MAINTENANCE

To ensure the longevity and appearance of your Leeshyah toy shelf, follow these maintenance guidelines:

- **Spills:** Promptly clean up any spills to prevent staining or water damage, especially given the waterproof surface.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood.
- **Humidity:** Maintain a stable humidity level in the room to prevent warping or cracking of the wood.

TROUBLESHOOTING

If you encounter any issues with your Leeshyah toy shelf, refer to the following common problems and solutions:

- Wobbly Shelf:**
Solution: Ensure the shelf is placed on a level surface. Check all assembly screws and tighten them if loose. If necessary, use shims under the base to stabilize.
- Difficulty with Assembly:**
Solution: Re-read the assembly instructions carefully. Ensure all parts are correctly oriented before tightening screws. Do not force components together. If pre-drilled holes seem problematic, ensure you are using the correct hardware.
- Scratches or Minor Damage:**
Solution: For minor scratches, a wood repair marker or furniture polish designed for natural wood can be used.
