x Charger
  - 4 x Wheels (casters)
  - 1 x Steering Wheel
  - 1 x Seat
  - Headlight components
  - 1 x Instruction Manual
- 

### 4. ASSEMBLY AND SETUP

Adult assembly is required for this product. Please refer to the detailed assembly instructions provided in the included printed manual for step-by-step guidance. Ensure all connections are secure and all screws are tightened before the first use.

#### Initial Battery Charging

1. Locate the charging port on the vehicle.
  2. Connect the charger to the charging port and then plug it into a standard wall outlet.
  3. For the first charge, allow 4-6 hours. Subsequent regular charges should take 8-12 hours.
  4. Do not charge for more than 20 hours to prevent battery damage.
- 

### 5. OPERATING INSTRUCTIONS

#### Manual Driving

- **Start:** Press the power button to turn on the vehicle.
- **Acceleration:** Press the foot pedal to move forward. Release to brake.
- **Steering:** Use the steering wheel to control direction.
- **Speed Selection:** Use the speed selector switch (if available) to choose between low, medium, or high speed. The vehicle offers three adjustable speeds (3-5 km/h).

#### Parental Remote Control

The included remote control allows parents to safely guide the vehicle. This feature is ideal for younger children or for ensuring safety in certain environments.

- **Pairing:** Follow the instructions in the printed manual to pair the remote control with the vehicle.
- **Controls:** The remote control typically includes buttons for forward/backward, left/right steering, speed selection, and an emergency stop.
- **Range:** The remote control has an operating range of approximately 15 meters.

# MANDO A DISTANCIA PARA PADRES O CONDUCCIÓN PARA NIÑOS

## 7. MAINTENANCE

### Battery Care

- Charge the battery fully after each use.
- If storing the vehicle for an extended period, charge the battery at least once a month to prolong its lifespan.
- Do not expose the battery to extreme temperatures.

### Cleaning

- Wipe the vehicle with a soft, damp cloth.
- Do not use abrasive cleaners or solvents.
- Avoid spraying water directly onto electrical components.

## 8. TROUBLESHOOTING

If you encounter any issues with your AIYAPLAY Toyota Land Cruiser Electric Car, please refer to the following general troubleshooting tips:

- **Vehicle Not Moving:**

- Check if the battery is charged.
- Ensure all power connections are secure.
- Verify the power switch is in the 'ON' position.

- **Remote Control Not Working:**

- Replace the AAA batteries in the remote control.
- Re-pair the remote control with the vehicle according to the instructions.

- **Reduced Power/Speed:**

- The battery may need recharging.
- Ensure the vehicle is not overloaded (check maximum weight capacity).

For persistent issues or technical support, please contact AIYAPLAY customer service.
