2. SETUP

The JOYBOS 3-Tier Medicine Storage Box requires no assembly. It arrives ready for immediate use.

2.1 Unboxing and Initial Inspection

1. Carefully remove the storage box from its packaging.
2. Remove any protective films or wrapping from the exterior of the box and its compartments.
3. Inspect the box for any signs of damage during transit. If any damage is found, please refer to the Warranty & Support section.

2.2 Understanding the Tiers

The storage box consists of three tiers: a large bottom compartment and two transparent upper compartments. These tiers are designed to stack securely and can be separated for individual access or cleaning.

Image 2.1: The three tiers of the JOYBOS storage box, illustrating potential organization by category.

3. OPERATING THE STORAGE BOX

3.1 Opening and Closing Tiers

Each transparent upper tier is secured by latches on both sides. To open a tier:

1. Gently pull the side latches outwards to release the tier.
2. Lift the tier upwards to access the contents below or to remove it completely.

To close a tier:

1. Align the tier with the one below it.
2. Press down firmly until the side latches click into place, ensuring a secure closure.

Image 3.1: The secure latches ensure tiers remain connected.

3.2 Organizing Your Supplies

The 3-tier design allows for flexible organization:

- **Bottom Tier:** Ideal for larger items such as bottles of cough syrup, larger first aid supplies, or bulkier medications.
- **Middle Tier:** Suitable for medium-sized items like smaller medicine bottles, ointments, or bandages.
- **Top Tier:** Perfect for small, frequently used items such as blister packs, small tubes, or cotton swabs.

Great little first aid and Rx storage for the cost.

Image 3.2: Suggested organization for different types of medications across the tiers.

3.3 Portability

The integrated leather handle allows for easy transport of the entire unit. Ensure all tiers are securely latched before lifting.

Image 3.3: The portable leather handle facilitates easy carrying.

3.4 Versatile Use Cases

Beyond medical supplies, this organizer is suitable for various purposes:

- **Crafts Storage:** Organize beads, threads, small tools, and other craft supplies.
- **Kids' Toys:** Store small building blocks, toy cars, or educational items.
- **Travel Essential:** Pack toiletries, small electronics, or other personal items for trips.

Video 3.3: Illustrating the box's use as a durable craft organizer.

Video 3.4: A demonstration of how the 3-tier box organizes various items.

4. MAINTENANCE

4.1 Cleaning Instructions

To maintain hygiene and appearance, clean the storage box regularly:

- Wipe the exterior and interior surfaces with a soft, damp cloth and mild soap.
- Avoid abrasive cleaners or harsh chemicals, as these can damage the plastic material.
- Ensure all parts are thoroughly dry before reassembling or storing items.

4.2 Important Cleaning Note

Due to the design with multiple tiers and latches, some crevices may be challenging to clean thoroughly. Regular wiping is recommended to prevent dust and debris accumulation.

5. TROUBLESHOOTING

5.1 Items Not Fitting

The bottom compartment is designed to accommodate various sizes, but some taller bottles (e.g., certain cough syrups) may not fit upright. Consider storing such items horizontally or in a different location if they exceed the height of the bottom tier.

Image 5.1: Refer to the product dimensions for optimal item placement.

6. SPECIFICATIONS

Feature	Detail
Brand	JOYBOS
Model Number	JBS-YX-SJ03-KJP-JWT
Color	White
Material	Plastic
Product Dimensions	13.3 x 8.6 x 10.1 inches
Item Weight	3.8 Pounds
Number of Tiers	3

Feature	Detail
Special Feature	Dustproof, Portable Handle
Opening Mechanism	Lock, Snap
Assembly Required	No
