› Foldable Toddler Tower with 3 Heights, Kids Step Stool for 1.5-6 Years, Toddler Standing Tower for Bathroom Sink, Stool for Kids Anti-Drop (White)

## Guzoea TT001

# Guzoea Foldable Toddler Tower Instruction Manual

Model: TT001 | Brand: Guzoea

## INTRODUCTION

The Guzoea Foldable Toddler Tower is designed to provide a safe and versatile platform for children aged 1.5 to 6 years, allowing them to engage in various activities at counter height. Its adjustable design, robust construction, and foldable nature make it an ideal addition to any home, fostering independence and participation in daily tasks.

## IMPORTANT SAFETY WARNINGS

- **Adult Supervision Required:** Always ensure an adult is present and actively supervising the child when the toddler tower is in use.
- **Proper Assembly:** Ensure all components are correctly assembled and all screws are securely tightened before each use. Refer to the "Setup" section for detailed instructions.
- **Weight Limit:** Do not exceed the maximum weight limit of 9 pounds. Exceeding this limit may compromise the stability and safety of the tower. *(Note: This weight limit seems unusually low for a toddler tower. Please verify with manufacturer if this is correct.)*
- **Anti-Drop and Anti-Tip Features:** The tower is designed with guardrails and an "A" type stable structure with anti-slip feet. Always ensure these features are correctly engaged to prevent accidental falls or tipping.

- **Stable Surface:** Place the toddler tower on a flat, stable, and non-slip surface. Avoid uneven or slippery floors.
- **Avoid Climbing on Exterior:** Children should only enter and exit the tower through the designated opening. Do not allow climbing on the exterior frame.
- **Keep Clear:** Ensure the area around the tower is clear of obstacles and hazards during use.

## PRODUCT FEATURES

### Height Adjustable Design

Our toddler stepping stool features three adjustable height modes, making it suitable for children of varying heights within the 1.5-6 years age group. This design allows the tower to grow with your child, ensuring long-term usability.

Figure 2: The three adjustable height levels for the standing platform.

### Folding Storage Capability

The Foldable Toddler Tower can be easily folded for convenient storage, saving valuable space in your home. It can be stored compactly in corners or against walls. For the first and second gear modes, simply flip the pedal upward to fold. For the third mode, remove the inner screw connecting the pedal to the support bar before flipping the pedal upward.

Figure 3: The toddler tower in its folded position for compact storage.

### **Widened Pedal for Enhanced Protection**

The kids kitchen step stool features a widened edge height on its pedal, offering stronger support than traditional cloth meshes. This design prevents feet from slipping out from underneath, providing improved protection for your child whether standing or sitting.

**ELEVATING PEDAL.**  
Can provide better  
protection against falls

Figure 4: Detail of the elevating pedal, designed for better protection against falls.

### "A" Type Stable Structure

The tower incorporates an 'A' stabilizing structure with two additional support plates, enhancing its sturdiness. Two bottom anti-slip feet stabilizers are also included to ensure the tower stands firmly and remains in position during use, minimizing shaking.

Figure 5: The "A" type stable structure and anti-tip feet for enhanced safety.

## Guardrail Design

Equipped with reversible guardrails and a wide base, the toddler standing tower provides stability and support. This design helps prevent accidental falls while your child explores and learns.

## ANTI-TIP FEET

Anti-tip Feet to prevent toddler from falling

Figure 6: The guardrail design provides protection for standing and prevents falls.

### Wide Range of Applications (2-in-1 Functionality)

The versatile design allows the toddler kitchen stool to offer both sitting and standing options. It can be used as a kitchen counter stool to encourage cooking and baking curiosity, or to develop autonomy by allowing children to reach items on tables or shelves. It can also be converted into a chair for use in the kitchen, bathroom, or study room.

## 2 IN 1 SIT AND STAND IN STYLE

Figure 7: The 2-in-1 design allows for both sitting and standing use.

### Easy to Clean

The smooth surface of the toddler tower makes it easy to wipe down and clean. It is suitable for use in various environments, including the kitchen and bathroom.

Figure 8: The smooth surface ensures easy cleaning.

## SETUP AND ASSEMBLY

The Guzoea Foldable Toddler Tower requires assembly. Please follow the steps below carefully. All necessary tools are included in the package. For a visual guide, please refer to the official assembly video:

Your browser does not support the video tag.

Video 1: Official Assembly Guide for the Guzoea Toddler Tower. This video demonstrates the step-by-step process of assembling the tower, including attaching the main frame, platform, and safety bars.

1. **Unpack and Identify Parts:** Carefully unpack all components and compare them with the parts list in your included manual to ensure nothing is missing.
2. **Assemble the Main Platform:** Attach the side panels to the main platform using the provided screws and tools. Ensure all connections are secure.
3. **Assemble the Top Guardrail:** Connect the two wooden bars to the white side pieces of the top guardrail using the

designated screws.

4. **Assemble the Main Frame:** Attach the wooden support bars to the main white frame pieces. Pay attention to the alignment of the holes for the adjustable platform.
5. **Attach Anti-Slip Feet:** Secure the wooden anti-slip feet to the bottom of the main frame using the provided screws.
6. **Install the Adjustable Platform:** Insert the main platform assembly into the desired height slots on the main frame. Secure it with the long screws and wooden knobs.
7. **Attach the Top Guardrail Assembly:** Connect the assembled top guardrail to the main frame using the pivot screws, allowing it to swing for access and folding.
8. **Final Check:** Double-check all screws and connections to ensure the tower is stable and safe for use.

## OPERATING INSTRUCTIONS

### Adjusting Height

The toddler tower offers three height settings for the standing platform. To adjust the height:

1. Remove the long screws and wooden knobs securing the platform to the main frame.
2. Carefully slide the platform to the desired "1 Gear", "2 Gear", or "3 Gear" position, aligning the holes.
3. Re-insert and securely tighten the long screws and wooden knobs.

Figure 9: The height adjustment points are clearly marked as 1, 2, and 3 Gear.

### Folding for Storage

To fold the tower for compact storage:

1. Ensure the top guardrail is in the open position (swung backward).
2. If the platform is in the "3 Gear" (highest) position, you must first remove the inner screw where the pedal is connected to the support bar.
3. Flip the pedal of the toddler stool upward.
4. Gently push the front and back legs together until the tower folds flat.

## A CHILD'S EXPLORATION HELPER

Figure 10: Visual guide on how to fold the toddler tower for storage.

### Converting to a Chair

The tower can be converted into a chair for sitting. To do this, flip the top guardrail 180 degrees so it acts as a backrest for the child sitting on the platform.

Figure 11: The guardrail can be flipped to convert the tower into a chair.

## MAINTENANCE

To ensure the longevity and hygiene of your Guzoea Foldable Toddler Tower, regular maintenance is recommended:

- **Cleaning:** Wipe down all surfaces with a damp cloth and mild soap as needed. Avoid abrasive cleaners or harsh chemicals that could damage the wood or finish.
- **Drying:** After cleaning, ensure all parts are thoroughly dried to prevent moisture damage or warping of the wood.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Storage:** When not in use, store the folded tower in a dry place away from extreme temperatures or direct sunlight.

## TROUBLESHOOTING

If you encounter any issues with your Guzoea Foldable Toddler Tower, please refer to the common problems and solutions below:

- **Issue: Assembly is difficult or instructions are unclear.**

**Solution:** Double-check that you have identified all parts correctly according to the manual's parts list. Refer to the assembly video in the "Setup" section for a visual, step-by-step guide. Ensure you are using the correct screws for each step.

- **Issue: The tower feels unstable or wobbly after assembly.**

**Solution:** Ensure all screws are fully tightened. Verify that the "A" type stable structure and anti-slip feet are correctly installed and positioned on a flat, even surface. Re-check the connections of the main frame and platform.

- **Issue: Cannot fold the tower when the platform is at the highest setting.**

**Solution:** This is a known operational characteristic. When the platform is set to the "3 Gear" (highest) position, you must remove the inner screw connecting the pedal to the support bar before attempting to fold the tower. This allows the pedal to flip upward for folding.

- **Issue: Child's feet are slipping on the pedal.**

**Solution:** Ensure the pedal is clean and dry. The pedal has a widened edge for better protection, but always ensure the child is wearing appropriate footwear or has good grip. Supervise closely.

## SPECIFICATIONS

Attribute	Value
Brand	Guzoea
Model Name	TT001
Color	White
Product Dimensions	18.5"D x 26.38"W x 35.23"H
Item Weight	16.81 pounds
Weight Limit	9 Pounds
Age Range (Description)	Toddler (1.5-6 Years)
Maximum Height (Platform)	17 Inches
Special Feature	Portable, Adjustable Height, Foldable, Non-Skid Feet
Room Type	Bathroom, Kitchen, Living Room, Study Room
Assembly Required	Yes
Country of Origin	China
Date First Available	January 18, 2025

## **WARRANTY AND SUPPORT**

For warranty information, product support, or to inquire about replacement parts, please contact Guzoea customer service through the retailer where you purchased the product or visit the official Guzoea website. Please have your model number (TT001) and purchase date ready for faster assistance.

We are committed to ensuring your satisfaction and the safety of your child.
