## Mpayel B7867

# Mpayel 13-inch Bladeless Ceiling Fan with LED Light and Remote

MODEL: B7867

## Introduction

---

Thank you for choosing the Mpayel 13-inch Bladeless Ceiling Fan with LED Light and Remote. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions thoroughly before installation and keep them for future reference.

## Product Features

---

- **Stepless Dimming & 3-Color Temperature Adjustment:** Adjust light brightness and choose between 6000K (white light), 4500K (natural light), and 3000K (warm light) to suit your preference.
- **Remote Control Operation:** Full control over fan speeds, light settings, timing (1/2 hour), and night light mode for convenience.
- **Bladeless Design:** Features 7 ABS blades enclosed within a metal frame for safety and a modern aesthetic.
- **Quiet AC Motor:** Operates with a silent bearing copper core motor, producing approximately 35 dB for minimal noise.
- **Light Memory Function:** Remembers your last light setting when turned off and on again.
- **Wide Application:** Suitable for various small spaces including bedrooms, basements, garages, and other interior rooms up to 16ft x 16ft.

## Safety Information

---

- Always turn off the power at the circuit breaker before installation or maintenance.
- Ensure all electrical connections comply with local codes and ordinances.
- Consult a qualified electrician if you are unsure about wiring or installation.
- Do not install the fan in a location where blades could strike objects or people.
- Ensure the mounting structure can support the weight of the fan.
- Do not attempt to repair or modify the fan yourself. Contact customer service for assistance.

## Package Contents

---

Verify that all components are present and undamaged before beginning installation.

- Mpayel 13-inch Bladeless Ceiling Fan Unit
- Remote Control
- Mounting Hardware Kit
- User Manual

## Installation Instructions

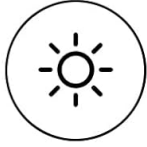

---

Most parts of this ceiling fan are pre-assembled for easier installation. Follow these general steps:

1. **Turn off Power:** Before starting, ensure the power supply to the installation area is completely off at the circuit breaker.
2. **Mount Bracket:** Securely attach the mounting bracket to the ceiling junction box. Ensure the bracket is firmly fixed and can support the fan's weight.
3. **Wire Connections:** Connect the fan's electrical wires to your household wiring according to the provided wiring diagram. Use wire nuts to secure connections.
4. **Attach Fan Unit:** Carefully lift the fan unit and attach it to the mounting bracket. Ensure all screws are tightened.
5. **Restore Power:** Once installation is complete, restore power at the circuit breaker and test the fan and light functions.

# MEMORY FUNCTION

The memory function can remember your light settings, and when you turn it on next time, it will keep the light you set before.

## Operating Instructions

Your Mpayel ceiling fan is controlled by the included remote. Ensure batteries are correctly inserted into the remote control.

Image: This image illustrates the stepless dimming feature and three color temperature options (6000K white, 4500K natural, 3000K warm) controlled by the remote.

Image: The ceiling fan with arrows indicating downward airflow, highlighting the remote control's ability to adjust fan speed (slow, middle, high) and light settings.

## Remote Control Functions

Button	Function
--------	----------

Button	Function
<b>ON/OFF (Fan)</b>	Turns the fan on or off.
<b>1-2 (Low Speed)</b>	Sets the fan to low speed.
<b>3-4 (Middle Speed)</b>	Sets the fan to medium speed.
<b>5-6 (High Speed)</b>	Sets the fan to high speed.
<b>Light ON/OFF</b>	Turns the LED light on or off.
<b>Dimming +/-</b>	Adjusts the brightness of the LED light (stepless dimming).
<b>Color Temp. (CCT)</b>	Cycles through 3 color temperatures: 6000K (white), 4500K (natural), 3000K (warm).
<b>1H/2H (Timer)</b>	Sets the fan/light to turn off automatically after 1 or 2 hours.
<b>Night Light Mode</b>	Activates a low-brightness night light setting.

## Maintenance

---

Regular maintenance ensures optimal performance and longevity of your fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan's exterior. Do not use abrasive cleaners or solvents. Ensure the power is off before cleaning.
- **Tighten Screws:** Periodically check and tighten all screws on the fan and mounting bracket to ensure secure operation.
- **Light Source:** The LED light source is integrated and not user-replaceable. If the light fails, contact customer service.

## Troubleshooting

---

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not operate.	No power supply; loose wiring; remote control battery low.	Check circuit breaker; ensure all wires are securely connected; replace remote control batteries.
Light does not turn on.	No power supply; loose wiring; LED failure.	Check circuit breaker; ensure all wires are securely connected; contact customer service if LED is faulty.
Remote control not responding.	Batteries low or incorrectly inserted; remote not paired.	Replace batteries; refer to remote pairing instructions (if applicable, usually involves pressing a button combination).
Fan makes excessive noise.	Loose screws; improper installation.	Check and tighten all mounting screws; ensure fan is installed level.

## Specifications

---

Feature	Detail
---------	--------

Feature	Detail
Brand	Mpayel
