Tribesigns 012SLLYT

Tribesigns 86.6-Inch Two-Person Desk Instruction Manual

Model: 012SLLYT

1. INTRODUCTION

Thank you for choosing the Tribesigns 86.6-inch Two-Person Desk. This extra-long desk is designed to provide a spacious and stable workspace for two individuals, suitable for various activities such as working, studying, or gaming. Constructed from premium engineered wood with a natural oak finish, it offers both durability and a simple aesthetic that complements diverse home and office decors.

This manual provides detailed instructions for assembly, usage, maintenance, and troubleshooting to ensure you get the most out of your new desk. Please read it carefully before beginning assembly or use.

2. SAFETY INFORMATION

To ensure safe use and prevent injury or damage, please adhere to the following safety guidelines:

- Always assemble the desk strictly according to the provided instructions. Deviations may compromise structural integrity.
- Ensure the desk is placed on a level surface. Use the adjustable leg pads to stabilize the desk and prevent wobbling.
- Do not place heavy objects on the desk that exceed its weight limit. Overloading can lead to instability and potential collapse.
- Keep small parts and assembly tools out of reach of children during assembly.
- Avoid standing or sitting on the desk. It is designed for holding equipment and supporting work activities, not as a seating surface.
- Regularly check all fasteners to ensure they remain tight. Loose fasteners can affect stability.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components and hardware are present. Refer to the included parts list in your package. The package typically includes:

- Desktop panels
- Leg panels with integrated shelves
- Connecting hardware (screws, dowels, cam locks, etc.)
- Adjustable leg pads
- Assembly tools (e.g., Allen wrench, screwdriver)
- Step-by-step instruction manual

If any parts are missing or damaged, please contact customer service immediately for assistance.

4. SETUP AND ASSEMBLY

The Tribesigns Two-Person Desk is designed for straightforward assembly. It is recommended that **two people** participate in the assembly process to ensure ease and safety, as some components are large and heavy. Assembly typically takes approximately 1 to 1.5 hours.

Required Tools:

- Included Assembly Tools (Allen wrench, screwdriver)
- Optional: A personal screwdriver for faster assembly.

Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches. Compare each part with the parts list in the instruction manual to ensure everything is present and undamaged.
2. **Attach Leg Pads:** Screw the adjustable leg pads into the bottom of the leg panels. These will help level the desk on uneven floors.
3. **Assemble Leg Structures:** Follow the diagrams in your manual to connect the side panels and bottom shelves of each leg structure using the specified hardware (e.g., dowels and screws). Ensure all connections are secure.
4. **Connect Leg Structures to Desktop:** Carefully align the assembled leg structures with the pre-drilled holes on the underside of the desktop. Secure them using the provided screws and cam locks. It is crucial to have a second person assist in holding the desktop steady during this step.
5. **Tighten All Fasteners:** Once the main structure is assembled, go back and gently tighten all screws and fasteners. Do not overtighten, as this can damage the engineered wood.
6. **Position the Desk:** With assistance, carefully lift and move the assembled desk to its desired location. Adjust the leg pads as needed to ensure the desk is stable and level.

5. OPERATING AND USAGE

The Tribesigns Two-Person Desk is designed for versatility and comfort in various settings. Its extra-long surface provides ample space for multiple users and equipment.

Key Features:

- **Spacious Workspace:** The 86.6-inch length and 27.56-inch width accommodate two full workstations, including dual monitors, keyboards, and other peripherals, without feeling crowded.
- **Sturdy Construction:** Made from premium MDF (engineered wood) with a thickened top and widened legs, ensuring stability and durability for long-term use.
- **Adjustable Leg Pads:** Integrated into the desk legs, these pads allow for fine-tuning the desk's height and stability on uneven floor surfaces, preventing wobbling.
- **Versatile Application:** Ideal for home offices, study rooms, gaming setups, or even as a large dining or conference table.

Recommended Uses:

- **Dual Workstations:** Set up two complete computer systems for collaborative work or shared office space.
- **Gaming Setup:** Ample room for two gaming rigs, multiple monitors, and accessories.
- **Creative Projects:** Large surface area is suitable for drawing, crafting, or spreading out project materials.

Image 5.2: The desk used as a spacious single workstation, highlighting its adaptability.

6. MAINTENANCE

Proper care and maintenance will extend the life and preserve the appearance of your Tribesigns desk.

- **Cleaning:** Wipe the desk surface regularly with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the finish. For stubborn marks, use a mild soap solution and dry immediately.
- **Spills:** Clean up spills immediately to prevent moisture from penetrating the engineered wood and causing swelling or discoloration.
- **Heat and Moisture:** Use coasters under hot beverages and placemats under dishes to protect the surface from heat and moisture rings.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood finish over time.
- **Weight Distribution:** Distribute weight evenly across the desktop. Avoid concentrating heavy items in one small area.

- **Fastener Checks:** Periodically check all screws and connections to ensure they are tight. Retighten as necessary, but do not overtighten.

7. TROUBLESHOOTING

If you encounter any issues with your Tribesigns desk, refer to the following common troubleshooting tips:

Desk is Wobbly:

- **Check Leg Pads:** Ensure all adjustable leg pads are making firm contact with the floor. Adjust them individually to level the desk on uneven surfaces.
- **Tighten Fasteners:** Re-check and tighten all assembly screws and connections. Loose fasteners are a common cause of instability.
- **Level Surface:** Confirm the desk is placed on a flat, level floor.

Missing or Damaged Parts:

- If you discover any missing or damaged parts upon unpacking, do not proceed with assembly. Contact Tribesigns customer service immediately with your product model number and a description of the issue.

Difficulty During Assembly:

- **Review Instructions:** Double-check the step-by-step instructions and diagrams. Ensure you are using the correct hardware for each step.
- **Two-Person Assembly:** Remember that this desk is recommended for two-person assembly. Having an extra pair of hands can significantly ease the process, especially when aligning large components.
- **Do Not Force:** If parts do not fit easily, do not force them. Re-examine the orientation and ensure you have the correct parts for that step. Forcing parts can cause damage.

8. SPECIFICATIONS

Feature	Detail
Brand	Tribesigns
Model Number	012SLLYT
Product Dimensions (L x W x H)	86.61" x 27.56" x 29.53" (220cm x 70cm x 75cm)
