MAINTENANCE AND CARE

General Cleaning

Regularly vacuum the sofa using a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain and damage the velvet fabric.

Removable Covers

The seat cushion covers are removable for easier cleaning. Follow the care instructions on the fabric label for specific washing guidelines. Typically, velvet covers require gentle cleaning methods to maintain their texture and appearance.

Preventative Measures

- Avoid direct sunlight exposure to prevent fading.
- Keep pets with sharp claws away from the fabric to prevent snags.
- Rotate cushions periodically to ensure even wear.

TROUBLESHOOTING

If you encounter any issues with your Belffin sectional sofa, please refer to the following common solutions:

- **Loose Connections:** If modules feel unstable, check that all connecting hardware is securely locked.
- **Uneven Cushions:** Allow newly unboxed cushions time to fully expand. Fluff and rotate them regularly to maintain shape.
- **Sleeper Mechanism Stiffness:** Ensure the area around the pull-out bed is clear of obstructions. Apply gentle, even pressure when extending or retracting the bed.

For persistent issues, please contact customer support.
