Motor Nuclear Nezha

Motor Nuclear Nezha Instruction Manual

Model: Nezha | Brand: Motor Nuclear

INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, operation, and maintenance of your Motor Nuclear Nezha model. The Nezha model is a highly detailed mobile suit featuring diecast metal parts, an action base, and various interchangeable weapons and accessories. Please read this manual thoroughly before beginning assembly or operation to ensure proper handling and longevity of your model.

SAFETY INFORMATION

For External Use Only: This product is a collectible model and is not intended for consumption. Keep out of reach of small children due to small parts which may pose a choking hazard. Recommended age for assembly and handling is 20 years and up.

WHAT'S IN THE BOX

Upon opening the package, verify that all components are present:

- Motor Nuclear Nezha mobile suit components
- Various weapons and accessories
- Action base for display
- Special fire wheels effect parts

SETUP AND ASSEMBLY

The Motor Nuclear Nezha model features an inner frame with diecast metal parts, providing stability and durability. Assembly typically involves attaching armor pieces, weapons, and effect parts to the main frame. Follow the detailed diagrams provided in the separate assembly guide (if applicable) for specific step-by-step instructions.

1. **Inspect Components:** Carefully unpackage all parts and inspect for any damage or missing pieces.
2. **Assemble Main Body:** Attach the armor pieces to the diecast inner frame, ensuring all connections are secure.
3. **Attach Weapons and Accessories:** Connect the various swords, spears, and other armaments to the designated attachment points on the model.
4. **Install Effect Parts:** Position the special fire wheels effect parts as desired to enhance the model's dynamic appearance.
5. **Assemble Action Base:** Construct the action base according to its specific instructions and attach the model securely for display.

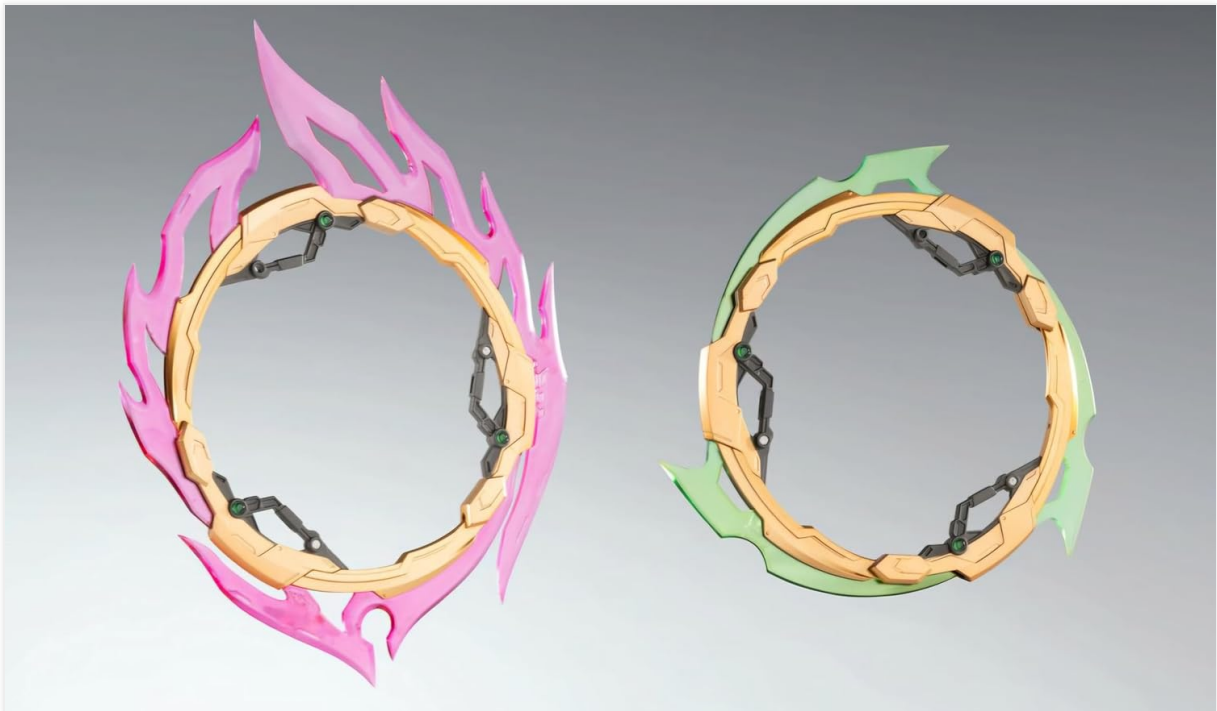

Image 3: Detailed view of the unique fire wheels effect parts, showing their design and potential for dynamic display.

OPERATING AND DISPLAY

The Motor Nuclear Nezha model is designed for dynamic posing and display. Its articulated joints and action base

allow for a wide range of expressive stances.

- **Posing:** Carefully manipulate the joints to achieve desired poses. Avoid excessive force to prevent damage to the diecast or plastic components.
- **Weapon Integration:** Weapons can be held in the model's hands or attached to designated hardpoints. Experiment with different weapon combinations for varied displays.
- **Action Base Usage:** The included action base provides stability for aerial or dynamic ground poses. Ensure the model is securely attached to the base's support arm.

Image 5: The Nezha model securely mounted on its action base, demonstrating stable display options.

MAINTENANCE

Proper maintenance ensures the longevity and pristine condition of your Motor Nuclear Nezha model.

- **Cleaning:** Use a soft, dry cloth or a soft brush to gently remove dust from the model. Avoid using harsh chemicals or abrasive materials, as these can damage the paint or plastic.
- **Storage:** When not on display, store the model in a cool, dry place away from direct sunlight and extreme temperatures. Original packaging can be used for long-term storage to protect against dust and impact.
- **Handling:** Always handle the model by its main body or sturdy parts. Avoid gripping small, delicate components or accessories to prevent breakage.

TROUBLESHOOTING

If you encounter any issues with your Motor Nuclear Nezha model, consider the following common solutions:

- **Loose Joints:** If a joint feels loose, carefully check if it is fully seated. Some joints may benefit from a very small amount of clear nail polish or specialized model joint tightener applied to the peg and allowed to dry, but proceed with caution.
- **Parts Not Fitting:** Ensure you are attempting to connect the correct parts as per the assembly guide. Sometimes, a slight rotation or gentle pressure is needed. Do not force parts together.
- **Missing Parts:** If you believe parts are missing, re-check the packaging thoroughly. If still missing, contact

the retailer or manufacturer's support.

SPECIFICATIONS

Feature	Detail
Product Dimensions	19 x 14 x 5 inches
Item Weight	5 pounds
ASIN	B0DTDSR8R4
Manufacturer Recommended Age	20 years and up
Manufacturer	Motor Nuclear

WARRANTY INFORMATION

Specific warranty details for the Motor Nuclear Nezha model are typically provided by the retailer or manufacturer at the time of purchase. Please retain your proof of purchase for any warranty claims. Generally, warranties cover manufacturing defects but do not cover damage resulting from improper assembly, misuse, or accidental breakage.

SUPPORT

For further assistance, questions, or to report missing/damaged parts, please contact the retailer from whom you purchased the Motor Nuclear Nezha model. You may also visit the official Motor Nuclear website for potential support resources or contact information.
