4. SETUP

4.1 Charging the Smartwatch

1. Connect the provided charging cable to the charging port on the back of your smartwatch.
2. Plug the USB end of the cable into a standard USB power adapter (not included) or a computer's USB port.
3. The watch display will indicate charging status. A full charge takes approximately 150 minutes.

Note: Ensure the charging pins are clean and properly aligned with the watch's charging contacts.

4.2 Powering On/Off

- **Power On:** Press and hold the side button (working crown) for a few seconds until the GOBOULT logo appears.
- **Power Off:** Press and hold the side button, then select 'Power Off' on the screen.

4.3 Pairing with Your Smartphone

To unlock the full functionality of your smartwatch, pair it with the companion application on your smartphone.

1. Download and install the official GOBOULT companion app from your smartphone's app store (available for Android and iOS).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the GOBOULT app and follow the on-screen instructions to create an account or log in.
4. In the app, select 'Add Device' or 'Pair New Device' and choose 'Drift Max' from the list of available devices.
5. Confirm the pairing request on both your smartphone and smartwatch.

Note: For optimal performance, keep your smartwatch and smartphone within Bluetooth range.

5. OPERATING INSTRUCTIONS

5.1 Navigating the Interface

- **Touchscreen:** Swipe left, right, up, or down to access different menus and features. Tap to select.
- **Working Crown:** Rotate the side button to scroll through menus or adjust settings. Press it to return to the home screen or confirm selections.

5.2 Bluetooth Calling

With Bluetooth 5.2, you can make and receive calls directly from your wrist.

Bluetooth 5.2

Instant connections, endless conversations.

Image: The smartwatch displaying an incoming call with options to answer or reject, illustrating the Bluetooth 5.2 calling feature.

- **Answering/Rejecting Calls:** When a call comes in, tap the green icon to answer or the red icon to reject.
- **Making Calls:** Access the dial keypad or recent contacts from the watch menu to initiate a call.
- **Dedicated Mic and Speaker:** Ensures clear audio during calls.

5.3 Watch Faces

Personalize your smartwatch with a variety of watch faces.

Image: A dynamic display of multiple watch faces available for the GOBOULT Drift Max Smartwatch, including cloud-based and custom photo options.

- **Changing Watch Faces:** Long-press the home screen or navigate to the 'Watch Face' settings in the menu.
- **Cloud-Based Watch Faces:** Access over 250 additional watch faces via the companion app.
- **Custom Watch Face:** Upload your own photos to create a personalized watch face.

5.4 Sports Modes and Fitness Tracking

Track your physical activity with over 120 sports modes.

120+ Sports Modes

Track your passion. Break your limits.

Image: The smartwatch displaying fitness metrics like steps, calories, and exercise duration, with icons representing various sports modes such as running, cycling, and yoga.

- **Accessing Sports Modes:** Navigate to the 'Sports' menu on your watch.
- **Tracking:** Select your desired activity (e.g., Running, Cycling, Yoga, Swimming, Cricket, Badminton, Basketball) to start tracking. The watch will record steps, calories burned, and distance.
- **Data Sync:** All activity data will sync with the companion app for detailed analysis.

5.5 Health Monitoring

Monitor your well-being with integrated health sensors.

Health

Track, monitor, and optimize your wellness journey.

Image: The back of the smartwatch showing optical sensors, surrounded by icons representing various health features: Water Reminder, Heart Rate Monitoring, Stress Monitoring, SpO2 Monitoring, Menstrual Tracker, KCAL Calorie Tracker, Sleep Monitoring, and Blood Pressure.

- **Heart Rate Monitoring:** Continuous 24/7 heart rate tracking.
- **SpO2 Monitoring:** Measure blood oxygen levels.
- **Blood Pressure Monitoring:** Track your blood pressure.
- **Sleep Monitoring:** Analyze your sleep patterns.
- **Stress Monitoring:** Monitor stress levels throughout the day.
- **Female Menstrual Cycle Tracking:** Provides insights into menstrual health.
- **Water Reminder:** Set reminders to stay hydrated.

Note: Health monitoring data is for reference only and should not be used for medical diagnosis or treatment. Consult a medical professional for health concerns.

5.6 Smart Notifications & AI Voice Assistant

- **Notifications:** Receive real-time alerts for calls, messages, and social media apps directly on your wrist. Manage notification settings through the companion app.
- **AI Voice Assistant:** Activate the voice assistant (e.g., Google Assistant, Siri) by tapping the icon or

using a designated gesture. Use voice commands to control watch features, check weather, set alarms, etc.

Productivity Suite

Intelligent AI Voice Assistant

Image: The smartwatch screen displaying the AI Voice Assistant interface, along with notification icons for messages and social media, and reminders for goal achievement and hydration.

5.7 Additional Features

- **Find My Phone:** Locate your paired smartphone by triggering an alert from your watch.
- **Remote Camera:** Use your watch as a remote shutter for your phone's camera.
- **Flashlight:** Utilize the screen as a temporary light source.
- **Weather Details:** Get current weather information.
- **World Clock:** View times in different time zones.
- **Calculator:** Perform basic calculations.

Find my Phone

Simply Life, Stay in control

Additional Features

- Remote Camera
- Flashlight
- Weather details
- World clock
- Calculator

Image: The smartwatch screen showing the 'Finding phone' interface, alongside a list of additional features like Remote Camera, Flashlight, Weather details, World clock, and Calculator.

6. MAINTENANCE

6.1 Cleaning Your Smartwatch

- Wipe the watch screen and body with a soft, lint-free cloth.
- For stubborn stains, slightly dampen the cloth with water.
- Avoid using abrasive materials, harsh chemicals, or cleaning sprays, as these can damage the watch's finish and seals.

6.2 Water Resistance (IP68)

IP68 Water Resistant

Unbeatable durability for any environment

Image: The smartwatch submerged partially in water, illustrating its IP68 water-resistant and dust-proof capabilities.

The GOBOULT Drift Max Smartwatch is rated IP68, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. However, it is not suitable for hot water, saunas, or deep diving.

- Rinse the watch with fresh water after exposure to saltwater or chlorinated water.
- Dry the watch thoroughly before charging to prevent corrosion.

6.3 Battery Care

- Avoid fully discharging the battery frequently.
- Store the watch in a cool, dry place if not used for extended periods.
- Use only the provided charging cable.

7. TROUBLESHOOTING

If you encounter issues with your GOBOULT Drift Max Smartwatch, refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30

minutes.

- **Cannot pair with phone:**

- Ensure Bluetooth is enabled on both devices.
- Make sure the watch is within range of your phone.
- Restart both the watch and the phone.
- Clear Bluetooth cache on your phone (if applicable).

- **Inaccurate health data:**

- Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- Clean the sensor on the back of the watch.
- Avoid excessive movement during measurements.

- **Notifications not appearing:**

- Check notification settings in the GOBOULT companion app.
- Ensure the app has necessary permissions on your phone.
- Verify that the watch is connected to your phone via Bluetooth.

- **Short battery life:**

- Reduce screen brightness.
- Disable continuous heart rate monitoring if not needed.
- Limit frequent use of power-intensive features like Bluetooth calling.

If the issue persists, contact GOBOULT customer support for further assistance.
