HITHOS B0DTHQFMGS

HITHOS Twin Size Bed Frame with Button Tufted Headboard

Model: B0DTHQFMGS

INTRODUCTION

This manual provides comprehensive instructions for the assembly, safe operation, and proper maintenance of your HITHOS Twin Size Bed Frame with Button Tufted Headboard. Please read this guide thoroughly before beginning assembly and retain it for future reference. Adhering to these instructions will ensure the longevity and safe use of your bed frame.

SAFETY INFORMATION

Your safety is paramount. Please observe the following safety guidelines:

- Always use a fitted sheet to prevent entrapment.
- This bed frame is not intended for use by children under 2 years old.
- Always use bedding materials appropriate for the user's age and size.
- Do not exceed the maximum weight capacity of 700 lbs (317.52 kg).
- Ensure all bolts and screws are securely tightened before use and periodically check for tightness.
- Keep small parts away from children during assembly to prevent choking hazards.

PACKAGE CONTENTS

Before proceeding with assembly, carefully unpack all components and verify that all parts are present and undamaged. Refer to the included accessory bag and instructions for a complete list of components specific to your model.

- Upholstered Headboard
- Metal Frame Components (Side Rails, Footboard, Support Legs)
- Wooden Slats
- Accessory Bag (containing screws, bolts, washers, Allen wrench)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly of this bed frame is designed to be straightforward. All necessary tools are typically included in the accessory bag. Follow the step-by-step instructions provided in the separate assembly guide for detailed visual instructions.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Compare each part to the parts list in your assembly guide.
2. **Assemble Headboard and Footboard:** Attach the upholstered headboard and footboard sections to their respective metal frame supports using the provided hardware. Ensure connections are firm.
3. **Connect Side Rails:** Securely attach the side rails to the assembled headboard and footboard. Make sure all connections are aligned and tightened.
4. **Install Center Support Legs:** Attach any central support legs to the frame as indicated in the assembly guide. These are crucial for stability and weight distribution.
5. **Place Wooden Slats:** Position the wooden slats evenly across the frame. Many slat systems include a fastening mechanism (e.g., plastic caps or Velcro) to keep them securely in place.
6. **Final Tightening:** Once all parts are assembled, go back and re-tighten all screws and bolts to ensure maximum stability and prevent any wobbling or squeaking.

Image: Detailed dimensions of the Twin Size Bed Frame. Overall length is approximately 77.6 inches, width 40.9 inches, and headboard height 42.5 inches.

OPERATING INSTRUCTIONS

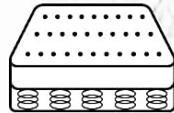

Mattress Placement

This bed frame is engineered to support a mattress directly on its robust wooden slat system. A box spring is not required, offering a streamlined and modern sleeping solution.

Suitable for Different Mattress

Mattress Recommended:
8"-12"

Mattress + Box Spring
Recommended Total Height:
8" -12 "

Compatible with
Adjustable Base

Image: Mattress compatibility guide. Recommended mattress thickness is between 8 and 12 inches for optimal comfort and aesthetic balance with the headboard. The frame is also compatible with adjustable bases.

Weight Capacity

The HITHOS Twin Size Bed Frame is designed to safely support a maximum weight of 700 lbs (approximately 317.52 kg). To ensure structural integrity and user safety, do not exceed this specified weight limit.

MAINTENANCE

Regular care will help maintain the appearance and functionality of your bed frame.

Cleaning

- **Upholstered Headboard:** For the velvet upholstered headboard, gently spot clean any spills or marks with a clean, damp cloth and a small amount of mild detergent. Blot the area dry immediately. Avoid using abrasive cleaners or harsh chemicals, which can damage the fabric.
- **Metal Frame:** Wipe the metal frame with a soft, dry, or slightly damp cloth to remove dust and dirt.

Regular Checks

Periodically (e.g., every 3-6 months), inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten any loose hardware as needed to maintain the bed frame's stability and prevent potential squeaking.

TROUBLESHOOTING

Below are common issues and their potential solutions:

Squeaking Noises

- **Cause:** Loose connections between metal parts or friction from slats.
- **Solution:** Re-tighten all assembly bolts and screws. Ensure all wooden slats are properly seated and not rubbing against the frame. Applying a small amount of lubricant (e.g., silicone spray) to metal-on-metal contact points can also help.

Instability or Wobbling

- **Cause:** Uneven assembly, loose hardware, or an uneven floor surface.
- **Solution:** Verify that all components are correctly assembled according to the instructions. Ensure all bolts are fully tightened. Check if the bed is placed on a level surface; use furniture pads if necessary to stabilize.

Damaged Parts

- **Solution:** If any parts are damaged upon arrival or during assembly, immediately cease assembly and contact customer support for assistance. Do not attempt to use damaged components, as this may compromise the bed frame's safety and stability.

SPECIFICATIONS

Feature	Detail
Brand	HITHOS
Model Number	B0DTHQFMGS
Size	Twin
Material	Metal frame, Velvet upholstered headboard
Product Dimensions (L x W x H)	197L x 104W x 108H centimetres (approx. 77.56" L x 40.95" W x 42.52" H)
Weight Capability	700 lbs (317.52 kg)
Under-bed Storage Height	9.6 inches
Mattress Compatibility	Twin size, 8-12 inches recommended thickness, no box spring needed
Special Feature	Squeak Resistant
Assembly	Easy assembly, no additional tools required (tools included)

WARRANTY AND SUPPORT

For detailed warranty information, please refer to the documentation included with your original purchase. It is recommended to keep your purchase receipt as proof of purchase for any warranty claims.

For technical support, missing parts, or any other inquiries, please contact HITHOS customer service. You can typically find contact details on your purchase platform or the official HITHOS website.
