## Ambimall RPT-ZGB20213

# Ambimall RPT-ZGB20213 Floor Lamp User Manual

MODEL: RPT-ZGB20213

## Introduction

Thank you for choosing the Ambimall RPT-ZGB20213 Floor Lamp. This minimalist pole lamp is designed to provide versatile lighting with three adjustable color temperatures, enhancing the ambiance of any room. Its sleek design and easy assembly make it a practical addition to bedrooms, living rooms, or offices. Please read this manual carefully before assembly and operation to ensure safe and efficient use.

*The Ambimall RPT-ZGB20213 Floor Lamp offers a minimalist and modern look, fitting seamlessly into various room styles.*

## What's in the Box

Carefully unpack all components and ensure you have the following items:

- Lamp Base

- Lamp Poles (multiple sections)
- Lampshade (rolled)
- Lampshade Support Rings
- 9W LED Bulb (3 Color Temperatures)
- Power Cord with Pull Chain Switch

## Setup and Assembly

Assembly of your Ambimall floor lamp is designed to be straightforward and requires no additional tools. Follow these steps:

1. **Attach Poles to Base:** Carefully twist the lamp pole sections together, ensuring each section is securely tightened. Insert the assembled pole into the lamp base and twist until firm.
2. **Assemble Lampshade:** The lampshade comes rolled. Gently unroll it and wrap it around the provided wire frame. Secure the lampshade by closing the Velcro strip along the seam.
3. **Install Lampshade:** Place the assembled lampshade onto the top of the lamp pole, ensuring it rests securely on the support rings.
4. **Insert LED Bulb:** Screw the included 9W LED bulb into the lamp socket. Do not overtighten.
5. **Connect Power:** Plug the power cord into a standard electrical outlet.

For a visual guide on assembly, please refer to the video below:

*Video: Demonstrates the easy assembly process of the Ambimall Floor Lamp, including unboxing and setting up the components.*

## Operating Instructions

Your Ambimall floor lamp features a convenient pull chain switch and a 9W LED bulb with three adjustable color temperatures:

- **3000K Warm White:** Provides a cozy and inviting glow.
- **4000K Natural White:** Offers a balanced and neutral light, ideal for general tasks.
- **5000K Daylight White:** Delivers bright, crisp light suitable for reading or focused work.

To cycle through the color temperatures, simply pull the chain switch repeatedly. Each pull will switch to the next color temperature in sequence (Warm White > Natural White > Daylight White > Off).

The included LED bulb offers three distinct color temperatures to suit various moods and activities. Watch the video below to see how to change the light settings:

Video: Demonstrates cycling through the three different color temperatures of the Ambimall Floor Lamp using the pull chain.

## Maintenance

To maintain the appearance and functionality of your floor lamp:

- **Cleaning:** Dust the lamp pole and base with a soft, dry cloth. For the linen lampshade, use a lint roller or a soft brush to remove dust. Do not use liquid cleaners on the lampshade.
- **Bulb Replacement:** Ensure the lamp is unplugged before replacing the bulb. Use only E26 base LED bulbs, not exceeding 60W equivalent.

## Troubleshooting

If you encounter any issues with your Ambimall floor lamp, please refer to the following common solutions:

- **Lamp Does Not Turn On:**
  - Ensure the power cord is securely plugged into a working electrical outlet.
  - Check if the light bulb is screwed in correctly and is not loose.
  - Verify that the light bulb is not burnt out. Replace if necessary.
- **Light Flickers:**
  - Tighten the light bulb in the socket.
  - Ensure the electrical connection is stable.
- **Difficulty Changing Color Temperature:**
  - Ensure you are pulling the chain switch firmly and consistently.
  - If the bulb is not responding, try turning the lamp off and on again from the wall outlet, then attempt to change the temperature.

### Safety Information

- Always unplug the lamp from the electrical outlet before cleaning or replacing the bulb.
- Do not use the lamp in wet or damp locations.
- Ensure the lamp is placed on a stable, level surface to prevent tipping.
- Keep the power cord away from heat sources and sharp edges.
- Do not exceed the maximum wattage for the light bulb specified (60W equivalent).

### Warranty and Support

For warranty information or technical support, please contact Ambimall customer service through the retailer where you purchased the product. Keep your purchase receipt as proof of purchase.
