Vipbear Full Size Adjustable Bed Frame with 10-Inch Tencel Memory Foam Mattress Instruction Manual

Model: ABF01-VIP | Brand: Vipbear

INTRODUCTION

Thank you for choosing the Vipbear Full Size Adjustable Bed Frame with 10-Inch Tencel Memory Foam Mattress. This manual provides essential information for the safe assembly, operation, and maintenance of your new adjustable bed system. Please read all instructions carefully before use and retain this manual for future reference.

This product combines a sturdy metal adjustable bed base with a comfortable 10-inch Tencel memory foam mattress, designed to enhance your sleep experience with customizable positions and features like Zero Gravity and Anti-Snore presets.

SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Always follow the safety instructions and weight limit guidelines provided with the product to ensure safe use and prevent injury or damage. The maximum weight limit for this bed frame is 750 pounds.
- Ensure all components are securely fastened before use.
- Keep hands and feet clear of moving parts during operation.
- Do not allow children or pets to play on or under the adjustable bed frame.
- Unplug the power cord before cleaning or performing any maintenance.
- For best results, hand wash only for mattress care.

PACKAGE CONTENTS

Your package should contain the following items:

- 1x Adjustable Bed Base
- 1x 10-inch Tencel Memory Foam Mattress
- 1x Wireless Remote Control
- Adjustable Legs
- Mattress Retainer Bar
- Power Cord
- Instruction Manual

Note: The mattress and bed frame are shipped in multiple packages. If you receive only part of them, please wait patiently for 7 days for the remaining packages to arrive.

SETUP & ASSEMBLY

The Vipbear adjustable bed frame is designed for easy assembly. Please follow these steps:

1. **Unbox Frame:** Carefully remove the adjustable bed frame from its packaging. The frame comes folded in half.
2. **Secure Legs:** Unfold the bed frame and hand-tighten the adjustable legs into the designated slots. Ensure all legs are stable and at your desired height.
3. **Install Mattress Retainer Bar:** Attach the mattress retainer bar at the foot of the bed frame to prevent the mattress from sliding.
4. **Add Mattress:** Place the 10-inch Tencel memory foam mattress onto the bed frame. The compressed mattress will expand to its original shape within 24-48 hours after unpacking.
5. **Plug In:** Connect the power cord to the bed frame and then to a wall outlet.

OPERATING INSTRUCTIONS

Your Vipbear adjustable bed frame comes with a wireless remote control for convenient operation. Ensure the bed is plugged into a working power outlet before use.

Wireless Remote Control Functions:

- **Head Up/Down:** Adjusts the head section of the bed (0° - 65°).
- **Foot Up/Down:** Adjusts the foot section of the bed (0° - 45°).
- **Zero Gravity Preset:** Elevates both head and foot to a position that mimics weightlessness, promoting pressure relief.
- **Anti-Snore Preset:** Slightly raises the head to open airways and reduce snoring.
- **Flat Preset:** Returns the bed to a completely flat position.
- **Memory Presets (M1/M2):** Allows you to save and recall your favorite positions. Consult the remote's specific instructions for saving custom positions.

MAINTENANCE & CARE

- **Mattress Care:** The mattress cover is removable and can be hand washed. Do not machine wash or tumble dry. Allow to air dry completely.
- **Frame Care:** Wipe the metal frame with a damp cloth to clean. Avoid using harsh chemicals or abrasive cleaners.
- **General:** Regularly check all bolts and connections to ensure they remain tight.

TROUBLESHOOTING

If you encounter any issues with your adjustable bed frame, please refer to the following common solutions:

- **Bed Not Responding to Remote:** Ensure the power cord is securely plugged into both the bed frame and a working wall outlet. Check if the remote batteries need replacement.
- **Motor Noise:** A slight hum from the motor during adjustment is normal. If the noise is excessive or unusual, ensure no objects are obstructing the moving parts.
- **Bed Functions Stop Working:** Ensure the bed is not too close to a wall or object that might impede its movement. Clear any obstructions.
- **Mattress Not Fully Expanded:** Allow 24-48 hours for the compressed mattress to fully expand after unpacking. Ensure it is placed in a well-ventilated area.

If problems persist, please contact Vipbear customer support for assistance.
