SETUP AND ASSEMBLY

Follow these steps carefully for safe and correct assembly of your vanity desk.

1. Unpacking and Inspection

- Carefully open the packaging and remove all components.
- Verify that all parts listed in the included assembly guide are present and undamaged. Contact customer support immediately if any parts are missing or damaged.
- Lay out all components on a soft, clean surface to prevent scratches.

2. Assembly Steps

Refer to the separate assembly instruction booklet provided with your product for detailed, step-by-step diagrams and hardware identification. General assembly tips include:

The integrated LED mirror offers customizable lighting to suit your needs:

- **Power On/Off:** Touch the power icon on the mirror surface to turn the lights on or off.
- **Adjust Lighting Mode:** Short press the touch control button to cycle through the three lighting modes: Cold White, Warm White, and Warm Yellow.
- **Adjust Brightness:** Long press the touch control button to smoothly adjust the brightness level from 0% to 100%. Release when desired brightness is achieved.

Charging Station Usage

The vanity desk includes a built-in charging station for your convenience:

- **AC Outlets:** Plug in your hair dryer, curling iron, or other small appliances into the two 125V/12A AC outlets.

- **USB Ports:** Use the two 5V/2A USB-A ports to charge your smartphone, tablet, or other USB-powered devices.
- Ensure the vanity desk is properly plugged into a wall outlet for the charging station to function.

MAINTENANCE

Proper care will help maintain the appearance and functionality of your vanity desk:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish or mirror.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors to clean the LED mirror. Spray cleaner onto a cloth, not directly onto the mirror, to prevent liquid from seeping into the electrical components.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If needed, clean any dust or debris from the tracks.

- **Electrical Components:** Ensure the power cord and plugs are free from damage. Do not attempt to repair electrical components yourself.
- **Avoid Overloading:** Do not place excessively heavy items on the shelves or in the drawers to prevent structural damage.

TROUBLESHOOTING

If you encounter issues with your vanity desk, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
LED mirror lights do not turn on.	Power cord not plugged in; loose connection; power outage.	Ensure the vanity is securely plugged into a working wall outlet. Check for loose connections at the back of the mirror. Verify power to the outlet.
Lights are dim or flickering.	Brightness setting too low; unstable power supply.	Long press the touch control to increase brightness. Try plugging into a different outlet.
Charging station (USB/AC outlets) not working.	Vanity not powered; device not properly connected.	Ensure the vanity is plugged in and the mirror lights are functional. Check if devices are securely plugged into the ports/outlets.
Drawers are stiff or difficult to open/close.	Debris in tracks; misaligned slides; overloaded drawer.	Clear any debris from drawer slides. Check if drawers are properly aligned on their tracks. Reduce the weight of items in the drawer.

If the problem persists after attempting these solutions, please contact customer support for further assistance.
