Maintenance

To ensure the longevity and optimal performance of your Acouto M25 Digital Voice Recorder, please follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the device's screen and body. Avoid using abrasive cleaners, solvents, or aerosol sprays.
- **Storage:** Store the device in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. If storing for extended periods, charge the device to about 50% before storage.
- **Handling:** Handle the device with care to prevent drops or impacts, which can damage internal components or the screen.

Troubleshooting

If you encounter issues with your Acouto M25, please refer to the following common troubleshooting steps:

- **Device does not power on:**
  - Ensure the battery is charged. Connect the device to a power source and allow it to charge for at least 30 minutes before attempting to power on again.
  - Try a different charging cable or USB port.
- **No sound during playback:**
  - Check the volume level on the device.
  - Ensure earphones are properly connected or Bluetooth headphones are paired and connected.
  - Test with different earphones or speakers to rule out accessory issues.
- **Cannot record:**
  - Check available storage space. Delete unnecessary files or insert an expandable memory card.
  - Ensure the microphone is not obstructed.
- **Video files not playing:**
  - Verify that the video file format is AMV or AVI.
  - If the format is correct, the video may need to be converted using a compatible conversion tool.
