Pondee WaveRobo X1

Pondee X1 Robotic Pool Vacuum User Manual

Model: WaveRobo X1 | Brand: Pondee

INTRODUCTION

The Pondee X1 Robotic Pool Vacuum is an advanced, cordless solution for maintaining the cleanliness of your pool. Designed for both above-ground and flat-bottom in-ground pools up to 850 sq. ft., it efficiently tackles various types of debris, ensuring a pristine swimming environment with minimal effort.

Figure 1: Pondee X1 Robotic Pool Vacuum

This robotic cleaner features precision-engineered dual motors, dual suction ports, and brushes to power through dirt, debris, leaves, sand, and even small stones. Its hydrodynamic design and advanced filtration system contribute to powerful and efficient cleaning while reducing energy consumption.

SETUP

Before first use, ensure the unit is fully charged. The Pondee X1 features a fast 2.5-hour recharge time, providing up to 120 minutes of uninterrupted cleaning.

2.5h Fast charging

Always Ready for a Thorough Cleaning

	Pondee WaveRobo X1	Others
Charge Time	2.5hrs	4hrs
Runtime	120Mins	90mins
Cleaning Coverage	99%	90%
Cleaning Area	up to 850 Sq. ft	600 Sq. ft

Figure 2: Fast Charging Indicator

To charge, connect the adapter to the charging port located on the underside of the unit. The indicator light will show charging status. Once fully charged, disconnect the adapter.

OPERATING INSTRUCTIONS

Operating the Pondee X1 is simple and requires minimal effort.

1. **Activation:** Activate automated cleaning with just a single click of the power button located on the top of the unit.

Outperforming Runtime

Enjoy uninterrupted cleaning for each cleaning session

Figure 3: One-Click Operation

2. **Placement:** Gently submerge the cleaner into the pool. Ensure all trapped air is released to allow the unit to sink to the bottom and begin its cleaning cycle.
3. **Cleaning Cycle:** The X1 will navigate the pool floor, collecting debris. It is designed for flat-ground pools and will not climb walls or steps.
4. **Auto-Parking:** Once the cleaning cycle is complete or the battery is low, the Pondee X1 will automatically park itself by the pool wall for easy retrieval.

Self-Parking Technology

Figure 4: Self-Parking Feature

5. **Retrieval:** Use the included retrieval hook to easily lift the unit from the pool. The unit is designed for quick water drainage upon removal.

Effortless Retrieval

Quick water drainage within seconds and easy retrieval with the included hook

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Pondee X1.

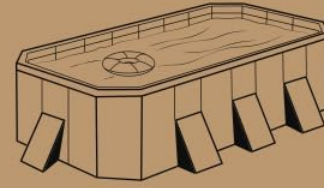

- **Filter Cleaning:** After each use, open the unit and remove the filter. Rinse the filter thoroughly under running water to remove collected debris. Ensure the filter is clean before reassembling the unit for the next use.

Cordless Robotic Pool Cleaner
Model:WaveRobo X1

FOR FLAT FLOORED POOLS ONLY
Suitable for flat floored pools with no slopes up to 850sq. ft

Pondee

Specifications

Model	WaveRobo X1
Applied Pool Type	Flat Floored Pools, Above Ground Pool
Running Time	Up to 120mins
Cleaning Area	Up to 850sq.ft(80m ²)
Waterproof Grade	IPX8
Water Temperature	50°F-104°F(10°C-40°C)
Storage Temperature	14°F-140°F(-10°C-60°C)
Filter Density	180um
Power	30W
Charge Input	100-240V,50/60Hz
Charge Output	12.6V/1.8A
Battery Capacity	4000mAh
Charging Time	2.5Hours
Product Size	13(L)x13(W)x8.6(H)inches:330(L)x330(W)x219(H)mm
Product Weight	7.49lbs(3.4kg)

- **Storage:** Store the unit in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

If you encounter any issues with your Pondee X1, consider the following:

- **Unit Not Moving:** Ensure the battery is fully charged. Check the filter for excessive debris that might be obstructing the motors or suction.
- **Ineffective Cleaning:** Clean the filter thoroughly. Verify that the pool surface is flat, as the unit is designed for flat-bottom pools and may struggle on slopes or uneven surfaces.
- **Unit Not Submerging:** Ensure all air is expelled from the unit by submerging it slowly and allowing bubbles to escape.

SPECIFICATIONS

Feature	Specification
Model Name	WaveRobo X1
Power Source	Battery Powered
Item Weight	10 Pounds
Runtime	120 Mins
Charging Time	2.5 Hours
Max Pool Area	Up to 850 sq. ft.
