2. Safety Information

Please read all instructions before using this fan and retain them for future reference. Failure to follow these instructions may result in electric shock, fire, or injury.

- Do not insert fingers or any objects into the fan grille when the fan is operating.
- Ensure the fan is placed on a stable, level surface or securely clipped before operation.
- Keep the fan away from water or other liquids. Do not operate in wet conditions.
- Do not attempt to disassemble or repair the fan yourself. Contact qualified service personnel.
- Use only the provided USB-C charging cable or a certified equivalent.
- Keep out of reach of children and pets.
- Unplug the fan when not in use or before cleaning.

3. Package Contents

Verify that all items are present in the package:

5. Setup

The Holmes Personal Clip Fan requires no assembly and is ready to use out of the box.

- 1. Tabletop Placement:** Place the fan on a flat, stable surface. Ensure the base is firm and the fan will not tip over.
- 2. Clipping:** Open the clip at the base of the fan and securely attach it to a sturdy surface such as a desk edge, shelf, or bedframe. Ensure the clip has a firm grip and the fan is stable before operation.

Ideal for Desks, Tabletops, and Compact Spaces

7. Charging the Battery

The fan is equipped with a rechargeable battery for cordless operation. A full charge provides up to 5 hours of use on the lowest speed setting.

1. Connect the small end of the USB-C charging cable to the USB-C port on the back of the fan.
2. Connect the larger end of the USB cable to a USB power adapter (not included) or a powered USB port (e.g., computer, power bank).
3. The charging indicator light will illuminate (e.g., red for charging, green for fully charged). Refer to the specific indicator behavior on your fan model.
4. Allow sufficient time for the battery to fully charge before initial cordless use.

8. Maintenance

Regular cleaning helps maintain optimal performance.

- **Cleaning:** Ensure the fan is turned off and unplugged before cleaning. Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners or allow water to drip into the motor housing.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place, preferably in its original packaging.

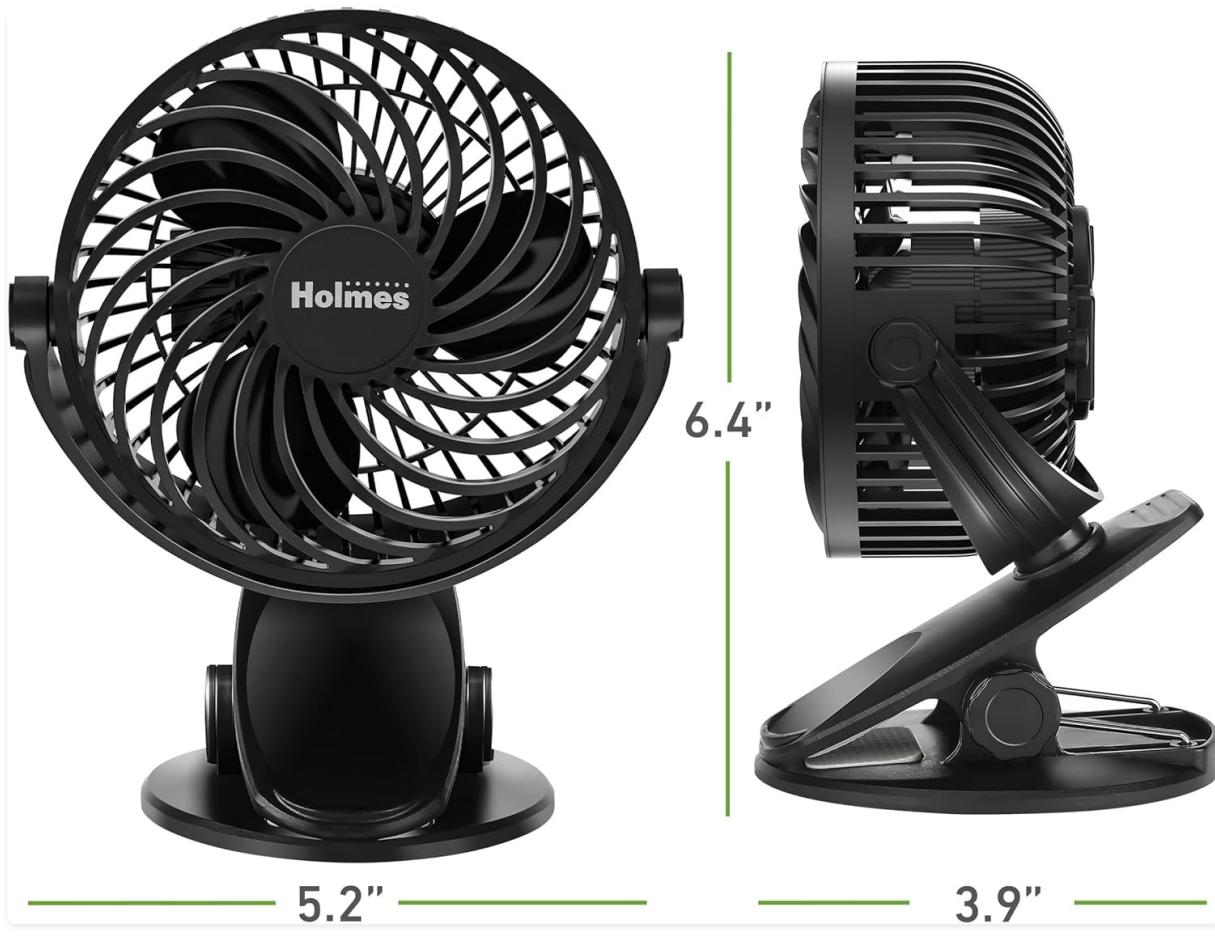

9. Troubleshooting

Problem	Possible Cause	Solution
