ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for certain assembly stages.

Step 1: Unpacking and Preparation

Unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify all parts using the included parts list.

Step 2: Assembling the Main Desk Frame

Connect the metal frame components according to the diagrams in your separate assembly guide. Ensure all connections are secure but do not fully tighten screws until the entire frame is assembled.

Step 3: Installing the Storage Shelves

Attach the two-tier storage shelves to the designated section of the desk frame. These shelves are designed to hold items such as books, office supplies, or a CPU tower.

Step 4: Attaching the Fabric Drawers

Insert the four fabric drawers into their respective slots on the desk frame. Ensure the drawers slide smoothly. When assembling the fabric drawers, ensure they are correctly aligned with the frame to prevent tearing, as noted by some users.

The desk includes four fabric drawers, providing convenient and accessible storage for office supplies and personal items. One drawer is shown partially open, revealing its capacity.

The side of the desk features two open storage shelves, ideal for books, decorative items, or a CPU tower, as depicted on the bottom shelf.

Step 5: Positioning the Monitor Stand

Place the monitor stand on the main desktop area. This stand is designed to elevate your monitors for ergonomic viewing.

The full-size monitor stand elevates screens to an ergonomic height, promoting better posture and reducing neck strain during work or gaming sessions.

Step 6: Connecting Power Outlets and LED Lights

Integrate the power outlet unit and LED light strip into the designated areas. Connect the power cord to a wall outlet. The LED lights can be controlled via an app or a physical button.

This flexibility is determined during the initial frame assembly. Refer to the specific diagrams in your assembly guide for left-hand or right-hand orientation.
