WINGBO 72-inch Ceiling Fan with Light and Remote Control (Model SYCF7214)

Instruction Manual

Safety Information Setup Operation Maintenance Troubleshooting Specifications Warranty & Support

Introduction

This manual provides detailed instructions for the safe installation, operation, and maintenance of your WINGBO 72-inch Ceiling Fan with Light and Remote Control (Model SYCF7214). Please read this manual thoroughly before installation and retain it for future reference.

Safety Information

Always follow basic safety precautions when installing and operating this appliance to reduce the risk of fire, electric shock, and personal injury.

- Ensure the power is turned off at the circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes.
- The mounting structure must be capable of supporting the fan's weight (refer to specifications).
- Do not operate the fan with damaged wiring or components.
- Keep hands and objects clear of the fan blades during operation.

Setup and Installation

This section guides you through the installation process of your ceiling fan. Professional installation is recommended if you are unfamiliar with electrical wiring.

Unpacking and Inspection

Carefully remove all components from the packaging. Inspect for any damage during transit. Ensure all parts listed in the packing list are present.

Mounting Options

The fan supports both flat and sloped ceiling installations. Select the appropriate downrod length for your ceiling height.

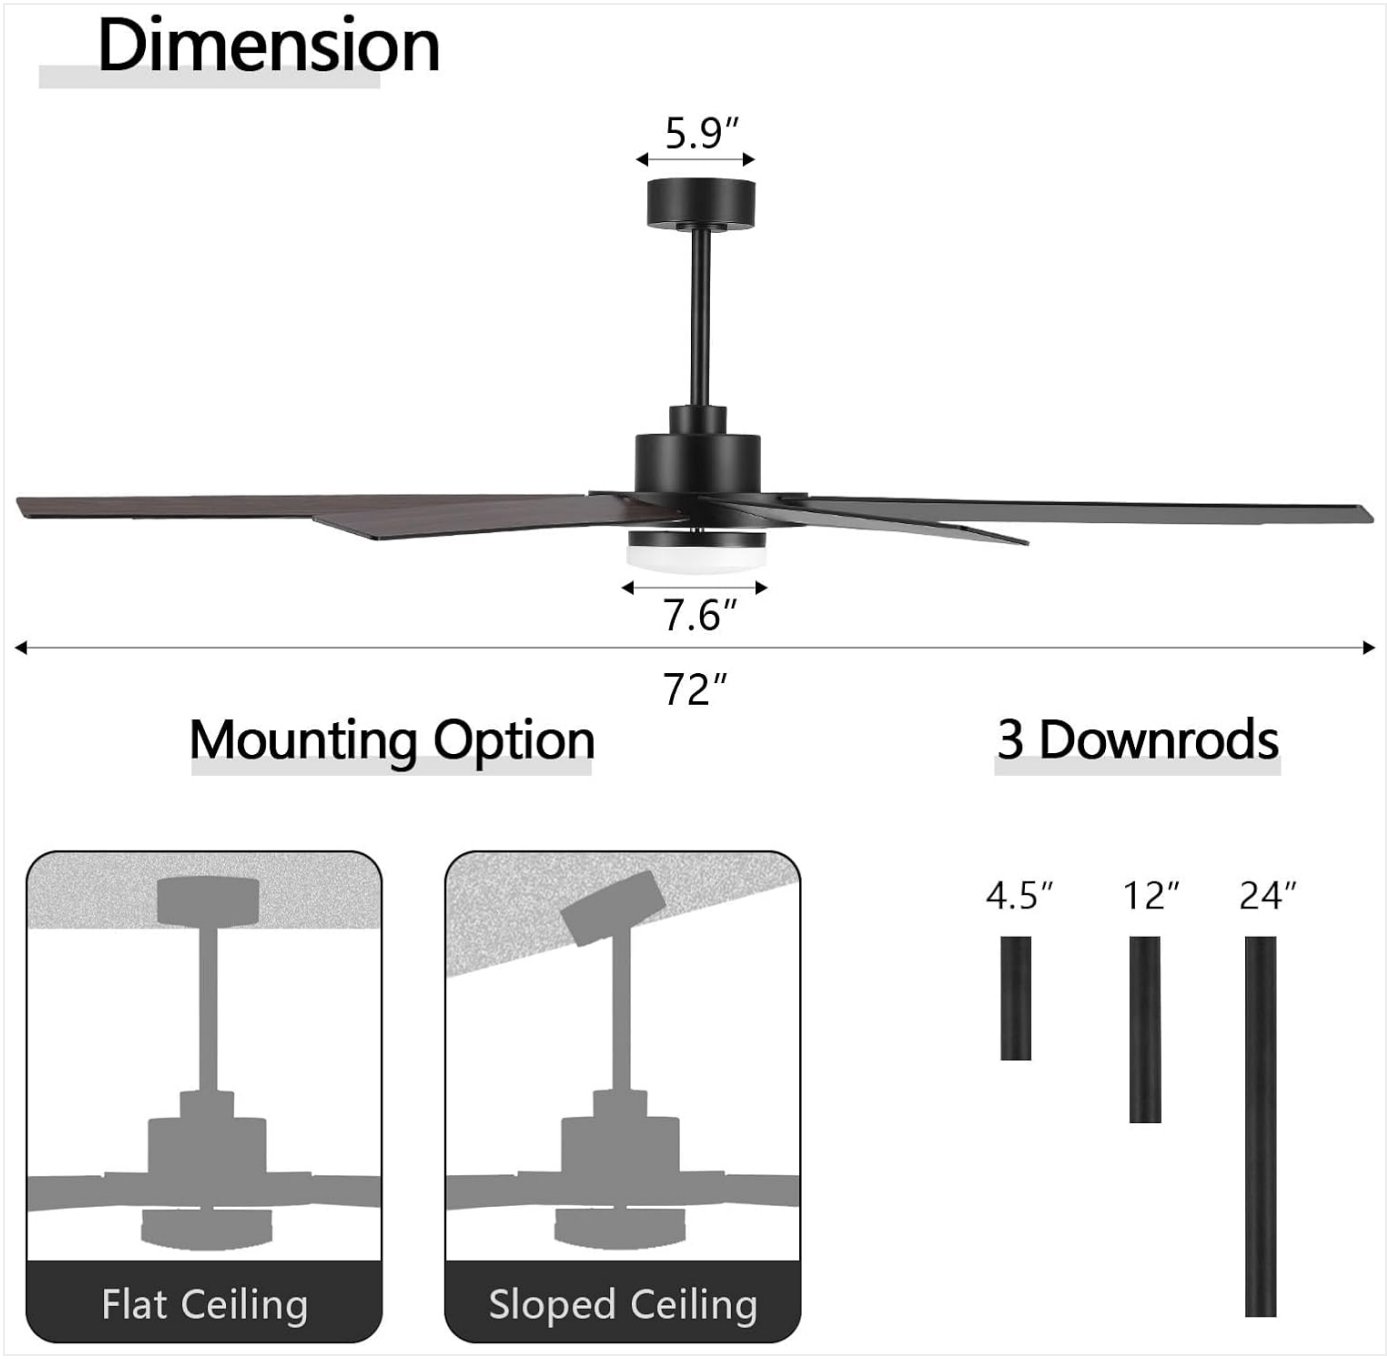

Image: Mounting options for flat and sloped ceilings, and available downrod lengths (4.5", 12", 24").

Image: Examples of the ceiling fan installed on both slanted and flat ceilings.

Blade Installation

The fan features double-sided blades with black and walnut finishes. Choose your preferred side during installation. Attach the blades securely to the motor housing.

Wiring and Remote Receiver Installation

Connect the fan's wiring to your household electrical system. Ensure the remote control receiver is properly installed within the canopy. Refer to the video for detailed steps.

Operation

Your WINGBO ceiling fan is operated via the included remote control, offering various settings for comfort and convenience.

Remote Control Functions

- **Power On/Off:** Press the power button to turn the fan and light on or off.

- **Fan Speed:** Select from 6 fan speeds to adjust airflow.
- **Light Control:**
    - **Dimmable LED:** Adjust light brightness from 10% to 100%.
    - **Color Temperature:** Cycle through 3 color temperatures: Warm White (3000K), Neutral White (4000K), and Cool White (6000K).
- **Reversible Motor:** Change the fan's rotation direction for summer (downward airflow) or winter (upward airflow) modes.
- **Timer Settings:** Set the fan to turn off automatically after 1, 4, or 8 hours.

Maintenance

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Dust the fan blades and motor housing periodically with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Tightening Fasteners:** Check all screws and fasteners on the fan and mounting hardware at least twice a year. Tighten any loose connections.
- **Blade Balance:** If the fan wobbles, ensure all blades are securely attached and balanced. A balancing kit (not

included) may be used if necessary.

- **Light Kit:** The LED light kit is integrated. If the light malfunctions, contact customer support.

Troubleshooting

Before contacting customer support, refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; loose wire connections; remote control battery low.	Check circuit breaker; ensure all wire connections are secure; replace remote control batteries.
Fan wobbles	Loose blades or mounting hardware; unbalanced blades.	Tighten all blade screws and mounting hardware; use a balancing kit to correct blade imbalance.
Light does not work	Loose wire connection to light kit; remote control issue.	Check light kit wiring; ensure remote control batteries are fresh and paired correctly.
Remote control not working	Low battery; not paired with receiver.	Replace batteries; refer to pairing instructions (if applicable, usually in the main manual).

Specifications

Key technical specifications for the WINGBO 72-inch Ceiling Fan (Model SYCF7214).

Feature	Detail
Brand	WINGBO
Model Number	SYCF7214
Size	72 inches
Color	Black and Walnut (reversible blades)
Power Source	DC Motor
Wattage	75 watts
Noise Level	45 Decibels (typically less than 35 dB during quiet operation)
Light Type	Integrated Dimmable LED Light Kit
Color Temperatures	3000K (Warm White), 4000K (Neutral White), 6000K (Cool White)
Control Method	Remote Control
Mounting Type	Ceiling Mount (Flat or Sloped)
Included Components	Light Kit, Remote Control, Downrods (4.5", 12", 24")
Material	Metal, Plastic
Indoor/Outdoor Usage	Indoor
