Keeppley K20241

Keeppley Fire Starter Building Blocks Set - K20241 Instruction Manual

Model: K20241

INTRODUCTION

Thank you for choosing the Keeppley Fire Starter Building Blocks Set, model K20241. This manual provides detailed instructions for assembling, caring for, and troubleshooting your building block set. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable experience.

SAFETY INFORMATION

- **Warning:** Not suitable for children under 6 years due to small parts which may present a choking hazard.
- Adult supervision is recommended during assembly, especially for younger children.
- Keep all packaging materials away from children to avoid suffocation risks.
- Do not ingest any parts of the building block set.

PACKAGE CONTENTS

Please verify that all components are present before starting assembly:

- Assorted Building Blocks (100-200 pieces)
- Instruction Manual (this document)

If any parts are missing or damaged, please contact Keeppley customer support.

ASSEMBLY INSTRUCTIONS

Estimated assembly time: Approximately 30 minutes.

Follow the step-by-step guide below to assemble your Fire Starter Building Blocks Set. The patterns on the

blocks are silk-screened, ensuring durability and preventing discoloration or peeling.

Step 1: Prepare Your Workspace

Clear a flat, well-lit surface for assembly. Open the block bags and sort the pieces by color or type if desired. Keep small pieces in a container to prevent loss.

Image: Sorted building blocks on a clean workspace, ready for assembly.

Step 2: Build the Base Structure

Begin by constructing the base of the model as indicated in the diagrams. Ensure all connections are firm and secure.

Step 3: Add Details and Features

Continue adding layers and specific details according to the visual guide. Pay close attention to the placement of specialized pieces and the silk-screened elements, such as the succulents, to ensure correct orientation.

Step 4: Final Assembly

Complete the remaining sections, ensuring all parts are securely connected. Double-check the entire model for stability and accuracy against the provided diagrams.

CARE AND MAINTENANCE

- **Cleaning:** To clean the blocks, wipe them gently with a damp cloth. Do not submerge in water or use harsh chemicals, as this may damage the silk-screened patterns.
- **Storage:** Store the assembled model or disassembled blocks in a cool, dry place away from direct sunlight to prevent discoloration and warping.
- **Handling:** Handle the assembled model with care to avoid accidental disassembly.

TROUBLESHOOTING

Problem	Solution
Missing or damaged parts	Contact Keeppley customer support with your product model (K20241) and a description of the missing/damaged part.
Blocks do not connect securely	Ensure the blocks are aligned correctly and apply gentle, even pressure. Check for any debris inside the block studs or tubes.

Problem	Solution
Difficulty understanding assembly steps	Review the diagrams carefully. If still unclear, try re-reading the previous steps or seeking assistance from an adult.
