SETUP AND ASSEMBLY

Assembly is required. It is recommended to have two people for easier assembly. Ensure you have adequate space to unpack and assemble the sofa.

Step-by-Step Assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Legs:** Securely attach the furniture legs to the bottom of each sofa and ottoman unit. Ensure they are tightened firmly.
3. **Connect Sofa Units:** For modular configurations, align the connectors on the sides of the sofa units and slide them together until they lock.
4. **Place Backrests and Armrests:** Insert the backrests and armrests into their designated slots on the sofa units. Ensure they are fully seated.
5. **Arrange Cushions:** Place the seat cushions, back cushions, and throw pillows onto the sofa. Note that cushions are vacuum-packed and may take 2-7 days to fully expand to their original shape. Gently fluffing them can aid in expansion.

- **Mild Detergent:** For stubborn spots, use a small amount of mild, water-free cleaning solvent or a dry-cleaning product. Test on an inconspicuous area first.
- **Avoid Excessive Moisture:** Do not saturate the fabric with water or cleaning solutions.

General Care:

- **Rotate Cushions:** Periodically rotate and fluff cushions to maintain their shape and even out wear.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading.

- **Keep Away from Heat Sources:** Position the sofa away from radiators, fireplaces, and other heat sources.
