2. PRODUCT FEATURES

- **Multi-functional Storage:** This farmhouse storage cabinet measures 15.75"W x 11.81"D x 67"H. It features 5 adjustable shelves and a single barn door, offering versatile storage options for towels, toiletries, kitchen utensils, and more.
- **Reversible Door Opening:** The cabinet door can be easily reversed to open from either the left or right side, allowing for flexible placement and catering to different space requirements.
- **Adjustable Shelves:** The interior shelves are adjustable to accommodate items of various heights and sizes, maximizing storage efficiency in compact spaces.
- **Multi-purpose Design:** Its slim and vertical design makes it suitable for various rooms, including bathrooms, kitchens, entryways, and living rooms, providing a practical storage solution without occupying excessive floor space.
- **Durable Construction:** Made of cold-rolled steel with a powder coating and rust-resistant layers, ensuring resistance to moisture, oxidation, and general wear.
- **Enhanced Stability:** Equipped with adjustable feet to ensure stability on uneven floors and includes hardware for wall-mounting to prevent tipping.

Magnetic Door
Open and close smoothly

Adjustable Shelves
meet different storage needs

Gold Metal Handles
Comfortable grip experience

Adjustable Legs
added extra stability

Quality Materials

Made of cold-rolled steel
it's rust-proof and easy to clean

Figure 2.2: Illustration of the cabinet's quality materials, including a powder coating, rust-resistant coating, and thick steel panel, ensuring durability and waterproof design.

3. SAFETY INFORMATION

Important Safety Precautions:

- Ensure the cabinet is properly anchored to the wall using the provided hardware to prevent tipping, especially in households with children or pets.
- Do not overload shelves beyond their recommended weight capacity to maintain stability and prevent damage.
- Keep small parts and assembly hardware away from children to prevent choking hazards.

4. PACKAGE CONTENTS

Refer to the packing list included with your product for a complete list of components and hardware. Verify all parts are present and undamaged before beginning assembly.

5. ASSEMBLY INSTRUCTIONS

The Baborokic Tall Metal Storage Cabinet is designed for straightforward assembly. All necessary hardware and an easy-to-follow instruction manual are included. A screwdriver is the only tool required for assembly.

For a visual guide, please refer to the official assembly video below:

Video 5.1: Official assembly and feature overview for the Baborokic Tall Metal Storage Cabinet. This video demonstrates the assembly process and highlights key features such as the adjustable shelves and magnetic door closure.

Key Assembly Steps:

1. Unpack all components and verify against the packing list.
2. Assemble the main frame of the cabinet according to the provided diagrams.
3. Install the adjustable shelf clips into the desired slots on the side panels.

- Place the shelves onto the installed clips, ensuring they are level and secure.
- Attach the door, selecting the desired opening direction (left or right) as per the instructions.
- Install the gold metal handle.
- Adjust the non-skid feet to level the cabinet on uneven surfaces.
- Secure the cabinet to the wall using the anti-tipping hardware.

6. OPERATING INSTRUCTIONS

Adjusting Shelves: The cabinet features 5 adjustable shelves. To adjust a shelf, first remove any items from it. Then, carefully remove the shelf from its current position. Reposition the shelf clips to the desired height along the side rails, ensuring all four clips are securely inserted into corresponding slots. Finally, place the shelf back onto the clips, verifying it is stable before loading items.

Reversible Door: The cabinet door can be installed to open from either the left or right side. This configuration is determined during the initial assembly process. If you wish to change the door's opening direction after assembly, you will need to partially disassemble and reassemble the door hinges and handle according to the detailed instructions in the assembly manual.

Magnetic Door Closure: The door is equipped with magnetic closures at both the top and bottom to ensure it stays securely closed when not in use, protecting your stored items.

7. MAINTENANCE

The Baborokic Tall Metal Storage Cabinet is constructed from cold-rolled steel with a powder coating and rust-resistant layers, making it durable and easy to maintain. To keep your cabinet in optimal condition:

- Wipe surfaces regularly with a soft, damp cloth to remove dust and dirt.
- Avoid using abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish and protective coatings.
- For stubborn stains, use a mild soap solution and immediately dry the surface thoroughly.
- Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.

8. TROUBLESHOOTING

Cabinet Appears Unstable:

- Ensure the adjustable feet at the base of the cabinet are properly leveled on the floor. Rotate the feet clockwise or counter-clockwise to achieve stability.
- For maximum stability, always utilize the included wall-anchoring hardware to secure the cabinet to a wall.

Door Not Closing Properly:

- Check if the magnetic closures at the top and bottom of the door are aligned with their corresponding plates on the cabinet frame. Adjust if necessary.
- Ensure the cabinet is level, as an unlevel cabinet can cause door misalignment.

Missing Parts or Assembly Difficulties:

- If you encounter missing accessories or have difficulty during installation, please contact our customer support team. Providing a picture of the issue can help our team analyze and assist you promptly.

9. SPECIFICATIONS
